

INVACARE®
TDX® SI
GROUP 2 POWER WHEELCHAIRS

The **Invacare® TDX® SI-2** and **Invacare® TDX® SI-HD Power Wheelchairs** are the first TDX Power Wheelchairs ever introduced for the Group 2 consumer. Available in both 300 and 450 lb. weight capacities, the TDX SI Wheelchair delivers legendary TDX power and performance to meet the driving needs of almost any consumer. Center-wheel drive and a narrow footprint provide exceptional indoor maneuverability, while its brightly painted frame and integrated rear suspension combine for a simple yet elegant design. The end result is an eye-catching power wheelchair with a go-anywhere attitude.

Invacare® TDX® SI-2 Wheelchair Features

Available with captain's seat, captain's seat with solid seat pan or rehab seating

Captain's seat available in 16", 18", 20" and 22" widths

Invacare® MK5 75 amp controller coupled with Invacare® SPJ™+ joystick deliver optimal power to the motors

Invacare® SureStep® Suspension with Stability Assist climbs 2" with ease while maintaining six wheels on the ground

Integrated rear suspension provides a non-jarring, smooth ride when tackling uneven terrain or thresholds

Removable battery access door with slide-out battery tray makes servicing a snap

Advanced 2-pole motors provide high torque and a 4.9 mph top speed, while 14" drive wheels provide ideal traction

Center-wheel drive and narrow base combine for tight turning radius and easy access through doors and hallways

Available in Electric Blue and Electric Red

Transport tie-down option*

HCPCS Code: K0822, K0823

1. Invacare® SureStep® Suspension with Stability Assist
2. Integrated rear suspension
3. Superior serviceability

*TRBKTS has been crash-tested in accordance with ANSI/RESNA WC Vol 1. As of this date, the Department of Transportation has not approved any tie-down systems for transportation of a user while in a wheelchair, in a moving vehicle of any type. It is Invacare's position that users of wheelchairs should be transferred into appropriate seating in vehicles for transportation and use be made of the restraints available by the auto industry. Invacare cannot and does not recommend any wheelchair transportation systems.

The TDX SI-2 Wheelchair for Group 2 is available in both Standard Configurations and Custom Configurations.

Standard Configurations: Pre-configured with the most popular options. Just select the seat size and frame color.

Custom Configurations: For those who need ASBA rehab seating, extra wide seating or other more customizable features.
