## Features

- ◆ **Used in three Different Function**  
MyVoice can be used in three different ways :  
- Voice Recorder, Still Camera and PC Camera
- ◆ **1/3" CMOS Image Sensor(326,688pixels)**  
Using VGA(640\*480) resolution 1/3" CMOS Image sensor.
- ◆ **Automatic focus and exposure**  
Easy to use because automatic focus and exposure control function.
- ◆ **USB Interface**  
To adapt USB standard, which is easy to set up and connect with PC
- ◆ **FOLDER & FILE**  
Max. 390 recording files are available  
Max. 99 voice recording files into each divided A,B,C,D folder
- ◆ **Repeat & A-B Repeat function**  
Can play over and again as you choose interval A-B
- ◆ **VOR(Voice Operated Recording)**  
Prevents unnecessary recording when there is no sound or voice
- ◆ **Mode function**  
Easy to select camera function(H-L-C)-Timer-Erase-UP)  
Check the total recorded time and remaining record time  
VOR cutoff and sensitivity selection
- ◆ **Intro Scan function**  
To be available for playing only first part of each message successively
- ◆ **Digital Volume control**  
10 steps volume control function
- ◆ **E-mail function**  
To be available for E-mailing voice file
- ◆ **External input/output connection**  
To be available for mutual recording with another appliances
- ◆ **Automatic power off**  
Power will be automatically off if there is no button pressing within 1 minute

- Do not use in the place where electronic product's operation is prohibited like inside of airplane.
- Do not use in driving and walking, since any accident could be happened.

## Troubleshooting

Check following articles first if you find any mal-functional matter.

### In case of no LCD display

- Check1 Did you check the battery capacity?  
→ Replace batteries
- Check2 Are both polarities of the battery loading in right way?  
→ Load batteries in each right +/- position.

### In case of no recording

- Check1 Isn't the message number or file FULL?  
→ Erase unnecessary message.
- Check2 Did you check the battery capacity?  
→ Replace batteries

### In case of no playback

- Check1 Isn't there any recorded message?  
→ Check the recording message.
- Check2 Did you check the battery capacity?  
→ Replace batteries

### In case of no sound from speaker

- Check1 Isn't your volume at 0(zero) position?  
→ Adjust the VOLUME button.
- Check2 Isn't your earphone inserted in?  
→ Take the Earphone Jack off.

## Troubleshooting

### In case of no sound from earphone

- Check1 Isn't your volume at 0(zero) position?  
→ Adjust the VOLUME button.
- Check2 Is your earphone properly inserted in?  
→ Insert the Earphone Jack completely

### In case of no working in camera mode

- Check Did you check the mal-operation?  
→ Take out batteries and insert again.

### In case of no working snapshot

- Check Did you check the battery capacity?  
→ Replace batteries

### In case of S/W installation interruption

- Check 1 Does your computer meet system requirement for this product's S/W?  
→ Check the system requirement.  
(After completing S/W installation, your PC's hard disk should have enough space)

- In case of low battery displaying, operating can't be proceeded properly

## Specification

For improvement of product, specifications and design can be changed without previous notice.

Item	Specification
Model Number	DVR-1084C / DVR-1000C
Max Recording Time(S)	250 min / 510 min
Max File Size REC	36.44M x 99 files
Eng. Response	400Hz ~ 1000Hz
Sensor	1/3" CMOS image sensor
Resolution	640 x 480 pixels (VGA)
	320 x 480 pixels (QVGA)
Capared Image(H)	90 pictures / 120 pictures
Capared Image(L)	255 pictures / 310 pictures
Lens	F: 2.8
Distance of Good Focus	0.7m ~ infinity
Exposure	Auto
Max Output Power	100mW at 1100 Hz
Input	Built-in MIC & 3.5" Mini Jack
Output	Built-in speaker & 3.5" Mini Jack
Lead Speaker	Dynalene 25mm
Dimension	40(W) x 110(H) x 19.0(D) mm
Weight	61g (Without battery)
Storage Medium	Built-in Flash Memory
Power Source	DC 1.5 "AA" alkaline x 2
History List Time	Recording/10sec, Playback/10sec
Condition in use	0°C ~ 40°C
Batter Memory	User's manual, Expiration: 2 Year history
	USB cable, USB CD
Optional Accessory	Telephone Adapter, Telephone cord, Audio Cable, External Via MIC, Head Strap

## **LABELLING REQUIREMENTS**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operations.

## **INFORMATION TO THE USER**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

## **WARNING**

Changes or modifications not expressly approved by the manufacturer could void the user's authority to operate the equipment.
