

# Powerboard - Wireless Keyboard for Wii™

Instruction card

The Powerboard is a compact and super slim wireless keyboard designed to compliment your Wii™. You can use the Powerboard 30ft. far from your Wii™ as it uses 2.4GHz wireless transmit technology

## Connection to your Wii™

The Powerboard has two parts. The Wireless keyboard and the small USB receiver.

Open the battery compartment cover at the bottom of the keyboard and insert 2 AAA batteries into the compartment.

Simply insert the USB receiver into the USB port at the back of the Wii™. Press the Power button of the Wii™ to turn on it.

The blue indicator on the receiver is flashing when it is searching for a keyboard to connect and the green indicators on the keyboard are also flashing.

When the blue indicator on the receiver stops flashing, the keyboard is connected.

## Indicators configuration

Num Lock  
Caps Lock  
Scroll Lock

Additionally, This wireless keyboard may be used for your computer.

## FCC Information

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

**Warning:** Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.
