

*hello*

assurelink™

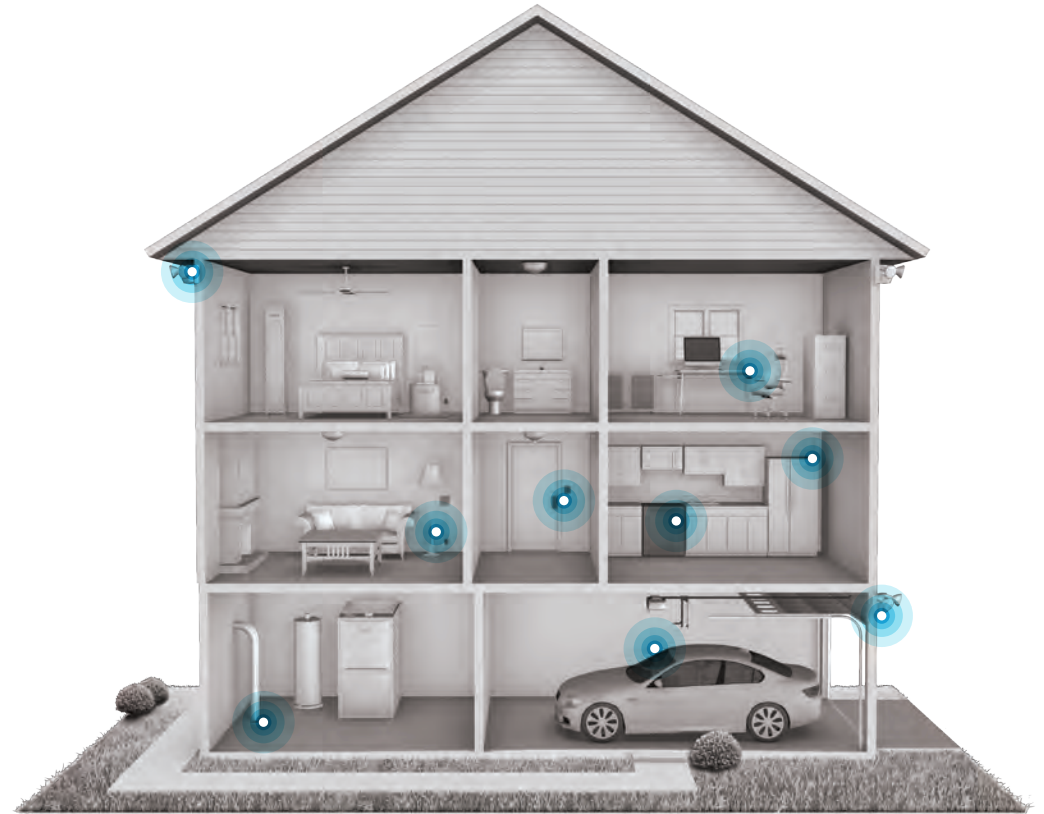

Quick Start Guide  
Assurelink™ Gateway

*The Assurelink™ Gateway **links** your Assurelink-compatible products, receiving and sending **information** from them to keep you conveniently **informed** and in **control**.*

Assurelink<sup>SM</sup> connectivity **transforms** your relationship with your home. You can **personalize** the way Assurelink-compatible products operate based on your schedule and daily routines, making life **easier** and providing greater peace of mind. It does this by letting you **link** with and manage your Assurelink-compatible products from trusted brands on one app, via a smartphone, tablet or computer.

*let's link*

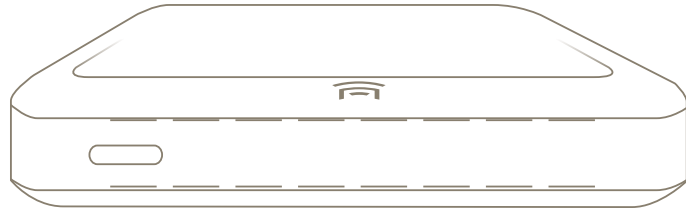

*To get started,  
all you need is your  
Assurelink™ Gateway and  
smartphone, tablet or computer.*

*It's easy!*

## 1 What's in the box?

Assurelink™ Gateway

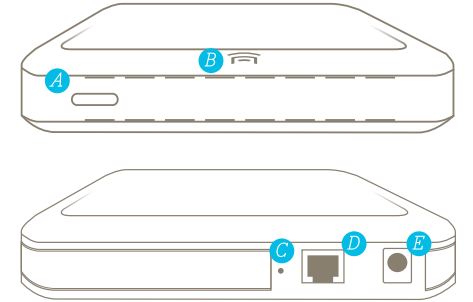

Power adapter

Ethernet cable

## 2 Preparation

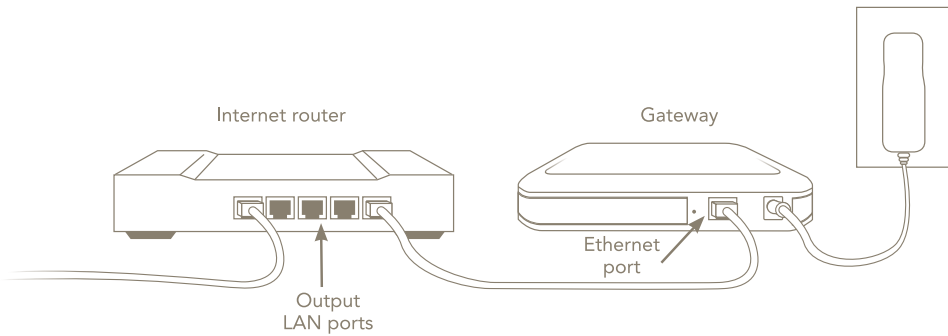

1. Locate the smart.ID number on the cover of this booklet or on the back of your Assurelink Gateway.

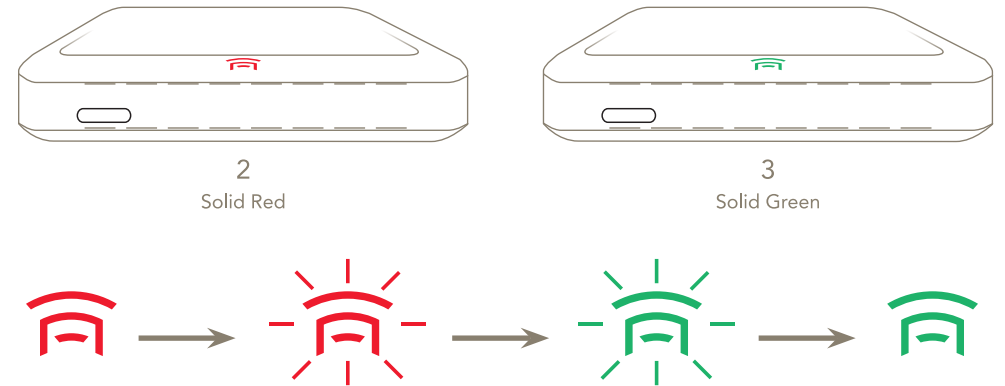

*You'll need this smart.ID number to register the Assurelink Gateway after you download and launch the Assurelink app.*

2. Your Assurelink Gateway has a few important elements:
  - A. Pairing button and LED status indicator
  - B. Assurelink LED status indicator
  - C. Reset button
  - D. Ethernet port
  - E. Power port

### 3 Setup

1. Plug the Ethernet cable into a LAN port on your Internet router or broadband modem, and into the Ethernet port of the Assurelink™ Gateway. Then, plug your Assurelink Gateway into a wall outlet using the included power adapter.

2. The Assurelink LED status indicator will turn solid red, meaning the Assurelink Gateway is starting up.
3. The Assurelink LED status indicator will turn solid green meaning the Assurelink Gateway is connected to the Internet and the Assurelink system.

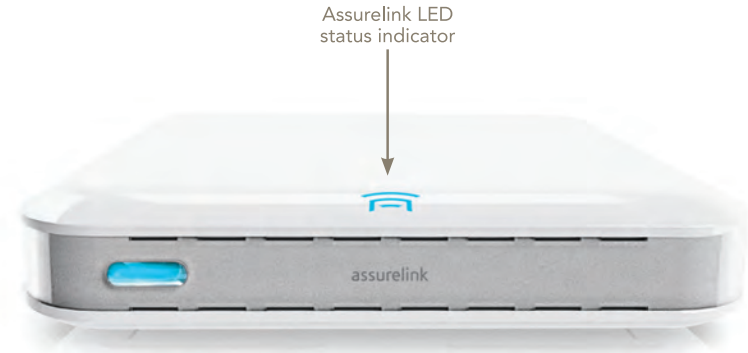

**Important** – If you see the following:

**Blinking Red** – The Assurelink Gateway is attempting to link to the Internet.

**Important** – If you see the following:

**Blinking Green** – The Assurelink Gateway has linked to the Internet and is trying to connect with the Assurelink system.

## 4 Link

1. Download the Assurelink™ app.

2. Launch the Assurelink app on your smartphone, tablet or computer, and follow the simple on-screen instructions to create an account.

3. Register your Assurelink Gateway to your account using your smart.ID number.  
*Note: Remember the smart.ID number is found on the cover of this booklet or on the back of your Gateway.*

Once the account is registered, the Assurelink LED status indicator on the Assurelink Gateway will change to **BLUE**.

You can now add other Assurelink-compatible products to your Assurelink system!

*this is the  
beginning of a  
beautiful friendship*
