

FCC STATEMENT
NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

CLEANING:

- Always pull the mains plug out of the socket before cleaning.
- To clean the light, use only a soft, lint-free cleaning cloth. Never use abrasives or solvents.
- The care of lights refers exclusively to the surfaces, no moisture is allowed in connection rooms or on parts carrying mains voltage

WARNING:
Keep out of the reach of children.

Thank you for purchasing the LEDEEZ™ App-Operated Festive Burst. Please read all instructions carefully before using and retain this manual for future reference.

READ & FOLLOW ALL SAFETY INSTRUCTIONS FIRST:

- This product is a decorative item, not a children's toy.
- Always make sure that the power supply is switched off before mounting on the Fireworks LED.
- It is forbidden to change the mechanical or electrical structure of the lamp.
- Electrical devices must be kept out of reach by children.
- This product is suitable for use within ambient temperatures from 14°F to 113°F.
- Check the set for damage before assembly. If damaged, the product must no longer be used and must be disposed of.
- Check the set for damage before assembly. If damaged, the product must no longer be used and must be disposed of.
- The product can only be powered on after the installation is complete.
- Proceed through the assembly in the exact sequence as stated (see also the assembly drawings). Not following the assembly and safety instructions will void the warranty.
- The manufacturer assumes no liability for consequential damage resulting from not following the assembly and safety instructions.
- The Fireworks LED is intended exclusively for private use and is not suitable for commercial use.

PRODUCT SPECS:

Light color: RGB
Performance: 10W
Output voltage power supply: 5V
Input voltage power supply: 110-120V AC
IP rating: IP44
Wireless RF module frequency band: Bluetooth 2.4G
Wireless range: 33ft
BT ID: D051448
FCC ID: 2AANZFES

CONTENTS:

INSTALLATION STEPS:

1. Lay parts on a large flat surface. Insert the light bar with the hook opposite the arrow.

2. Insert the light bar with a cord into the port marked with an arrow.

3. Insert rest of the light bars into the ports of the center hub.

4. Place hub cap onto the hub, making sure screw holes line up with screw bosses.

5. Carefully turn the assembled light over and secure the hub with screws using the included hex tool.

6. Carefully turn the assembled light over again and connect the cables.
