## Safety Instructions

- Please read the following before using Creative products:-
- Use a Mains plug that is appropriate for your country or region.
  - To be completely disconnected from the power input, the mains plug has to be disconnected/detached from the mains.
  - Disconnect the mains plug when the device is expected to be unused for several days.

### Additional guidelines for *Bluetooth*® devices

- The short wave radio frequency signals of a *Bluetooth* device may impair the operation of other electronic and medical devices
- Switch off the device where it is prohibited. Do not use the device in medical facilities, aircraft, refueling points, close to automatic doors, automatic fire alarms or other automatically controlled devices
- Keep this device at least 20 cm from pacemakers and other medical devices. Radio waves may impair the operation of pacemakers and other medical devices

The following sections contain notices for various countries:  
**CAUTION:** This product is intended for use with FCC/CE certified computer equipment. Please check the equipment operating/installation manual and/or with the equipment manufacturer to verify/confirm if your equipment is suitable prior to the installation or use of the product.

**Federal Communication Commission (FCC) Interference Statement Notice for USA FCC Part 15:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- This device may not cause harmful interference, and
- This device must accept any interference received, including interference that may cause undesired operation.

**CAUTION:** To comply with the limits of the Class B digital device, pursuant to Part 15 of the FCC Rules, this device must be installed with computer equipment certified to comply with Class B limits.

All cables used to connect to the computer and peripherals must be shielded and grounded. Operation with non-certified computers or non-shielded cables may result in interference to radio or television reception.

**MODIFICATION:** Any changes or modifications not expressly approved by the grantee of this device could void the user’s authority to operate the device.

**Federal Communication Commission (FCC) Radiation Exposure Statement** This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

#### Notice for Canada

This Class B digital apparatus complies with Canadian ICES-003 and RSS-247. Cet appareil numérique de classe B est conforme aux normes canadiennes NMB-003 et CNR-247. This device complies with Industry Canada licence-exempt RSS standard. Operation is subject to the following two conditions:

- This device may not cause harmful interference, and
- This device must accept any interference received, includinginterference that may cause undesirable operation. Cet appareil est conforme avec Industrie Canada RSS standard exempts de licence. Son Fonctionnement est soumis aux deux conditions suivantes :
  - Le matériel ne peut être source D’interférences et
  - Doit accepter toutes les interférences reques, Y compris celles pouvant provoquer un fonctionnement indésirable.

## Technical Specifications

<b>Bluetooth Version</b> <i>Bluetooth</i> 4.0
<b>Operating Frequency:</b> 2402 - 2480 MHz
<b>Supported <i>Bluetooth</i> profiles*:</b> A2DP (Wireless Stereo <i>Bluetooth</i> )
<b>Supported Codec:</b> SBC
<b>Operating Range:</b> Up to 10 meters measured in open space. Walls and structures may affect range of device.
<b>Device Operating Temperature range<span> </span>:</b> 0°C to 45°C
<b>▲ Power Adapter Information</b> <b>Brand:</b> Creative <b>Model Number:</b> GPE125-130100-Z <b>Input:</b> 100-240VAC 50/60Hz 0.4A <b>Output:</b> 13VDC 1A

Or

**▲ Power Adapter Information**  
**Model Number:** FJ-SW1301000N  
**Input:** 100-240VAC 50/60Hz 0.6A  
**Output:** 13VDC 1A

Note: Compliance markings are located on the bottom of this product.

\* Refer to your *Bluetooth* device (notebook<sup>1</sup>, PC<sup>1</sup>, mobile device<sup>2</sup>) manufacturer’s documentation/website for supported profiles.

- Compatible with PC (Windows XP/Vista/7/8), Apple Macintosh equipped with *Bluetooth* wireless stereo
- Compatible with most major brands of *Bluetooth* A2DP enabled mobile phones including (iPhone, Windows Mobile and Android phone)

#### Compatibility Disclaimer

Wireless performance is dependent on your device’s *Bluetooth* wireless technology. Refer to your device manufacturer’s manual. Creative will not be liable for any loss of data or leakage resulting from the use of these devices.

#### Product Registration

Registering your product ensures you receive the most appropriate service and product support available. You can register your during installation of at http://www.creative.com/register. Please note that your warranty rights are not dependent on registration.

**The Creative T15 Wireless cannot be powered ON. What should I do?**

- Ensure the connection of the power adapter to the AC cord is firmly attached and connected to the speaker with the mains ON.
- Ensure that the Power/Volume Switch knob is in the On position by turning in the clockwise direction. When the unit is turned on, there will be light in the LED Status Indicator.

**There’s no *Bluetooth* link between my device and the Creative T15 wireless. What should I do?**
Ensure that your *Bluetooth* enabled device supports A2DP profile, refer to its user’s manual on how to enable (turn on) the *Bluetooth* functions and capabilities. You may try the following:

- Delete the Creative T15 Wireless name entry from your *Bluetooth* device paired memory list and perform the steps in **Section 2 (Enjoy audio from *Bluetooth* devices)** to re-pair your device with Creative T15 Wireless.
- Position them within 1 meter or closer to each other if you are experience pairing difficulties
- Ensure that both your *Bluetooth* device and Creative T15 Wireless are not connected to any other devices
- On some *Bluetooth* device, you may need to select Creative T15 Wireless as your default output device after pairing is complete\*\*

***Bluetooth* link is established and paired between the devices but there’s no music.**

#### What should I do?

\*\*With some built-in *Bluetooth* enable computers, 3rd party USB *Bluetooth* dongles or other devices, you may be required to manually specify/ setup the audio output as Creative T15 Wireless, e.g., (under sound and audio devices section on your computer’s operating system) Please consult your manufacturer’s documentation for further information.

**CANADIAN CLASS B STATEMENT:** This digital device does not exceed the Class B limits for radio noise emissions from digital apparatus as set out in the interference-causing equipment standard entitled "Digital Apparatus," ICES-003 of the Department of Communications. Cet appareil numérique respecte les limites de bruits radioélectriques applicables aux appareils numériques de Classe B prescrites dans la norme sur le matériel brouilleur: "Appareils Numériques," NMB-003 edictee par le ministre des Communications.

**Caution: Exposure to Radio Frequency Radiation.**

To comply with RSS 102 RF exposure compliance requirements, a separation distance of at least 20 cm must be maintained between the antenna of this device and all persons.Pour se conformer aux exigences de conformité CNR 10
