HANDS-FREE SYSTEM

Hands-free system allows you to make or receive a call without taking your hands off the steering wheel by connecting your cellular phone. This system supports Bluetooth, a wireless radio data transferring system, by which you can make calls without your cellular phone being connected with a cable or placed on cable. If your cellular phone does not support Bluetooth, this system can not function.

⚠ CAUTION

While driving, do not use a cellular phone or connect a Bluetooth phone.

ATTENTION

- Do not leave your cellular phone in the car. The temperature inside may be high and damage the phone.
- When you dispose of your car, take care to delete all personal data that are registered in your TOYOTA AUDIO system. You should delete the following Hands-free data from the system;
  - Bluetooth phone data

NOTE

In the following conditions, the system may not function.
- The cellular phone is turned off.
- The current position is outside the communication area.
- The cellular phone is not connected.
- The cellular phone has a low battery.

❀ Bluetooth

- The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and use of such marks by TOYOTA MOTORS LIMITED is under license. Other trade marks and trade names are those of their respective owners.
- Compatible Bluetooth Specifications: Bluetooth Specification Ver. 1.2 or later
- Compatible Profiles: HFP Ver. 1.5 or later
                       OPP Ver. 1.1 or later

FCC ID: BABFT0023A
IC : 2024B-FT0023A

This device complies with part 15 of the FCC Rules.
Operation is subject to the following two conditions:
   (1) This device may not cause harmful interference, and
   (2) this device must accept any interference received, including
     interference that may cause undesired operation.

L'utilisation de ce dispositif est autorisée seulement aux deux conditions
suivantes : (1) il ne doit pas produire de brouillage, et (2) l'utilisateur du
dispositif doit être prêt à accepter tout brouillage radioélectrique reçu,
même si ce brouillage est susceptible de compromettre le fonctionnement
du dispositif.

WARNING

Changes or modifications not expressly approved by the party
responsible for compliance could void the user's
 authority to operate the equipment.

CAUTION

Radio Frequency Radiation Exposure
This equipment complies with FCC radiation exposure limits set
forth for uncontrolled equipment and meets the FCC radio
frequency (RF) Exposure Guidelines in Supplement C to OET65.
This equipment has very low levels of RF energy that it
deemed to comply without maximum permissive
exposure evaluation (MPE).
But it is desirable that it should be installed and
operated with at least 20cm
and more between the radiator and person's body
(excluding extremities: hands, writsts, feet and ankles).
This transmitter must not be co-located or operated in conjunction
with any other antenna or transmitter.
