BOX CONTENTS

1x Lamp
1x USB Cable
1x Manual

OPERATION

1. LED LIGHT

There are 3 LED light modes to choose from - warm, warm white, cool white.

COOL WHITE: Short press the light switch once

WARM WHITE: Short press the light switch twice

WARM: Short press the light switch three times

Long press light switch to change the brightness level of LED lights during any color mode.

2. BLUETOOTH SPEAKER

The Bluetooth speaker will enter pairing mode after you double press the touch control area as soon as the lamp is connected to a power supply via the USB cable.

Activate Bluetooth function on your enabled devices (phone, tablet etc) and set it to search for Bluetooth devices. Your device will discover the Bluetooth speaker as "SA-DLSP", select the speaker when it comes up and your device will confirm pairing. You can then start to play music through the speaker.

If requested, please enter password or PIN 0000 on your Bluetooth device and press "Yes" or "Confirm"

OPERATION

3. WIRELESS CHARGING

Put smart phone on top of the Wireless charging panel to start charging automatically. The white LED indicator will slowly flash to indicate the wireless charging is working.

Wireless charger will only charge devices with Wireless charging capabilities, such as Iphone 8 and higher versions. If your phone is without wireless charging functions please insert a wireless charging adapter to your phone, then start wireless charge.

ENVIRONMENT PROTECTION

Waste electrical products should not be disposed of with household waste. Please recycle where facilities exist. Check with your Local Authority or retailer for recycling advice.
