Pool & Spa Test Strips

Water Testing Product Guide

CONSUMER

AquaChek Yellow 4 in 1
Free Chlorine, pH,
Total Alkalinity,
Cyanuric Acid

Product #511242A

Receive four important test results in just one dip.

AquaChek Red 4 in 1
Total Bromine, pH, Total
Alkalinity, Total Hardness

Product #521252A

To keep spas at their best, test the water before each use.

AquaChek Select® 7 in 1
Total Hardness, Total Chlorine,
Total Bromine, Free Chlorine, pH,
Total Alkalinity, Cyanuric Acid

Product #541604A

Product #541640A (Refill)

Provide customers with a complete pool chemistry testing package that includes: AquaChek Select 7 in 1 test strips, Complete Guide to Pool and Spa Care, detailed water treatment recommendations, color comparator and test log for recording results.

AquaChek Peroxide 3 in 1
Peroxide, pH, Total Alkalinity

Product #562249

Testing for peroxide can be useful when using non-chlorine type oxidizing treatments, such as "active oxygen" or "peroxide shock" types.

AquaChek MPS 3 in 1 Monopersulfate, pH, Total Alkalinity

Product #561682A

An ideal level of monopersulfate oxidizes contaminants and use. No waiting.

AquaChek Biguanide 3 in 1 Biguanide, pH, Total Alkalinity

Product #561625A

Simplifies testing for pools and spas using biguanide rather than chlorine as a sanitizer.

AquaChek Spa™ 6 in 1 Total Chlorine/Bromine, Free Chlorine, Total Alkalinity, pH, and Total Hardness

Product #552244

AquaChek Spa 6 in 1 Test Strips are specifically designed to meet the unique testing needs of hot tubs/spas. To maintain healthy, balanced spa water use these convenient 15-second dip and read test strips.

AquaChek Copper 3 in 1 Copper, pH, Total Alkalinity

Product #512232

Use to detect levels of copper in mineral-based systems.

AquaChek White Salt Titrators Sodium Chloride

Product #561140A

Results available with precision and ease through the use of capillary action.

AquaChek Salt System Test Kit Sodium Chloride, Free Chlorine, pH, Total Alkalinity, Cyanuric Acid

Product #542228

Convenient duo pack measures the effectiveness of any salt generator. The double blister pack contains a 10 ct. bottle of AquaChek White Salt Titrators and a 25 ct. bottle of AquaChek Yellow 4 in 1 Test Strips.

DIGITAL

AquaChek® TruTest®

Automates Color Matching

Spend more time relaxing not guessing with automated color matching!

The AquaChek® TruTest® Digital Test Strip Reader's provide users with a digital alternative to color comparison tests. Follow the instruction guides and dip a strip, place on the digital test strip reader, and let it do the work for you—no color matching.

AquaChek TruTest Spa Digital Test Strip Reader

Free Bromine/Chlorine, pH,
Total Alkalinity

Product #2510450 includes:

- TruTest Spa Digital Test Strip Reader specifically developed for measuring spa water chemistry
- Users Guide in 15 languages and spa water care and treatment information
- 25 TruTest Spa Test Strips, sun shield, and cleaning tool

Product #522255

AquaChek TruTest Spa Test
Strip Refill Blister Cards
(50 strips per bottle)

AquaChek TruTest Digital Test Strip Reader

Free Chlorine/Bromine, pH,
Total Alkalinity

Product #2510400 includes:

- TruTest Digital Test Strip Reader
- User's Guide in 15 languages
- Pool care and treatment information
- 25 TruTest Test Strips, sun shield, and cleaning tool

Product #512082

AquaChek TruTest Test
Strip Refill Blister Cards
(50 strips per bottle)

POCKET PRO/ POCKET PRO+ Testers

POCKET PRO Testers

For precision accurate testing the large LCD display, intuitive user interface and AAA batteries make Pocket Pro the easiest to use tester for many different water testing applications.

POCKET PRO+ Testers

The Pocket Pro+ series offers all the benefits of the Pocket Pro testers, plus convenient LCD backlight and replaceable sensors.

FASTCHEK PRO

Save time and money by providing customers with professional results in just 2 minutes!

The improved FastChek Pro® Professional Pool Prescription System is a complete in-store test system that includes an advanced test strip reader, test strips and customizable software for any line of chemical brand(s).

Features:

- Provides 2 levels of software access (users and administrators)
- The ability to import/export customer databases
- Set up tests in advance
- Low cost per test
- Test results & prescription in 2 minutes for 6 chemistries
- Takes up minimal counter space and is portable
- Real-time access to professional technical support
- No messy liquid reagents

FastChek Pro Professional Pool Prescription System

Free Chlorine, Total Chlorine, Total Bromine, Hardness, pH, Total Alkalinity, Cyanuric Acid, Borate, Nitrate, Total Dissolved Solids, Iron, Copper

Product #2525500 includes:

- Digital Test Strip Reader
- Starter set of specially-designed test strips
- Cleaning tool and wipes
- Software and instructional DVD
- Static window cling

FastChek Pro Maintenance Kit

Product #562193 includes:

- Cleaning tool and wipes
- 2 Calibration strips
- 1 Check strip

Runs on PC environments

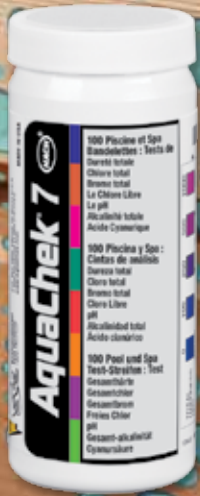

AquaChek.com

PROFESSIONAL

The only brand that offers every pool and spa test strip a pro needs.

The AquaChek® Advantage – Our world-class manufacturing facility produces test strips for the medical industry. This same quality and product integrity are the cornerstones for AquaChek pool and spa test strips.

AquaChek Silver 7 in 1

**Total Hardness,
Total Chlorine,
Total Bromine,
Free Chlorine,
pH, Total Alkalinity,
Cyanuric Acid**

Product #551236

The ultimate one-dip test for professionals.
100 strips per bottle

Trilingual Product #552237
FR, SP, and Ger

AquaChek Cyanuric Acid

Product #561219

Protect chlorine from sunlight and its UV radiation with proper levels of cyanuric acid, otherwise known as “stabilizer” or “conditioner.”
25 strips per bottle

Trilingual Product #62240
FR, SP, and Ger

AquaChek Pro® 5 in 1

**Total Chlorine, Total Bromine,
Free Chlorine, pH, Total Alkalinity**

Product #511710

The five critical tests every pro needs.
100 strips per bottle

Trilingual Product #542238
FR, SP, and Ger

AquaChek Pro II™ 4 in 1

**High & Low-Range Total Hardness,
Cyanuric Acid, Total Dissolved Solids (TDS)**

Product #512084

A convenient product that combines three tests, replacing the need to carry the individual tests.
Great complement to AquaChek Pro 5 in 1.
25 strips per bottle

Trilingual Product #532239
FR, SP, and Ger

AquaChek Copper

Product #661454E

Avoid nasty stains and discolored water by detecting up to 3 ppm copper with this test. *25 strips per bottle*

AquaChek Nitrate/Nitrite

Product #641426E

Keep both nitrate and nitrite levels in check to prevent rapid algae growth. *25 strips per bottle*

AquaChek One-Minute Phosphate Test

Product #562227

Kit includes 20 phosphate powder pillow reagents and testing vial in a convenient water-resistant bottle. Keep phosphate levels in check to prevent algae outbreaks.

AquaChek High-Range Chlorine

Product #652013E

Allows you to test chlorine levels up to 600 ppm, helping you make better decisions for water adjustments. *100 strips per bottle*

AquaChek Total Hardness

Product #561220

AquaChek Total Hardness test strips have two pads, allowing you to measure both low and high range. Two scales are provided: 0-120 ppm and 250-1,000 ppm. *25 strips per bottle*

AquaChek Borate

Product #562012

Borate is used in combination with sanitizers to kill bacteria and inhibit algae development. This product detects levels from 0-80 ppm. *25 strips per bottle*

AquaChek Total Iron

Product #661455E

Helps to prevent rusting of pool and spa fixtures and plumbing with accurate testing. *25 strips per bottle*

AquaChek Sodium Bromide

Product #562053

Ideal for bromine generator systems. Same product as salt but calibrated to Sodium Bromide. *10 strips per bottle*

AquaChek White Salt Titrators

Product #561161

Simplify salt water testing for systems using chlorine generators with our unique titrator and calibration chart. No color comparison needed. *40 strips per bottle*

AquaChek TDS

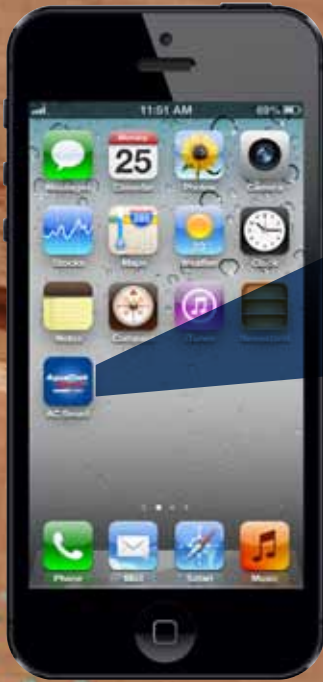

Product #561683

Prevent hazy water, scale buildup and corrosion caused by high levels of Total Dissolved Solids. *25 strips per bottle*
