

Safety And Regulatory Information

Safety & Regulatory Information

The following sections contain notices for various countries:

Caution

This product is intended for use with FCC/CE certified computer equipment. Please check the equipment operating/installation manual and/or with the equipment manufacturer to verify/confirm if your equipment is suitable prior to the installation or use of the product.

Notice for USA

FCC Part 15: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

Caution

To comply with the limits of the Class B digital device, pursuant to Part 15 of the FCC Rules, this device must be installed with computer equipment certified to comply with Class B limits. All cables used to connect to the computer and peripherals must be shielded and grounded. Operation with non-shielded computers or non-shielded cables may result in interference to radio or television reception.

Federal Communication Commission (FCC) Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Modification

Any changes or modifications not expressly approved by the grantee of this device could void the user's authority to operate the device.

Notice for Canada

This Class B digital apparatus complies with Canadian ICES-003. Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesirable operation.

Son Fonctionnement est soumis aux deux conditions suivantes :
(1) Le matériel ne peut être source d'interférences et
(2) Doit accepter toutes les interférences reçues, Y compris celles pouvant provoquer un fonctionnement indésirable.

Canadian Class B Statement

This digital device does not exceed the Class B limits for radio noise emissions from digital apparatus as set out in the interference-causing equipment standard entitled "Digital Apparatus," ICES-003 of the Department of Communications.

Cet appareil numérique respecte les limites de bruits radioélectriques applicables aux appareils numériques de Classe B prescrites dans la norme sur le matériel brouilleur: "Appareils Numériques," NMB-003 édictée par le ministre des Communications.

MODIFICATION:

Any changes or modifications not expressly approved by the grantee of this device could void the user's authority to operate the device. Toute modification non approuvée explicitement par le fournisseur de licence de l'appareil peut entraîner l'annulation du droit de l'utilisateur à utiliser l'appareil.

State of California Proposition 65:

WARNING: Handling this product may expose you to chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. Wash hands after handling.

Explanatory Note

California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65) requires special product labeling for products containing certain chemicals known to the State of California to cause cancer, birth defects or other reproductive harm. Creative has chosen to provide a warning based on its knowledge about the presence of one or more listed chemicals without attempting to evaluate the level of exposure. With Creative's products, the exposure may be below the Proposition 65 level of concern, or could even be zero. However, due to an abundance of caution, Creative has elected to place the Proposition 65 warning on its products.

Wireless Device

Switch off the device where it is prohibited, or when its use may cause danger or interference such as inside an aircraft, hospitals, or near refueling points.

Périphérique sans fil

Éteignez le périphérique lorsqu'il est interdit ou lorsque son utilisation peut entraîner un danger ou des interférences, comme dans un avion, un hôpital ou près de postes d'avitaillement.

Declaration Of Conformity

Manufacturer / Importer's Name: **Creative Labs, Inc.**
Manufacturer / Importer's Address: **1901 McCarthy Boulevard
Milpitas, CA, 95035
United States
Tel: (408) 428-6600**

declares under its sole responsibility that the product
Trade Name: **Zii Sound**
Model Numbers: **MF0390**

has been tested according to the FCC/CISPR22/97 requirement for class B devices and found compliant with the following standards:

**EM/EMC: ANSI C63.4 2003, FCC Part 15 Subpart B & C
Complies with Canadian ICES-003 Class B & RSS-210 Standards**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesirable operation.

Ce matériel est conforme à la section 15 des règles FCC. Son Fonctionnement est soumis aux deux conditions suivantes:
1. Le matériel ne peut être source d'interférences et
2. Doit accepter toutes les interférences reçues, Y compris celles pouvant provoquer un fonctionnement indésirable.

Specifications

Creative Inspire S2 Wireless

Satellite speaker:
7 watts RMS per channel
Subwoofer:
19 watts RMS
Signal-to-Noise Ratio:
75dB
Frequency Response:
40Hz - 20kHz
Bluetooth Version:
Bluetooth 2.0 + EDR
Frequency:
2.4GHz
Supported Bluetooth profiles:
• **A2DP (Advanced Audio Distribution Profile)**
• **AVRCP (Audio/Video Remote Control Profile)**
Operating Range:
Up to 10 meters*

* Measured in open space. Walls and structures may affect range of device.

These specifications apply to Creative Inspire S2 operating from the supplied 15V DC 3.5A universal power adapter.

Note: Microwaves emitting from a Bluetooth device may affect the operations of other devices. Switch off the device where it is prohibited, or when its use may cause danger or interference such as inside an aircraft, hospitals or near refueling points. We are not responsible for any leakage of information or data during wireless transmission.

Spécifications

Creative Inspire S2 Wireless

Haut-parleur satellite:
7 watts RMS par canal
Caisson de basse:
19 watts RMS
Rapport signal/bruit:
75dB
Réponse en fréquence:
40Hz - 20kHz
Bluetooth Version:
Bluetooth 2.0 + EDR
Fréquence:
2.4GHz
Supported Bluetooth profiles:
• **A2DP (Advanced Audio Distribution Profile)**
• **AVRCP (Audio/Video Remote Control Profile)**
Operating Range:
Up to 10 meters*

* Measured in open space. Walls and structures may affect range of device.

Ces spécifications s'appliquent au modèle Creative Inspire S2 Wireless fonctionnant avec la prise d'alimentation 14V DC 1.9A fournie.

Note: Microwaves emitting from a Bluetooth device may affect the operations of other devices. Switch off the device where it is prohibited, or when its use may cause danger or interference such as inside an aircraft, hospitals or near refueling points. We are not responsible for any leakage of information or data during wireless transmission.

Technische Daten

Creative Inspire S2 Wireless

Satellitenlautsprecher:
7 Watt RMS pro Kanal
Subwoofer:
19 Watt RMS
Rauschabstand:
75dB
Frequenzgang:
40Hz bis 20kHz
Bluetooth Version:
Bluetooth 2.0 + EDR
Frequenz:
2.4GHz
Supported Bluetooth profiles:
• **A2DP (Advanced Audio Distribution Profile)**
• **AVRCP (Audio/Video Remote Control Profile)**
Operating Range:
Up to 10 meters*

* Measured in open space. Walls and structures may affect range of device.

Diese technischen Daten treffen auf das Inspire S2 Wireless zu, das von dem mitgelieferten Netzadapter (14V Wechselstrom 1.9A) betrieben wird.

Note: Microwaves emitting from a Bluetooth device may affect the operations of other devices. Switch off the device where it is prohibited, or when its use may cause danger or interference such as inside an aircraft, hospitals or near refueling points. We are not responsible for any leakage of information or data during wireless transmission.

Specifiche tecniche

Creative Inspire S2 Wireless

Altoparlante satellite:
7 Watt RMS per canale
Subwoofer:
19 Watt RMS
Rapporto segnale-rumore (SNR): **75dB**
Risposta in frequenza:
da 40Hz a 20kHz
Bluetooth Version:
Bluetooth 2.0 + EDR
Frequenza:
2.4GHz
Supported Bluetooth profiles:
• **A2DP (Advanced Audio Distribution Profile)**
• **AVRCP (Audio/Video Remote Control Profile)**
Operating Range:
Up to 10 meters*

* Measured in open space. Walls and structures may affect range of device.

Queste specifiche si riferiscono al modello Creative Inspire S2 Wireless alimentato con l'adattatore di corrente 14V DC 1.9A fornito.

Note: Microwaves emitting from a Bluetooth device may affect the operations of other devices. Switch off the device where it is prohibited, or when its use may cause danger or interference such as inside an aircraft, hospitals or near refueling points. We are not responsible for any leakage of information or data during wireless transmission.

Especificaciones

Creative Inspire S2 Wireless

Altavoz auxiliar:
7 vatios RMS por canal
Subwoofer:
19 vatios RMS
Relación señal a ruido:
75dB
Respuesta en frecuencia:
40Hz a 20kHz
Bluetooth Version:
Bluetooth 2.0 + EDR
Frecuencia:
2.4GHz
Supported Bluetooth profiles:
• **A2DP (Advanced Audio Distribution Profile)**
• **AVRCP (Audio/Video Remote Control Profile)**
Operating Range:
Up to 10 meters*

* Measured in open space. Walls and structures may affect range of device.

Estas especificaciones se aplican para el uso del Creative Inspire S2 Wireless con el adaptador de alimentación suministrado de 14V DC 1.9A.

Note: Microwaves emitting from a Bluetooth device may affect the operations of other devices. Switch off the device where it is prohibited, or when its use may cause danger or interference such as inside an aircraft, hospitals or near refueling points. We are not responsible for any leakage of information or data during wireless transmission.

Specificaties

Creative Inspire S2 Wireless

Altafvozluspreker:
7 Watt RMS per kanaal
Subwoofer:
19 Watt RMS
Signaal/ruisverhouding:
75dB
Frequentiebereik:
40Hz tot 20kHz
Bluetooth Version:
Bluetooth 2.0 + EDR
Frequentie:
2.4GHz
Supported Bluetooth profiles:
• **A2DP (Advanced Audio Distribution Profile)**
• **AVRCP (Audio/Video Remote Control Profile)**
Operating Range:
Up to 10 meters*

* Measured in open space. Walls and structures may affect range of device.

Deze specificaties hebben betrekking op de Creative Inspire S2 Wireless in combinatie met de meegeleverde voedingadapter 14V DC 1.9A.

Note: Microwaves emitting from a Bluetooth device may affect the operations of other devices. Switch off the device where it is prohibited, or when its use may cause danger or interference such as inside an aircraft, hospitals or near refueling points. We are not responsible for any leakage of information or data during wireless transmission.
