Introduction

This user guide details the features of your Creative $ZEN^{\textcircled{R}}$ X-Fi3. Creative ZEN X-Fi3 is a music and video player, voice recorder, and FM radio, all rolled into one. It can also stream music output to $Bluetooth^{\textcircled{R}}$ compatible devices.

For setup and installation instructions, refer to the printed Quick Start leaflet that comes with your player.

Your Player at a Glance

This section introduces your player and its parts. Click the numbered labels for more information.

Turning Your Player On and Off

To turn on your player

■ Slide the Power/Lock switch to **U** and hold for a few seconds. The display screen lights up.

To turn off your player

■ Slide the Power/Lock switch to 🛡 and hold until the **Shutting down...** message appears.

Selecting Menus and Options

Your player has menus and options from which you can select. This section explains the difference between menus and options, and how to access them.

Menus are categories of content or player information. Examples of menus are **Music** and **System**.

Options are actions you can perform on a menu item. Examples of options are **EQ** and **Delete**.

When you turn on your player, you see the main menu. The main menu on your player leads to secondary menus called submenus. Submenus themselves can lead to other menus.

For more information, click the screen diagrams below.

Options

At any menu, press **=.** to view the available options.

To exit, press 🐟.

Selecting an item

- Press or to highlight a menu or option item.
 Press to select.

Locking Your Player

Locking your player disables the functions of all buttons on your player. Locking your player is useful when you do not want to accidentally activate functions on your player, such as when your player is in your pocket or bag.

To lock your player

■ Slide the Power/Lock switch to **a**.

To unlock your player

■ Slide the Power/Lock switch away from aback to its original position.

Playing and Managing Media Files

Ripping Music

When you rip music, you convert music tracks (often from CDs) into a format suitable for playback on your computer. You can rip music using applications such as **Windows Media**[®] **Player**. For more information, refer to the help that comes with the application.

Transferring Files to Your Player

You can use **Windows Explorer** or **Windows Media**[®] **Player** to transfer files from your computer to your player. For more information, refer to the help that comes with the application.

Warning:

Please ensure that you do not disconnect your player from your computer during file transfer.

To disconnect, click Safely Remove Hardware -> Safely Remove USB Mass Storage Device from the taskbar.

If you are using **Windows Media Player**, make sure that your contents are in personal folders specified under **Windows Media Player**, namely, **My Music, My Pictures**, and **My Videos**.

Playing and Managing Music Tracks

You can search for music tracks by album, artist or genre.

If you have combined tracks from various albums, and saved them as playlists, you can also search your tracks by playlist.

To play a music track

- 1. On the main menu, select **Music**.
- Select a category, such as Albums, Artists or Genres. If you want to search by track title, select All Tracks.
- 3. Select the track you want, and press **M**.

For effective searches, add the relevant media information (i.e. ID3 tags) to your tracks using an application such as **Windows**® **Media Player**.

Adjusting Volume

While a song or video is playing, press the + or - button at the right hand side of the player to increase or decrease the volume.

Shuffling and Repeating Tracks

- 1. On the main menu, select ${f Music}
 ightarrow {f Now Playing}$.
- 2. Press **=** followed by **>** .
- 3. Select one of the following options:
 - Normal

Plays your selected tracks in sequential order.

Track Once X1

Stops playing after the current track ends.

• Repeat Track — Repeats the current track.

Shuffle Repeat

Plays and repeats all selected tracks, in random order.

• Repeat All ↓

Repeats all selected tracks.

• Shuffle

Plays all selected tracks in random order, once only.

You can also access these options by pressing =. while playing a track.

Deleting a Track

To permanently delete a track from the player:

- 1. In the **Music** view, select **Albums**, **Artists**, **Genres** or **All Tracks** to locate the song you would like to delete.
- 2. Press and select **Delete**.
- 3. Press ►II.
- 4. Press **Å** or **▼** to highlight **Yes**.
- 5. To confirm the deletion, press **II**.

Being Your Own DJ

Instead of selecting tracks yourself, let your player's DJ pick out tracks for you.

- 1. On the main menu, select **DJ**.
- 2. Select one of the following:
 - Album of the Day Plays any album.
 - Random Play All

Plays all tracks, including your recorded tracks, in random order.

• Most Popular

Plays frequently played tracks.

• DJ List 01, DJ List 02 or DJ List 03

Plays user created list which is created on the player.

Creating a DJ List

You can use the **DJ List** function to create a list of your favourite songs on the player.

- 1. In the DJ view, select DJ List 01, DJ List 02 or DJ List 03 and press > I to go into the list.
- 2. Press = and select **Edit**. Once in the **All Tracks** menu, a list of all the songs available will be shown.
- 3. Use the A or V key to choose the song you would like to add to the current list. Press 🔰 to confirm selection and the selected song will be highlighted.
 - Repeat this action until you have chosen all the songs you want to play in the list.
- 4. Press **t** o return to the **DJ List** menu.
- 5. To start playing from the list, use A or V to go to the song you want to start playing from and press HI to start playing. Alternatively, you may also choose **Shuffle** to let the player randomly shuffle songs within the list.

Removing Songs from the DJ List

This action removes songs from the **DJ List** only and does not delete the songs from the player main memory.

- 1. In the **DJ List** view, press **=** and select **Edit**.
- 2. Once in the **All Tracks** menu, a list of all the songs available will be shown.
- 3. Use or to go to the highlighted song you want to remove. Press the lito unhighlight to remove the song from the DJ List. Repeat this action until you have chosen all the songs you want to remove from the list.
- 4. Press **t** o return to the **DJ List** menu.

Enhancing Audio Using X-Fi

Your player's X-Fi enhancement consists of 2 components, X-Fi Crystalizer and X-Fi Expand.

The X-Fi Crystalizer intelligently restores details that were lost during compression of audio files. It makes audio richer and clearer, delivering sound that is closer to the original quality.

X-Fi Expand technology virtually expands a conventional left/right earphone stereo source away from your ears, giving you a more acoustically natural sound staging in headphone audio. X-Fi Expand works best with your earphones or headphones.

- 1. On the main menu, press ► to select X-Fi. Use the △ or ▼ key to toggle between setting Crystalizer or Expand.
- 2. Once in the Setting Crystalizer or Expand mode, press **I** to toggle between ON or OFF of the effect and use the volume buttons **O** or OFF of the effect and use the volume buttons of the volume buttons or OFF of the effect and use the volume buttons or OFF of the effect and use the volume buttons of the volume butt
- 3. To exit, press .

- When using your player together with other X-Fi enhanced accessories, such as X-Fi headphones or external speakers, enable the X-Fi enhancements on either the player or the accessory only.
- The X-Fi feature can also be turned on/off from an item in the Music, Audible, FM or Video. For eg. select **Music** from the main menu, in the **Now Playing** list, press and select **X-Fi** from the list.

Using the ${\it Bluetooth}^{\it (R)}$ Wireless Feature

You can stream music from your player to ${\it Bluetooth}$ compatible speakers or headphones.

- Turning on *Bluetooth*
- Pairing with a *Bluetooth* Device
- Streaming Music to a *Bluetooth* Device
- Clearing the *Bluetooth* Device List

Turning on *Bluetooth*®

- 1. On the main menu, select ${f Bluetooth}
 ightarrow {f Bluetooth}
 ightarrow {f Bluetooth}$
- 2. Press **I** to switch to **Bluetooth ON**.

Pairing with a *Bluetooth*® Device

- 1. On the **Bluetooth** menu, select **Scan for devices**. A list of available *Bluetooth* devices appears.
- 2. Press **>** to select the desired *Bluetooth* device.
- 3. If you are prompted to enter a 4-digit code from compatible speakers and headphones, please key-in the code using the A or V buttons to scroll, and press III to confirm as directed by the manufacturer.
 - Press | when you have finish entering the 4-digit code.

Streaming Music to a *Bluetooth*® Device

- 1. In the **Now Playing**, **Audible**, **FM**, or **Videos** menu, press \blacksquare .
- 2. Use the ▲ or ▼ key to go to **Headphone**.
- 3. Press \blacktriangleright II to toggle Headphone \rightarrow Speaker \rightarrow BT Stream.
- 4. When **BT Stream** is selected, the audio output will now come out from the paired *Bluetooth* headphones or speakers.

• When streaming FM to a *Bluetooth* speaker or headphone, make sure you have connected wired earphones as they act as the antenna for radio reception.

Clearing the *Bluetooth*® Device List

- 1. On the **Bluetooth** menu, select **Clear ALL**.
- 2. Press **I** to clear the device list.

Playing Audible Files

- On the main menu, select **Audible**.
 The list of Audible files appears.
- 2. Select the file you want, and press ightharpoonup.
- 3. To delete a file, press = in the file list view and select **Delete**.

• For content purchased from audible.com, please use Audible Manager to manage your contents. Visit www.audible.com/sw to download Audible software.

Listening to the Radio

Your player saves FM radio stations as presets.

The FM frequency range on your player is set to "International" by default. Most regions in the world receive FM broadcasts in this range.

Performing an Autoscan and Autosave

- 1. Connect your earphones to the earphone jack. Your earphones act as an antenna and must be connected to your player for radio reception.
- 2. On the main menu, select **FM Radio**.
- 3. Press = and select Autoscan.
- 4. When prompted to start autoscan, select **Yes**.

You will be prompted to start autoscan if this is the first time you select **FM Radio** on the main menu.

Performing a Manual Scan

- 1. Connect your earphones to the earphone jack.
 Your earphones act as an antenna and must be connected to your player to receive radio signals.
- 2. On the main menu, select **FM Radio**.
- 3. Press , and then press to switch from **Preset Tuning** to **Manual Tuning**. On your display, the word 'preset' disappears.
- 4. Press and hold ▲ or ▼ to scan for the next available radio station.
 - Press ▲ or ▼ to fine-tune the frequency.
- 5. Press = and select Save as Preset.
- 6. Select an empty preset denoted by "--.- MHz".

 If you have selected an existing preset, you will be prompted to confirm that you want to replace the current preset.

Deleting Radio Presets

- 1. On the main menu, select **FM Radio**.
- 2. Select a preset.
- 3. Press = and select **Delete Preset**.

Viewing Your Presets

- 1. On the main menu, select **FM Radio**.
- Press ►II.

The list of presets appears.

Recording with the Built-in Microphone

- 1. On the main menu, select **Microphone**.
- 2. Place your player as close as possible to the source you are recording.
- 3. To start the recording, press **M**.
- 4. Press M again to stop and save the recording.
- 5. To start a new recording session, press **►II**.
- 6. To exit the recording and go to the main menu, press .

- The player automatically saves the recorded file into the **Recordings** folder as a track named "MIC", followed by the date and time of the recording (YYYY-MM-DD HH:MM:SS). For example, if you record a track on May 18, 2011 at 3:15 am, the track is named MIC 2011-05-18 03:15:00.
- You can split a long recording session into different files. While recording, press and select Split. Your player automatically saves the current recording and immediately starts a new one.

Playing Recordings

- 1. On the main menu, select **Recordings**.
- 2. Select the track you want. The track plays automatically.
- 3. Press to go to Recordings screen to select other recordings.

Viewing and Managing Photos

View photos individually, or as a slideshow, on your player.

To access the photos

- On the main menu, select **Photos**.
 A list of folders that are on your player appears.
 If your photos are not organized into folders, thumbnails will appear.
- 2. To select a folder, use the \(\text{a and } \) button to navigate, and press \(\text{II} \) to select. Once selected, the photos from that folder are displayed as thumbnails.
- 3. Use the ▲ and ▼ key to select a thumbnail. The photo appears in full screen.
- 4. You can do several things while viewing photos.

Press and select one of the following:

- **AV Out** to view the photos on the TV screen (cables sold separately).
- Slide Interval to change the duration of the slideshow interval.
 To stop the slideshow, press >II.
- **View Details** to display information about a photo, for eg. file size and dimensions.
- **Delete Folder** to delete a folder of pictures.

Playing and Managing Videos

To play videos on your player, you need to check that the file is in a format that is supported by the player, for eg. Windows Media Video 320x240 format.

You can transfer videos to your player by simply drag-and-drop. Grab your desired video file from Windows Explorer and drop it to the **My Videos** folder on the player.

For the most updated video formats supported by Zen X-Fi3, refer to the product specifications on http://www.creative.com.

Playing a Video

- 1. On the main menu, select **Videos**.
- 2. Select a video and press **III**.
- 3. To pause the video, press ►II. Press again to resume.
- 4. To exit the video playback, press ...
- 5. To rewind or fast-forward, press and hold ▼ or ▲. Release the buttons to resume playback.
- 6. While playing the video, you can adjust the volume.
- 7. You are able to do several things while playing videos.

Press **=** and select one of the following:

- AV Out to view the videos on the TV screen.
- **Delete** to remove the current video.
- **Headphone** \rightarrow **Speaker** \rightarrow **BT Stream** to switch the audio output between headphone, onboard speaker or *Bluetooth* wireless speaker respectively.

Deleting a Video

- 1. On the main menu, select **Videos**.
- 2. Select a video.
- 3. Press **=** and select **Delete**.
- 4. Press **I** to select **Yes**.

Playing a Video on TV

You can watch your player's video content on TV by connecting your player to your TV using the Creative Audio-Visual cable (cable sold separately).

For more information on the cable and other accessories, visit www.creative.com.

- 1. Connect the player to your TV via the cable.
- 2. On the player's menu, select **Videos**.
- 3. Select and play a video.
- 4. Press **=** and select **AV Out**. Press **>** and the video output shifts to the TV.
- 5. To return the video output to the player, press ...

Customizing Your Player

Setting the Menu Language

- 1. On the main menu, select $\mathbf{System} \rightarrow \mathbf{Language}$.
- 2. Select the language that you want.

Using Equalizer (EQ)

EQ is the player's collection of equalizer settings, which you can use to enhance the quality of your audio tracks. You can select an equalizer preset to suit the genre or style of your music.

To select an equalizer preset

- 1. On the main menu, select $Music \rightarrow Now Playing$.
- 2. Press = and select **EQ**.
- 3. Press MI repeatedly to cycle through the list of EQ menu options.
- 4. Press **t**o exit the Options menu.

The selected EQ menu option appears in the **Now Playing** view.

Setting the Display Brightness

- 1. On the main menu, select $\mathbf{System} \rightarrow \mathbf{Brightness}$.
- 2. Select the setting that you want.

Setting the Backlight Duration

- 1. On the main menu, select $\textbf{System} \rightarrow \textbf{Backlight Time}.$
- 2. Select the length of time that you want your player's backlight to be on before it dims.

Setting the Idle Shutdown Time

You can specify how long your player can remain inactive before it automatically shuts down. This feature helps you save battery power.

- 1. On the main menu, select $\mathbf{System} \rightarrow \mathbf{Idle\ Shutdown}$.
- 2. Select the setting that you want.

Using the Clock

To display the time, select **Time** on the main menu.

To set the date and time, see Setting the Date and Time.

To set the alarm, see $\underline{\text{Setting the Alarm}}.$

Setting the Date and Time

- On the main menu, select **Time**.
 The current date and time are displayed.
- 2. Press = and select **Set Time** or **Set Date**.
- 3. Press ▲ or ▼ to change the value of the field.
- 4. Press **I** to set the value. The cursor will move to the next field.
- 5. To exit, press ...

Setting the Alarm

- 1. On the main menu, select **Time**.
- 2. Press = and select Alarm.
- 3. Use **I** to toggle between Alarm ON / OFF.
- 4. Next, go to **Time** option and press **>!**.
- 5. Use the 🛦 or V button to change the alarm time and also the 💵 to change between Hour, Minutes and AM / PM settings. To exit, press
- 6. Go to the schedule and use the 🔰 to toggle the schedule you require. You can choose between one time, weekdays, weekends, or daily.
- 7. Go to the Audio and choose one of the preset tones available.

Resetting Your Player

You can reset your player to its original settings.

On the main menu, select $\mathbf{System} \rightarrow \mathbf{Reset} \ \mathbf{Settings}.$

Safety and Regulatory Information for Zen X-Fi 3

The following sections contain notices for various countries.

CAUTION: This product is intended for use with FCC/CE certified computer equipment. Please check the equipment operating/installation manual and/or with the equipment manufacturer to verify/confirm if your equipment is suitable prior to the installation or use of the product.

Notice for the USA

Federal Communication Commission (FCC) Interference Statement

FCC Part 15: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- This device may not cause harmful interference, and
- This device must accept any interference received, including interference that may cause undesired operation.

CAUTION: To comply with the limits of the Class B digital device, pursuant to Part 15 of the FCC Rules, this device must be installed with computer equipment certified to comply with Class B limits.

All cables used to connect to the computer and peripherals must be shielded and grounded. Operation with non-certified computers or non-shielded cables may results in interference to radio or television reception.

MODIFICATION: Any changes or modifications not expressly approved by the grantee of this device could void the user's authority to operate the device.

Federal Communication Commission (FCC) Radiation Exposure Statement

Power is so low that no RF exposure calculation is needed.

DECLARATION OF CONFORMITY

Manufacturer/Importer's Name: **Creative Labs, Inc.**

Manufacturer/Importer's Address: **1901 McCarthy Boulevard**

Milpitas, CA. 95035 United States

Tel: (408) 428-6600

declares under its sole responsibility that the product

Trade Name:

Creative Labs

Model Number:

DVP-FL0019

has been tested according to the FCC/CISPR22 requirement for Class B devices and found compliant with the following standards:

EMI/EMC: ANSI C63.4, FCC Part 15 Subpart B & C

Complies with Canadian ICES-003 Class B and RSS-210 Standards

This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- 1. This device may not cause harmful interference, and
- 2. This device must accept any interference received, including interference that may cause undesirable operation.

Ce matériel est conforme à la section 15 des régles FCC.

Son Fonctionnement est soumis aux deux conditions suivantes:

- 1. Le matériel ne peut être source D'interférences et
- 2. Doit accepter toutes les interférences reques, Y compris celles pouvant provoquer un fonctionnement indésirable.

Compliance Manager Creative Labs, Inc. Oct 21, 2011

California Proposition 65 Statement

WARNING: Handling this product may expose you to chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

Wash hands after handling.

Explanatory Note: California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65) requires special product labeling for products containing certain chemicals known to the State of California to cause cancer, birth defects or other reproductive harm. Creative has chosen to provide a warning based on its knowledge about the presence of one or more listed chemicals without attempting to evaluate the level of exposure. With Creative's products, the exposure may be below the Proposition 65 level of concern, or could even be zero. However, out of an abundance of caution, Creative has elected to place the Proposition 65 warning on its products.

Déclaration de la Proposition 65 de la Californie

AVERTISSEMENT: La manipulation de ce produit peut vous exposer à des produits chimiques qui sont reconnus par l'État de la Californie comme pouvant provoquer le cancer, des anomalies congénitales ou d'autres effets nuisibles à la reproduction.

Veuillez vous laver les mains après l'avoir manipuler.

Note explicative: La Proposition 65 (California Safe Drinking Water and Toxic Enforcement Act of 1986) de la Californie sur les matières dangereuses et l'eau potable exige un étiquetage spécial pour les produits contenant certains produits chimiques qui sont reconnus par l'État de la Californie comme pouvant provoquer le cancer, des anomalies congénitales ou d'autres effets nuisibles à la reproduction. Creative a choisi d'inclure une mise en garde s'appuyant sur sa connaissance de la présence d'un ou de plusieurs de ces produits chimiques sans essayer d'en évaluer le niveau d'exposition. Pour les produits de Creative, le niveau d'exposition peut être inférieur au niveau critique établi par la Proposition 65 ou même être nul. Néanmoins, par souci extrême de prudence, Creative a choisi de placer l'avertissement de la Proposition 65 sur ses produits.

Notice for Canada

This Class B digital apparatus complies with Canadian ICES-003 and RSS-210.

Cet appareil numérique de classe B est conforme aux normes canadiennes NMB-003 et CNR-210.

This device complies with Industry Canada licence-exempt RSS standard.

Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesirable operation.

Cet appareil est conforme avec Industrie Canada RSS standard exempts de licence.

Son Fonctionnement est soumis aux deux conditions suivantes :

- (1) Le matériel ne peut être source D'interférences et
- (2) Doit accepter toutes les interférences reques, Y compris celles pouvant provoquer un fonctionnement indésirable.

CANADIAN CLASS B STATEMENT: This digital device does not exceed the Class B limits for radio noise emissions from digital apparatus as set out in the interference-causing equipment standard entitled "Digital Apparatus," ICES-003 of the Department of Communications.

Cet appareil numerique respecte les limites de bruits radioelectriques applicables aux appareils numeriques de Classe B prescrites dans la norme sur le materiel brouilleur: "Appareils Numeriques," NMB-003 edictee par le ministre des Communications.

MODIFICATION: Any changes or modifications not expressly approved by the grantee of this device could void the user's authority to operate the device.

Toute modification non approuvée explicitement par le fournisseur de licence de l'appareil peut entraîner l'annulation du droit de l'utilisateur à utiliser l'appareil.

European Compliance

This product conforms to the following:

EMC Directive 2004/108/EC.

Mains operated products for the European market comply with Low Voltage Directive 2006/95/EC and Commission Regulation(s) Implementing Directive (2005/32/EC).

Communication / RF wireless products for the European market comply with R&TTE Directive 1999/5/EC.

CAUTION: To comply with the Europe CE requirement, this device must be installed with CE certified computer equipment which meet with Class B limits.

All cables used to connect this device must be shielded, grounded and no longer than 3m in length. Operation with non-certified computers or incorrect cables may result in interference to other devices or undesired effects to the product.

MODIFICATION: Any changes or modifications not expressly approved by Creative Technology Limited or one of its affiliated companies could void the user's warranty and guarantee rights.

WEEE Statement

The use of the WEEE Symbol indicates that this product may not be treated as household waste. By ensuring this product is disposed of correctly, you will help protect the environment. For more detailed information about the recycling of this product, please contact your local authority, your household waste disposal service provider or the shop where you purchased the product.

Batteries Directive 2006/66/EC

FOR REMOVABLE BATTERY (Li-ion/polymer, button/coin cells, cylindrical cells)

This product contains one or more of the above removable batteries. The crossed-out wheeled bin symbol indicates that the battery in this product should not be treated as unsorted municipal waste upon reaching its end of life. Instead it should be taken to separate collection and recycling schemes. Batteries containing heavy metal content will have a two-letter symbol for the chemical under the crossed-out wheeled bin symbol. 'Cd' stands for cadmium, 'Pb' for lead, and 'Hg' for mercury. You can help the environment and avoid public health hazards by recycling the battery at an authorized recycling facility or the place of purchase. To find the nearest authorized recycle centre contact your local authority. Instructions for removing the battery can be found in the product user manual. The instructions should be followed carefully before attempting to remove the battery.

FOR INTEGRATED BATTERY

This product contains a Lithium ion/polymer battery that should only be removed by an authorized recycling centre. By recycling this product at your local authorized recycling centre or the place of purchase, the battery will be removed and recycled separately.

PL: Firma Creative Technology Ltd. niniejszym oświadcza, że urządzenie bezprzewodowe jest zgodne z podstawowymi wymaganiami i innymi właściwymi postanowieniami dyrektywy 1999/5/WE.

CZ: Creative Technology Ltd. tímto potvrzuje, že bezdrátové zařízení splňuje podstatné požadavky a jiné závazné předpisy Direktivy 1999/5/EC.

HU: A Creative Technology Ltd. kijelenti, hogy ez a vezeték nélküli készülék megfelel az 1999/5/EK számú direktíva alapvető követelményeinek és egyéb releváns elvárásainak.

EL: Με το παρόν, η Creative Technology Ltd, δηλώνει ότι αυτή η ασύρματη συσκευή συμμορφώνεται με τις βασικές προδιαγραφές και τις λοιπές σχετικές προϋποθέσεις της οδηγίας 1999/5/EC.

LT: "Creative Technology Ltd." skelbia, kad šis belaidis prietaisas atitinka esminius direktyvos 1999/5/EB reikalavimus ir kitas susijusias jos nuostatas.

SK: Spoločnosť Creative Technology Ltd. týmto deklaruje, že toto bezdrôtové zariadenie je v súlade so základnými požiadavkami a ostatnými relevantnými ustanoveniami Nariadenia 1999/5/EC.

Notice for Japan

Recycling Rechargeable Battery

Li-ior

Lithium rechargeable battery is a resource that can be recycled.

- For recycling of embedded lithium rechargeable batteries inside Creative products, please do not attempt to remove the battery from the device. For recycling information and instruction, please go to Creative Media K K customer support at http://jp-.creative.com/support/contact/ (in Japanese)
- For recycling of replaceable (removable) lithium rechargeable batteries:

注意事項

- It is recommended to remove the rechargeable batteries when they are fully discharged.
- o Precaution needs to be taken on metal parts of the battery by covering them with isolation materials such as scotch tape.
- Refer to the homepage of JBRC for information on recycling and recovery of rechargeable batteries and supporting shops. (http://www.jbrc.com/)

Notice for Australia and New Zealand

This product complies with the requirements of the ACMA Radiocommunications (Electromagnetic Compatibility) Standard 2008.

Notice for Singapore

Complies with IDA Standards DB00148

Notice for Taiwan

敬告使用者:

- 1. 本產品使用時,不致造成違反低功率電波輻射性電機管理辦法之控制、調整及開關之使用方法。
- 2. 本產品不得任意調整更改各項零件或對於發射之功率影響之作為,若有操作問題請與本公司人員聯繫;並由本公司負起監督及維修之責任。
- 3. 根據交通部低功率電波輻射性電機管理辦法規定:

第十二條

經型式認證合格之低功率射頻電機,非經許可,公司、商號或使用者均不得擅自變更頻率、加大功率或變更

原設計之特性及功能。

第十四條

低功率射頻電機之使用不得影響飛航安全及干擾合法通信;經發現有干擾現象時,應立即停用,並改善至 無干擾時方得繼續使用。

前項合法通信,指依電信法規定作業之無線電通信。

低功率射頻電機須忍受合法通信或工業、科學及醫療用電波輻射性電機設備之干擾。

(가정용 방송통신기자재)

이 기기는 가정용(B급) 전자파적합기기로서 주로 가정에서 사용하는 것을 목적으로 하며, 모든 지역에서 사용할 수 있습니다.

Notice for France

IMPORTANT — A LIRE AVEC ATTENTION:

Ecouter de manière prolongée, à un très haut volume sonore de la musique (au dessus de 80 decibels), au moyen d'un casque ou d'écouteurs, peut entraîner une détérioration irreversible et définitive de vos facultés auditives. L'usage répété et habituel d'un casque ou d'écouteurs à un niveau de volume sonore trop élevé peut donner l'impression à l'utilisateur que le volume sonore émis par l'appareil n'est pas suffisant. L'utilisateur sera tenté d'augmenter, petit à petit, son réglage habituel, risquant ainsi d'atteindre un niveau dangereux pour ses oreilles. Afin de protéger votre santé, et vos oreilles, veillez à maintenir le volume de la sortie casque de votre appareil à un niveau adapté et à interrompre son utilisation régulièrement et particulièrement si des symptômes, comme des troubles de l'ouïe, se manifestent.

N'utilisez pas le casque ou les écouteurs pendant la conduite d'une voiture, d'une bicyclette ou de tout autre véhicule motorisé, afin d'éviter tout accident de le circulation. En outre, il est interdit dans certains pays d'utiliser un casque ou des écouteurs en conduisant. Il peut être également dangereux d'écouter à volume élevé tout en marchant, spécialement aux passages piétons. Soyez toujours extrêment prudent et cessez d'utiliser cet appareil dans les situations présentant des risques d'accident.

Evitez d'utiliser le casque ou les écouteurs à volume élevé. Les médecins spécialistes de l'audition déconseillent une écoute continue à volume trop élevé. Si vous percevez un sifflement dans les oreilles, réduisez le volume ou cessez l'écoute.

Maintenez un volume d'écoute modéré. Vous pourrez ainsi entendre les sons extérieurs et être attentif aux gens qui vous entourent.

Votre produit Creative accompagné des écouteurs fournis, est conforme à la règlementation française concernant les baladeurs musicaux (Arrêté du 24 Juillet 1998). Les caractéristiques techniques de ces écouteurs se trouvent dans le manuel en ligne et/ou sur le site internet de Creative. Si vous choisissez d'utiliser un autre casque ou d'autres écouteurs, veuillez vous assurer au préalable que leurs caractéristiques techniques soient les mêmes.

Ukraine RoHS Statement

Обладнання відповідає вимогам Технічного регламенту щодо обмеження використання деяких небезпечних речовин в електричному та електронному обладнанні, затвердженого постановою Кабінету Міністрів України від 3 грудня 2008 № 1057

Turkey RoHS Statement

Safety Information

Refer to the following information to use your product safely, and to reduce the chance of electric shock, short-circuiting, damage, fire, hearing impairment or other hazards. Improper handling may void the warranty for your product. For more information, read the warranty available with your product.

- Do not dismantle or attempt to repair your product.
 - Refer all servicing to authorized repair agents.
- Do not expose your product to temperatures outside the range of 0°C to 45°C (32°F to 113°F).
- Do not pierce, crush or set fire to your product.
- Keep your product away from strong magnetic objects.
- Do not subject your product to excessive force or impact.
- Do not expose your product to water or moisture.
 - If your product is moisture-resistant, take care not to immerse your product in water or expose it to rain.
- The socket outlet shall be installed near the equipment and shall be easily accessible.

Earphones

- When a conductive apparatus such as earphones, is used in close proximity with a CRT television or CRT monitor, the latter may emit an electrostatic discharge. This electrostatic discharge can be felt as a static shock. While this static shock is usually harmless, it is good practice to avoid close contact with CRT devices when using earphones.
- Do not listen to audio on your earbuds or headphones at high volume for prolonged periods of time as hearing loss may result. For users in the United States, go to www.hei.org for more information.
- Do not listen to your audio device at high volume when driving, cycling or crossing the road, especially in heavy traffic, or in any other traffic condition where such use will hinder safe travel on the roads. We recommend that consumers be extremely cautious when using this device on the road.

Embedded Battery

- Do not attempt to remove the embedded battery.

 The product must be disposed of according to local environmental regulations. To replace the battery, return your product to your regional support office. For product service information, go to www.creative.com.
- Do not expose to excessive heat such as sunlight, fire or the like.
 CAUTION: Risk of explosion if battery is replaced by incorrect types.

Bluetooth Device

- The short wave radio frequency signals of a *Bluetooth* device may impair the operation of other electronic and medical devices.
- Switch off the device where it is prohibited. Do not use the device in medical facilities, aircraft, refueling points, close to automatic doors, automatic fire alarms or other automatically controlled devices.
- Keep this device at least 20 cm from pacemakers and other medical devices. Radio waves may impair the operation of pacemakers and other medical devices.

Avoiding Hearing Damage

Permanent hearing loss may occur if the player is used at high volume. Set the volume to a safe level. You can adapt over time to a higher volume of sound that may sound normal but can be damaging to your hearing. If you experience ringing in your ears or muffled speech, stop listening and have your hearing checked. The louder the volume, the less time is required before your hearing could be affected. Hearing experts suggest that to protect your hearing:

- Limit the amount of time you use the player at high volume.
- Avoid turning up the volume to block out noisy surroundings.
- Turn the volume down if you can't hear people speaking near you.
