MAY 2, 2011

This CFL provides preliminary claiming instructions for the CEC and CA 800 related to AB 12 Extended Foster Care (EFC) program. These instructions will assist counties in tracking expenditures and activities that are eligible for reimbursement under AB 12 upon final federal approval of the Title IV-E State Plan Amendment. A subsequent CFL will be issued with instructions for reimbursement of the federal match, once federal approval is received.

AB 12 allows California to implement provisions of Public Law (PL) 110-351, the Fostering Connections to Success and Increasing Adoptions Act of 2008. This law provides states the option to fund the federal Kinship Guardianship Assistance Payment (Kin-GAP) program through the Title IV-E option of the Social Security Act for relatives who assume legal guardianship of foster youth. AB 12 also allows the extension of FC, federal Kin-GAP, Kin-GAP, and Adoptions Assistance Program (AAP) benefits to eligible youth up to age 21 on a staggered schedule. The extension of benefits up to age 19 will implement on January 1, 2012. On January 1, 2013, the extension of benefits will increase to age 20. On January 1, 2014, if the California Department of

Social Services (CDSS) determines that there are sufficient funds available, benefits may be extended up to age 21.

Pursuant to AB 12, W&IC Section 11403(g)(3) provides that a county's total contribution for EFC shall not exceed the county savings in Kin-GAP assistance grant expenditures realized by the county from the receipt of federal funds due to the implementation of the federal Kin-GAP program. This code section also requires CDSS to work with the County Welfare Directors Association to determine a methodology for calculating each county's costs and savings.

EXTENDED FOSTER CARE AID CODES AND CA 800 CLAIMING INSTRUCTIONS

For the CA 800, counties will be required to claim the costs expended for each of the realigned programs to the appropriate aid codes which allows the California Department of Social Services (CDSS) to monitor the expenditures for reporting purposes and to continue calculating the Realignment 1991 Growth calculation. The state share for the impacted aid codes has been re-titled to "County 2011" effective with the September 2011 claim. Please refer to County Fiscal Letter (CFL) No. 11/12-18 for additional information.

The following aid codes have been established, effective January 1, 2012, to capture the Non-Minor Dependent (NMD) population participating in Assembly Bill (AB) 12 Extended Foster Care (EFC). The following aid codes will be effective January 1, 2012. However, due to system complications, the new aid codes identified for tracking this population within the Medi-Cal Eligibility Data System (MEDS) are not anticipated to be operable until February 2012. Until aid codes are created in the MEDS system and available for use, counties must manually track cases utilizing these aid codes.

Note: The aid codes below are impacted by AB 118 and the state share will be adjusted as described in CFL No. 11/12-18.

- A. Aid Code 43 EFC Aid to Families with Dependent Children-Foster Care (AFDC-FC) Non-federal

PROGRAM, TIME STUDY, AND DIRECT-TO-PROGRAM CODES AND CLAIMING INSTRUCTIONS

For the CEC process, counties will still be required to claim the costs expended for each of the realigned programs to the appropriate program codes which allows the California Department of Social Services (CDSS) to monitor the expenditures for reporting purposes and to continue calculating the Realignment 1991 Growth calculation. Effective with the September 2011 quarter claim, all General Fund (GF) costs for the Program Codes (PCs) associated with realigned programs will be covered by the county with realignment funding using the State Use Only (SUO) overmatch codes. This will be accomplished by setting the affected allocation's ledger to zero for realigned program ledgers. Please refer to County Fiscal Letter (CFL) No. 11/12-18 for more information.

Effective with the March 2012 quarter, the following new PCs, Time Study Codes (TSC), and program identifier numbers (PINs) are available for claiming administrative costs for activities related to Assembly Bill (AB) 12 Extended Foster Care (EFC). 119 PUBLIC AGENCY IV-E PASS-THROUGH

As outlined in All County Letter No. 04-32, dated September 7, 2004, in addition to normal case management activities for children already in the CWS system, the federal government allows Title IV-E reimbursement for administrative activities associated with pre-placement prevention for cases that absent the referral to services would go into out-of home care. The CDSS now allows counties to pass on Title IV-E funds to other county public agencies, such as Probation and mental health that perform eligible administrative activities for children at risk of or currently placed in FC. This pass-on provision does not apply to similar activities performed by private non-profit organizations.
