# Dell Storage Software Suite for AIX Version 3.0.2 Release Notes

This document describes the new features, enhancements, and fixed issues in Dell Storage Software Suite for AIX version 3.0.

## **Revision History**

Document number: 680-130-001

#### Table 1. Revision History

| Revision | Date      | Description                                |
|----------|-----------|--|
| А        | July 2016 | Initial release.                           |
| В        | Aug. 2016 | Clarify issue descriptions.                |
| С        | Dec. 2016 | Update for version 3.0.1 software release. |
| D        | Dec. 2017 | Update for version 3.0.2 software release. |

## **New Features**

Version 3.0 adds support for the following:

- Storage Center OS versions 6.7.x, 7.0.x, 7.1.x
- · AIX version 7.2
- Single path iSCSI volumes

## **Fixed Issues**

The following sections summarize the issues fixed in Dell Storage Software Suite for AIX version 3.0

#### Fixed Issues in Version 3.0.2

The following issues were fixed in version 3.0.2

| Issue      | Description  |  |
|------------|--|--|
| AIXMPIO-25 | The <b>dellsc_bootlist</b> command does not display all paths when mirrored boot devices contain devices other than Storage Center.                |  |
| AIXMPIO-21 | For AIX versions 7.1 and 7.2, native AIX command <b>Iscfg</b> causes errors when booting from internal drives that are not Storage Center devices. |  |
| AIXMPIO-19 | Running the <b>Is_dellsc</b> command on an AIX LPAR when the first port is in a failed state prevents that FC port from recovering on its own.     |  |
| AIXMPIO-13 | Running the syncwpar command when using WPARS causes errors.   |  |
| AIXMPIO-11 | Backup script used incorrect installation path.  |  |

Document Number: 680-130-001 Rev. D 2017 – 12

#### Fixed Issues in Version 3.0.1

The following issues were fixed in version 3.0.1

| Issue      | Description   |  |
|------------|---|--|
| CQ00505997 | Boot fails with bootcode 554 after installing the MPAIX package and booting from IBM Storage. |  |
| CQ00505929 | Unable to delete hdisk in AIX after applying the SP2 May Service Pack from IBM.               |  |

#### Fixed Issues in Version 3.0

The following issues were fixed in version 3.0.

| Issue    | Description   |  |
|----------|---|--|
| CQ505709 | Uninstalling the package when volume groups are varied on and present can result in an uninstall failure.           |  |
| CQ505833 | When the ls_dellsc command is run with one FC path down, the command reports the SSN as N/A.                        |  |
| CQ501788 | AIX servers that boot from SAN on Storage Centers running version 6.7.x and higher fail to boot with boot code 554. |  |
| CQ505559 | In some cases, dellsc_bootlist displays an incorrect Path_id.   |  |

## Support Resources

The following section provides resources for finding more information about using the Dell Storage Software Suite for AIX.

#### **Related Documentation**

- Dell Storage Software Suite for AIX Release Notes contain information about new features and resolved issues for the software.
- Dell Storage Software Suite for AIX User Guide provides information about installing and configuring Dell Storage Software Suite for AIX.
- · Dell Storage Compatibility Matrix outlines the HBA drivers that Dell has tested with AIX.
- Dell Storage Center with AIX Best Practices provides guidelines for configuring the Dell Storage Software Suite for AIX to optimize performance.

### **Finding Documentation**

The following locations contain documentation for a storage system running Storage Center 7.1.

Dell Support

Provides documentation for Dell storage products. Go to www.dell.com/support.

Dell TechCenter

Provides technical white papers, best practice guides, and frequently asked questions about Dell storage products. Go to <u>http://</u>en.community.dell.com/techcenter/storage/.

### **Contacting Dell**

Dell provides several online and telephone-based support and service options. Availability varies by country and product, and some services might not be available in your area.

To contact Dell for sales, technical support, or customer service issues, go to www.dell.com/support.

- For customized support, type your system service tag on the support page and click Submit.
- For general support, browse the product list on the support page and select your product.
