ENGLISH

## GET TO KNOW YOUR DEVICE

1. Mic
2. ON/OFF

## PACKAGE CONTENTS

Portable wireless speaker  
USB cable  
User Manual

## ON/OFF

Slide ON/OFF switch to the right to power on. The blue light will come on.  
Slide ON/OFF switch to the left; the speaker will power off.

## WIRELESS CONNECTIVITY

Connect your wireless device typically by going to the 'Bluetooth' setting on your phone and search for Bluetooth devices 'TYPO METALLIC SPEAKER'. Once connected the blue light will go off which indicates it has been successful. If the blue light starts flashing, it means the connection is out of range.

## CHARGING

Connect the micro cable to speaker's micro port. Insert the other end to the USB port of a 5V charger. A red light is illuminated when charging and will switch off when full charge is reached.

## MANUAL STATEMENT

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: 1) this device may not cause harmful interference, and 2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

## FCC Radiation Exposure Statement

This device complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Where you see either symbol on any of our electrical products, batteries or packaging, it indicates that the relevant electrical product or battery should not be disposed of as general household waste in Europe. To ensure the correct waste treatment of the product and batteries, please dispose of them in accordance with any applicable local laws or requirements for disposal of electrical equipment/batteries. By disposing of batteries and electrical waste correctly, you will help to conserve natural resources and improve standards of environmental protection.
