RE: FCC Warning Statements in User Manual, FCC-ID: UGB-UHI-BTIM

To Whom it May Concern:

The product launch is delayed for non technical reasons, and so is the User Manual as well.

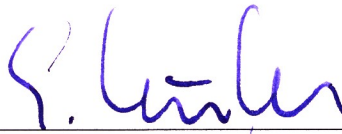

In order to complete the ongoing FCC approval process, this letter serves as a declaration, that we will add both FCC warning statements (based on FCC Part 15.19 and FCC Part 15.21) into the product User Manual before product launch.

Do not hesitate to contact me if you have any additional questions.

Thank you very much.
