

6. User's manual requirement

6.1. Operation manual

(1) Registration of the cellular phone

Transmits the registration signal from the cellular phone to the navigation system and register the cellular phone at the navigation system.

(2) Selection of the cellular phone

Transmits the selection signal from the navigation system to the cellular phone and connect the navigation system with the cellular phone.

(3) Call

Call by inputting the phone number with the touch sensitive panel installed in the navigation system. Get the phone by operating the touch sensitive panel installed in the navigation system.

6.2. User's Manual Requirement of FCC rule

BTA-01A is installed in the navigation system, so BTA-01A has no manual for user. FCC user's manual requirements that are FCC rule Part 15.21 and 15.105 are described on user's manual of the vehicle.

FCC and RSS-210 Regulations

This device complies with Part 15 of the FCC Rules and RSS-210 Rules

Operation is subject to the following two conditions :

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC WARNING: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
