Out of the Box

The package contains:

- Dock
- Rubber feet (x8)
- Quick Start Guide
- Safety & Regulatory Addendum

Remove all the components from their packaging; check their integrity and compare them with all the packing documents.

Keep the original packaging for use when sending products to the technical assistance center. Damage caused by improper packaging is not covered under the warranty.

General View

Front View

FOD (Foreign Object Detection) LED

Power ON LED

Back View

Power Jack

Mount the Rubber Feet

Attach the self-adhesive rubber feet to the bottom of the dock as shown below:

Power the Dock

Use only the Datalogic power supply 94ACC0197 to power the dock.

Charge the Memor 10

Insert the device into the dock with the screen facing front and the head facing up.

The dock is able to provide wireless power to the Memor 10 when the device is correctly inserted.

Make sure there is nothing between the dock and the device. Do not put any foreign object such as, but not limited to, coins, paper clips, stickers inside the slot of any of the docks. Do not apply any sticker to the Memor 10 (see the examples below).

Do not attempt to charge any other device different from the Memor 10 devices.

LED Indicators

LED Behavior	Operation Status
Power ON	
Solid green	Dock is powered
Foreign Object Detection (FOD)	
Blinks red slow at 0.625Hz	Foreign object detected, output power is reduced.
Blinks red fast at 2.5Hz	Foreign object detected, output power is further reduced.
Solid red	Foreign object detected, output power is disabled.

In case of FOD led blinking, remove the foreign object.
