Product

1 Precautions for Hard Disk Drive

1

- The player can not be formatted using the Disc Management Utility or the Format Commander Utility in Windows 2000 and Windows XP since 32GB is the maximum HDD size enabling to be formatted.
  Because this is not supported at Windows O.S. and the player is not malfunction. You can still use a HDD which is formatted as FAT 32 system on Windows 98 SE or ME.
- The player can be formatted using Windows Explorer in Windows 98 SE and Me.
- The player can be formatted using the HDD Management Utility in Windows 2000 and XP.
- If the player is disconnected suddenly or turned off during file transfer, it may case data loss and an error screen may display on the player. If this happens, attach the player to your PC and run the Windows Scan Disk utility.

2 About the Boot Failure

1

When turns the player on, in case the system file of the player do not agree with the Firmware version of the player or there is any trouble in the FAT32 file system, "Boot Failure" will be displayed because the player do not recognize the HDD.

Product

② Solving the problem about the Boot Failure

1. Connect the player to the PC and check and recover the error by running the Windows Scan Disk utility.
2. Check the Firmware version of the player when turns on. Download the system file (PMP-100kor-Vxxx-Sysfile.zip) of the same version from www.iriver.com. Extract the file and save it to the ROOT folder of the player.
3. Disconnect the player from the PC securely. Check it after the player turns off and on.
4. "Boot Failure" will be displayed continuously at the player turn on, please use the HDD format program in the Windows operating system or HDD Management Utility to format the player's HDD. Repeat step 2~3 to check your player again.

Please request A/S to have "Boot Failure" although you confirm accurately.

Others

Do not use headphones / earphones while cycling, driving, or operating any motorized vehicle. It is dangerous and is illegal in some areas.

Reduce volume while walking, especially at pedestrian crosswalk.

Do not use headphone / earphones at high volume. Hearing experts advise against listening to continuous, loud and extended play.
