

OMN1S2 RECHARGEABLE | Bluetooth Adapter

The OMN1S2 Rechargeable Bluetooth Adapter can be used for any Bluetooth device that connects to the back of your wireless speaker, we call it a Bluetooth adapter. When you connect the Bluetooth adapter to the back of your wireless speaker, you will be able to use your smartphone, tablet or any other Bluetooth-enabled device to stream audio to your speaker.

Your device is responsible for connecting to the Bluetooth adapter. The adapter is not responsible for connecting to the back of your speaker.

To use your device, you must first connect it to your Bluetooth adapter. Once your device is connected to the Bluetooth adapter, you can use your device to stream audio to your speaker.

How to Setup Your Bluetooth Adapter | Configuration de votre Adaptateur Bluetooth

1. Plug in the USB.
2. Hear specific melody.
3. Hear specific melody.
4. Hear specific melody.
5. Hear specific melody.
6. Hear specific melody.

Once the adapter connects to your device, you will hear a specific melody from the back of your wireless speaker. The adapter will continue to connect to the back of your wireless speaker as long as you have it plugged in.

Quand l'adaptateur Bluetooth se connecte à votre appareil, vous entendrez une mélodie spécifique de la part de votre enceinte sans fil. L'adaptateur continuera de se connecter à l'arrière de votre enceinte sans fil tant que vous l'avez branché.
