

Information to user

DWBT005 (DWBT004) is installed in the handy terminal, so DWBT005 (DWBT004) has no user's manual.

FCC user's manual requirements that are FCC rule Part 15.21 and 15.105 are described on user's manual of the handy terminals.

US and Canada Regulations

This device complies with Part 15 of FCC rules, Canada ICES-003 and RSS-210 Rules.

Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE : This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used on accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

NOTE : This Class A digital device apparatus complies with Canadian ICES-003.

Cet appareil numérique de la classe A est conforme à la norme NMB-003 du Canada.

FCC WARNING : Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

CAUTION : Radio Frequency Radiation Exposure

This equipment complies with FCC radiation exposure limits set forth for uncontrolled equipment and meets the FCC radio frequency (RF) Exposure Guidelines in Supplement C to OET65. This equipment has very low levels of RF energy that it is deemed to comply without testing of specific absorption ratio (SAR).

Co-location : Bluetooth Board(FCC ID:PZWDWBT005) and KCS(FCC ID:PZWKCS) installed in this Barcode Handy Terminal must not be co-located or operated in conjunction with any other antenna or transmitter.
