

User Guide Smart Bracelet

ID130Plus HR
Thanks for choosing our device, please read the user guide carefully before using.

Setting

Use VeryFitPro on iOS or Android smart phone to set the wristband as follows:
Note: hardware and system of devices should meet the requirements:

1. Download VeryFitPro
Search and download "VeryFitPro" from the Apple Store or Android App store.

Scan the QR code and download
It probably has a problem to open the link with WeChat or other scan tools, please copy the link and open it through browser.

2. Product activation and installation

The product must be activated by charging before initial use, and then charge the product to ensure normal power supply. The hand ring will automatically power on.

Charge the battery: Insert the chip-mounted end of the bracelet body into the USB interface to activate the product by charging (be cautious not to reverse the polarity, and comply with the required voltage and current: 5V / 500mA).

Installation: Mount the bracelet body into the slot of the wrist strap.

Wear on: Adjust the length of the wrist strap until it is appropriate to wear on the wrist.

3. Touch key

Single click the touch key: Interface switch
Press and hold the touch key: Enter

4. Make sure the Bluetooth of smart phone is ON, open app "VeryFitPro"
When selecting the right band from the search list, please slide the screen of wristband to wake up the device and then complete connecting.

Know your Device

Basic Specifications

Model No.: ID130Plus HR
Battery Capacity: 65mAh
Working Voltage: 3.7V
Host weight: about 30g
Sync: Bluetooth 4.0
Working temperature: -10°C - 45°C
Waterproof: IP67
Working Time: 8days
Product frequency band: 2402-2480MHz
Maximum transmit power: 0.97dBm

Declaration of toxic and hazardous substances in electronic information products

FAQ

◆ Failed to find the device when pairing

- Make sure the Bluetooth of smart phone is ON, and smart phone OS Android 4.4 & Above, iOS 7.0 & Above.
- Make sure the distance between phone and device is within 0.5meter, device is among the normal Bluetooth communication distance range (within 10meter) after pairing finished.
- Make sure the device is not under low battery. If there is still a problem after fully charged, please contact us.

◆ Failed to connect with Bluetooth occasionally

- Caused by the abnormality of Bluetooth service when it restarted on the phone.
- Reboot mobile phone or re-start the Bluetooth service, then it works normal.

◆ How to restore factory defaults

Make sure the device is connected with smart phone, go in the App, enter "device-- System setting", and choose "reboot device".

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

CAUTION
RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT TYPE.
DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS

Old electrical appliances must not be disposed of together with the residual waste, but have to be disposed of separately. The disposal at the communal collecting point via private persons is for free. The owner of old appliances is responsible for bringing the appliances to these collecting points or to similar collection points. With this little personal effort, you contribute to recycle valuable raw materials and the treatment of toxic substances.
