Education Solutions

Apple iPod Learning Lab

The Apple iPod Learning Lab provides schools with the ideal solution for managing multiple iPod players in the classroom. The solution includes (20) iPod classic 120GB players housed in a durable, versatile, and an easy-to-use Apple-exclusive mobile cart capable of charging and managing up to 40 iPod players. With the cart's ability to sync up to 20 iPod players at a time from one computer and charge up to 40 iPod players at one time, educators can spend less time setting up individual iPod players and spend more time teaching. The mobile cart's secure, roll-top door can be locked for iPod storage, which means there is no need to worry about lost or stolen iPod players. The cart also includes room for storage of four notebook computers and a variety of iPod accessories. And, because the cart is mobile, it can be rolled from classroom to classroom for easy transport and storage.

Recommended add-ons: The MacBook is an ideal companion for the Apple iPod Learning Lab. Create compelling education content with iLife and organize and share that content via iTunes. Apple Professional Development prepares teachers to effectively integrate iPod players and podcasting into their curriculum.

Optional accessories: Belkin TuneTalk Voice Recorder, Griffin iTalk Pro Microphone for iPod, iPod AV Connection Kit, Apple iPod Camera Connector

For more information, please visit http://www.apple.com/education/products/ipod/learninglab.html

Apple iPod Learning Lab
The Apple iPod Learning Lab includes (20) iPod classic 120GB (silver); (1) Bretford PowerSync Cart for iPod capable of charging and managing up to 40 iPod players; (1) A getting started guide for incorporating iPod and iTunes into the classroom.

BE167LL/A	Apple iPod Learning Lab	6999.00
BE168LL/A	Apple iPod Learning Lab w/ AppleCare Protection Plan - Auto Enroll for each iPod	7899.00

The AppleCare Protection Plan for iPod extends your iPod's 90 days of complimentary single-incident phone support and one-year warranty to up to two years of world-class support from the original purchase date of your iPod. The Plan includes expert telephone assistance for both iPod and iTunes, global repair or replacement coverage for iPod and its included accessories (excluding the carrying case) and comprehensive web-based support resources. The AppleCare Protection Plan for iPod Terms and Conditions are available on Apple's website.
United States: www.apple.com/applecare

Apple Mobile Learning Labs

Apple Mobile Learning Labs provide schools with flexible and convenient access to technology, easily transforming any classroom into a digital learning environment. Each mobile lab includes a classroom set of computers, AirPort wireless networking, a laser printer, and Apple Remote Desktop for classroom management—all housed in a durable, versatile, and easy-to-use Apple-exclusive mobile cart, ready to roll into any classroom. The new Bretford mobile carts include heavy-duty casters that make them easier to move, compartments that can hold any size Apple notebook, and a rubber mat on the top shelf for extra stability for accessories.

Recommended add-ons: Apple Professional Development to prepare teachers to effectively integrate mobile lab technology into their curriculum. Visit the Recommended Curriculum Collections website at www.apple.com/education/k12/curriculumsolutions/collections to view collections of educator-evaluated products that are ideal companions to Apple Mobile Learning Labs. The standards-based products are designed to raise student achievement in language arts, math, science, and more.

For more information, please visit www.apple.com/education/mobilelabs.

Apple Mobile Learning Lab (10 MacBook computers)
The 10 MacBook mobile lab includes (10) MacBook (White) 13.3" glossy widescreen display, 2.1 GHz Intel Core 2 Duo processor, 1GB memory (2x512MB), 120GB hard drive, SuperDrive, 10/100/1000 Base-T Ethernet, FireWire 400, USB 2.0, AirPort Extreme, Bluetooth; (1) Bretford Cart for 20 Notebook Computers; (1) HP LaserJet P2055dn Ethernet laser printer; (1) Getting Started with Your Apple Mobile Learning Lab Guide; (1) AirPort Extreme Base Station; (2) Ethernet cables; and (1) Apple Remote Desktop v3.2, (10) 60W Magsafe power adapters with cords and duckheads. Each MacBook also includes Apple's award winning iLife applications, Mac OS X 'Leopard' and other software.

BE224LL/A	Apple Mobile Learning Lab (20 MacBook 1GB computers) w/ AppleCare Protection Plan - Auto Enroll for each MacBook	24599.00

AppleCare Protection Plan extends your built-in AppleCare coverage to a full three years from the purchase date of your new Apple product. Choose AppleCare Protection Plan - Auto Enrollment if you're buying computers to be covered. Upon receipt of your purchase order, Apple will enroll each computer in the plan, and then mail you a proof-of-coverage certificate as well as an AppleCare Protection Plan CD and Quick Reference Guide for each computer. The AppleCare Protection Plan terms and conditions are available on Apple's website. United States: www.apple.com/applecare

Setup Services for Apple Mobile Learning Labs

Setup services are available for Apple Mobile Learning Labs.
Additional Setup Services are available. Please call (1-800-800-2775) to discuss your requirements with an Apple representative.

Setup Services for Apple Mobile Learning Labs

Have your Apple Mobile Learning Lab set up and configured properly by an expert Apple technical representative. We can ensure that your Macintosh systems, software and networks are well integrated into your environment and configured for optimal use. Learn how to use the equipment included in the solution.

Setup includes the following services:

- Unpack and test each MacBook
- Unpack, test and configure the AirPort Base Station
- Unpack, test and connect the included printer
- Load printer drivers on each system
- Install Apple Remote Desktop on each system
- Test the AirPort Base Station signal in three different locations within the facility
- Connect the entire lab to your local area network, if available
- Move packing materials to a designated location on the school site

Set up does not include:

- Installation of any software not included with the Apple Mobile Learning Lab
- Connection of any additional peripherals or equipment to any system not shipped with the Apple Mobile Learning Lab.
- Installation of Airport Cards in any additional systems (AirPort Extreme is built-in to the MacBook computers purchased within the Apple Mobile Learning Lab)
- Set up or configuration of any additional systems (beyond the quantity shipped with the Apple Mobile Learning Lab)
- Wireless assessment or installation of a wireless or wired network
- Testing of any equipment where a network connection is not readily available and operational
- Installation of additional network connections
- Removal of packing materials from the school site (hauling)

D2384LL/B	Setup Services for 1 Apple Mobile Learning Lab (for up to 10 MacBook computers)	749.00
D2385LL/B	Setup Services for 1 Apple Mobile Learning Lab (for up to 32 MacBook computers)	999.00

Digital Authoring Solutions

Digital Media Creation Kit (Grades K-12)

Provides a perfect companion to the iLife digital media suite, offering a collection of tools for capturing digital photos and video and creating music for use in digital projects. Also included are helpful resources for learning how to use the iLife applications, and for creating classroom documentaries. Includes (2) Canon PowerShot A470 7.1MP USB 2.0 Digital Camera; (2) Canon ZR900 MiniDV Firewall Digital Camcorder; (1) M-Audio Oxygen 8 v2 25-Key USB MIDI Controller; (1) The Macintosh iLife '08 in the Classroom book; (1) Documentary Resource Kit.

For more information visit: www.apple.com/education/k12/curriculumsolutions/digitalmedia_kit.html

BD624LL/A	Digital Media Creation Kit	899.00

Classroom Documentary Filmmaking Solutions

Use a simple online tool to build a Classroom Documentary Filmmaking solution and make it easy for students to create professional-looking documentaries. With this online tool choose from a variety of software, cameras, and accessories. Also available is a Documentary Resource Kit that includes materials written by expert teachers to help teachers and students get started. Note: The materials in the Documentary Resource Kit are compatible with iMovie HD 6. iMovie HD 6, previously distributed with iLife '06, is available for download for those who have purchased and installed iLife '08 at http://www.apple.com/support/downloads/imovieHD6.html.

For more information or to build a Classroom Documentary Filmmaking solution, visit: www.apple.com/education/documentary

MB107LL/A	Documentary Resource Kit *(1) Creating a Documentary with iMovie DVD by the National History Day Organization; (1) Stories Worth Telling: A Guide to Creating Student-Led Documentaries; (1) Documentary Resource CD*	29.00

SECTION A: Hardware Products

iMac

Mac Pro

With 8-core processing power now in the standard configuration, the new Mac Pro features Quad-Core Intel Xeon "Harpertown" processors running up to 3.2GHz, 12MB of L2 cache per processor and 1600MHz dual independent frontside buses. The Mac Pro can be configured (via Configure-to-Order online ordering, CTO) with two 2.8GHz, 3.0GHz, or 3.2GHz processors, or one 2.8GHz processor. All Mac Pro systems feature faster 800MHz DDR2 ECC fully buffered DIMM memory, starting at 2GB (2 x 1GB) and expandable up to 32GB, based on a 256-bit wide memory architecture. All new graphics cards are available from both ATI and NVIDIA, starting with the standard ATI Radeon HD 2600 XT with 256MB of GDDR3 memory and two dual-link DVI ports. All Mac Pro systems feature four 3.5" hard drive bays that can accommodate either Serial ATA (SATA) 3Gb/s or 15,000-rpm Serial Attached SCSI (SAS) 3Gb/s hard drives. Included is a 320GB Serial ATA 3Gb/s 7200-rpm hard drive, and the system is configurable with up to 4TB of internal storage. The optional Mac Pro RAID card adds added data protection and performance when configured with multiple hard drives. A 16x SuperDrive with double-layer support (DVD±R DL/DVD±RW/CD-RW) is standard in all systems, and Mac Pro can be configured with up to two 16x SuperDrives. All systems include a new double-wide PCI Express 2.0 graphics slot and three full-length PCI Express expansion slots, one of which is PCI Express 2.0, and two PCI Express. Bluetooth 2.0+EDR is now standard for connection to a wireless keyboard, mouse or other Bluetooth enabled device. All Mac Pro systems also include: two FireWire 800 ports, two FireWire 400 ports and five USB 2.0 ports. Networking includes two Gigabit Ethernet ports, an optional internal AirPort Extreme wireless module, and an optional external Apple USB modem. Audio support includes optical digital input/output, analog line-level input/output, front headphone minijack, and speaker. Software includes Mac OS X, Time Machine, Quick Look, Spaces, Spotlight, Dashboard, Mail, iLife, and more.

Also included are an Apple Keyboard, Mighty Mouse, USB keyboard extension cable, DVI to VGA adapter, and power cord.
Service and support is 90 days of toll-free telephone support and one-year limited warranty.
For more detailed information, please refer to the Mac Pro web site (http://www.apple.com/macpro)

MA970LL/A	Mac Pro (Two 2.8GHz Quad-Core Intel Xeon/2GB 800MHz DDR2 FB-DIMM/ATI Radeon HD 2600 XT/320GB Serial ATA/16x SuperDrive/Bluetooth 2.0+EDR)	2599.00

Xserve

Featuring up to 3.0Ghz 8-core processing and new high-bandwidth system architecture designed to provide phenomenal performance in a 1U rack-optimized enclosure, the new Xserve features one or two quad-core Intel Xeon "Harpertown" processors running at up to 3.0GHz, each with 12MB of shared L2 cache and a 1600MHz independent frontside bus. Xserve can be configured (via configure-to-order "CTO" online ordering) with two 2.8 or 3.0GHz quad-core Intel Xeon 5400-series processors. Xserve features a 256-bit wide fully-buffered memory architecture and includes 2GB (2x1GB) of 800MHz DDR2 ECC FB-DIMM memory, expandable up to 32GB. Xserve systems feature three Apple Drive Module expansion bays which can support Serial ATA (SATA) as well as high-performance 15,000-rpm Serial Attached SCSI (SAS) drives and two PCI Express 2.0 expansion slots (one eight-lane which can be configured alternatively as PCI-X through a CTO riser option, one sixteen-lane). The base configuration comes with one quad-core 2.8GHz Intel Xeon processors, a single 80GB SATA Apple Drive Module, a 8x SuperDrive (DVD+RW/CD-RW) optical drive, and a single 750W power supply which can be upgraded to dual-redundant power supplies via CTO. All Xserve system include: two on-board 10/100/1000 Base-T Gigabit Ethernet ports, internal graphics with 64MB 64MB of RAM and a mini-DVI output (mini-DVI to VGA adapter included), three USB 2.0 ports (two back, one front), two FireWire 800 ports (on back), a DB-9 serial console port, and lights-out management capabilities through the included Server Monitor software. Mac OS X Server "Leopard", unlimited client license version, and rack-mounting hardware is included.
Service and support is 90 days of toll-free telephone support and one-year limited warranty.

For more detailed information, please refer to product data sheets or the Xserve web site (http://www.apple.com/xserve).

Apple offers build-to-order capability for the Xserve products listed below. To take advantage of this capability, visit the Apple Store for Education at http://www.apple.com/education/store

MA882LL/A	Xserve (One 2.8GHz Quad-Core Intel Xeon/2GB 800MHz DDR2 ECC FB-DIMM/80GB SATA/2xGigE/SuperDrive/Built-in Graphics/Mac OS X Server Unlimited License)	2699.00
BD798LL/A	Xserve (One 2.8GHz Quad-Core Intel Xeon) (MA882LL/A) - w/AppleCare Premium Service and Support Plan - Auto Enroll	3459.00
BD799LL/A	Xserve (One 2.8GHz Quad-Core Intel Xeon) (MA882LL/A) - w/AppleCare Premium Service and Support Plan - Auto Enroll & AppleCare Service Parts Kit	4258.00

AppleCare Protection Plan extends your built-in AppleCare coverage to up to three years from the purchase date of your new Apple product. Choose AppleCare Protection Plan - Auto Enrollment if you're buying computers to be covered. Be sure that each purchase order has the same number of computers as Auto Enrollment options. Upon receipt of your purchase order, Apple will register each computer in the plan, and then mail you a proof-of-coverage certificate as well as an AppleCare Protection Plan CD and Getting Started Guide for each computer. If you are purchasing Mac mini, Mac Pro, or MacBook Pro along with Apple-branded displays, take care to choose "with Display" so that the display is registered for coverage as well. The AppleCare Protection Plan terms and conditions are available on Apple's website. United States: www.apple.com/applecare

To minimize downtime, purchase a bundle that includes both an AppleCare Service Parts Kit for Xserve and an AppleCare Premium Service and Support Plan. When you combine an AppleCare Service Parts Kit with the AppleCare Premium Service and Support Plan, Apple experts can often help you troubleshoot and fix your system right over the phone, day or night, so you won't have to wait for a technician. Xserve is designed for quick serviceability of crucial parts; no special training or certification is required. AppleCare Service Parts Kits let you keep key modules handy to address the most common hardware failures and the AppleCare Premium Service and Support Plan provides the support you need to get up and running quickly. AppleCare Service Parts Kits for Xserve include a logic board, a power supply, and a fan array.

D2336Z/A	Mac OS X Server Maintenance 36 Months Unlimited Client Single Server Mac OS X Server Maintenance is a 3 Year Agreement, payable in advance, during which the customer will receive any Major Upgrades to the Mac OS X Server Software product. Customers must be licensed for the current version of Mac OS X Server in order to be eligible to purchase Mac OS X Server Maintenance. (Purchase of Server Hardware currently listed in this section constitutes being Licensed for the current version of Mac OS X Server.) Maximum order quantity for Mac OS X Server Maintenance is limited to the number of systems owned by the customer that are licensed for the current version of Mac OS X Server.	499.00

Apple TV

Enjoy your movies, TV shows, music, photos, and podcasts in your living room on your big-screen TV. Apple TV includes a 40GB hard drive to hold up to 50 hours of video, 9000 songs, or 25,000 photos and features a stunning new interface to easily browse through all your content. Apple TV works with almost any widescreen enhanced-definition and high-definition TV. The Apple Remote is included. A Mac with Mac OS X v10.3.9 or later, or a Windows PC with XP Home or Professional (SP2) is required. Refer to http://www.apple.com/appletv for additional requirements and specifications.

Wireless Connectivity

MB053LL/A	AirPort Extreme Base Station (Gigabit Ethernet) 802.11n* wireless access point with built-in NAT router firewall. 1-Gigabit Ethernet WAN Port, 3-Gigabit Ethernet LAN Ports. USB port for sharing printer and Hard Drive wirelessly. AirPort Utility software included, as well as the AirPort Disk Utility for managing shared USB drives; compatible with MacOS X 10.4 and Windows XP (SP2) or Vista. Includes universal AC Power Adapter. * Based on an IEEE 802.11n draft specification.	159.00
MB321LL/A	Airport Express Base Station 802.11n Wi-Fi wireless access point, 1 Ethernet port to connect to a DSL or cable modem or local Ethernet network, one USB port to share a printer wirelessly, and one 3.5 mm audio jack that supports both analog and digital optical sound. With AirPort Express it is possible to play iTunes music over a wireless network to a stereo or powered speakers using AirTunes. AirPort Express supports both Mac and PC. AirPort Express has a built-in power supply and uses the standard Apple duck heads to plug into a power source. Minimum system requirements to run the software: Mac OS X v10.4 (Tiger), Mac OS X v10.5 (Leopard), Windows XP, and Windows Vista. Minimum requirements to access the wireless network are: an AirPort or AirPort-Extreme enabled Macintosh, or 802.11b/g or 802.11n draft 2.0 wireless PC or Wi-Fi device. Product ships with an AirPort Express and power adapter for local use. The AirPort Express Base Station is based on an IEEE 802.11n draft specification.	99.00
M9573LL/A	AirPort Express Stereo Connection Kit with Monster cables Includes AirPort Express power extension cable with local power adapter (1.87 m), mini stereo to dual RCA Monster cable (2 m), and mini optical digital to digital Toslink Monster cable (2 m)	35.00
M8881LL/A	AirPort Extreme Card Compatible with AirPort Extreme Base Station. The Airport Extreme Card is also fully compatible with all versions of AirPort. It is possible to join any AirPort or any Wi-Fi certified 802.11b wireless network	44.00

SECTION B: APPLE PROFESSIONAL SERVICES & AppleCare SUPPORT

Apple Professional Services

Professional Services offers a wide array of solutions - from simple to complex - and a skilled team that is ready to deliver. Tap into our talent pool of Apple Professional Development trainers, Project Management Deployment Consultants, Architecture and Integration Consultants, Custom software Developers and support professionals who offer Apple's legendary expertise in making technology work for everyone and a track record for delivering results fast.

Notes:
- The number of days required should be determined after a review of the customer's requirements.
- Additional charges may apply if services are provided to multiple locations.
- Some services may not be available in certain geographic locations.
- Services are performed Monday - Friday, between 8:00 a.m. to 5:00 p.m. local time.
- Authorized on-site contact with name and phone number must be provided in advance of on-site visit.
- Authorized on-site contact must be able to provide access to the work site and an authorized signature when work is completed.
- Travel may be required and additional expenses incurred, resulting in additional charges depending on the distance from the Apple consultant to the site.
- Prepaid services must be used within 12 months of ordering.

For more information or to obtain a detailed quote on these and other Apple Professional Services offerings, please call 1-800-800-APPL (800-800-2775) or visit http://www.apple.com/services. Please call before you place your order.

Apple Professional Services Offerings

The annual consultant position provides augmentation for customer's staff. As a senior position, the Apple Professional Services Consultant is first a diplomat ready to work with a diverse, cross-functional team while also providing either education curriculum and administrative expertise, deployment services expertise, or technical systems infrastructure expertise. The unique and specific needs of the customer will be first and foremost addressed by this full-time, focused consultant.

AppleCare Products

AppleCare Protection Plan for MacBook/ iBook (for Purchases of 250+ MacBook/ iBooks)

AppleCare Protection Plan (APP) for MacBook extends the complimentary coverage on your MacBook to four years of Apple-authorized service and expert support. The full APP Terms and Conditions are available on Apple's website.
The plan includes expert telephone assistance, repair coverage, web-based resources, and TechTool Deluxe from Micromat.

Ordering information:

- The AppleCare Protection Plan for MacBook part number must be on the same purchase order as the hardware and in equal quantities, i.e. X CPU's and X APP. The APP should be on the line above or below the hardware selected for Protection Plan coverage.
- A MINIMUM of 250 MacBooks with an EQUAL quantity of APP must be purchased on the same purchase order.
- Auto Enrollment automatically matches the Hardware Serial Number to the extended coverage in the Apple Warranty System.
- A Proof of Coverage Statement (POC) will be sent to the ship-to address reflecting the coverage period, serial number(s), product description with Terms and Conditions, and Web Site information. Additionally, one TechTool Deluxe CD will be included for each CPU. The POC statement will include Apple's sales order number as a reference. (NOTE: A single POC with CDs is mailed for each sales order.)
- IMPORTANT: The outside of the hardware finished goods box does NOT indicate the product has been auto enrolled for AppleCare Protection Plan. Therefore it is recommended that auto enrolled products and products without auto enrollment be purchased on separate purchase orders.

To place an order, please call 1-800-800-2775.

	AppleCare Protection Plan for MacBook - Auto Enroll *Price per APP for iBook for purchases of 250+ iBooks*	329.00

AppleCare Protection Plan

The AppleCare Protection Plan extends your computer's 90 days of complimentary support and one-year warranty to up to three years of world-class support. The Plan includes expert telephone assistance, onsite repairs for desktop computers, global repair coverage for all computers, web-based support resources and powerful diagnostic tools (TechTool Deluxe from Micromat). The AppleCare Protection Plan Terms and Conditions are available on Apple's website. United States: www.apple.com/applecare

AppleCare Protection - Enrollment Kits

Buy the appropriate Enrollment Kit for each computer to be covered by the AppleCare Protection Plan. Each Kit includes an AppleCare Protection Plan CD, a Getting Started Guide, the plan's Terms and Conditions, and instructions for registering the computer for coverage. Coverage is not activated until after you enroll. Coverage for an Apple display is provided for Mac mini, Mac Pro, and MacBook Pro customers provided the computer and the display were purchased at the same time and covered under the same plan. Please be sure to provide the serial numbers of both. Please note that to be eligible, the computer must be under its original one-year warranty. computer must be under its original one-year warranty.

Coverage is not activated until after you enroll. Please note that to be eligible, the Apple TV must be under its original one-year warranty.

MB593LL/A	AppleCare Protection Plan for Apple TV - Enrollment Kit	49.00

AppleCare Premium Service and Support Plan - Enrollment Kits

The AppleCare Premium Service and Support Plan delivers up to three years of coverage for Xserve or Xserve RAID systems. You get telephone and email support 24 hours a day, seven days a week. Apple experts can help diagnose hardware failures and software issues related to RAID Admin or the graphical user interface in Mac OS X Server. Apple-authorized technicians provide onsite hardware repairs with 4-hour response during business hours and next day response when you contact AppleCare after business hours. Onsite response time and availability of onsite service depend on your location. For details about the AppleCare Premium Service and Support Plan, including availability of onsite service in your area, visit www.apple.com/support/products/premium

Buy a separate AppleCare Premium Service and Support Plan for each Xserve or Xserve RAID purchased. Please note that to be eligible, the system must be under its original one-year warranty. Coverage is not activated until after you enroll by following the instructions in your enrollment kit. Choose hardware bundles that include the AppleCare Premium Service and Support Plan and your plan will be automatically enrolled. Coverage ends three years after your Xserve or Xserve RAID system purchase date.

For details about the AppleCare Premium Service and Support Plan, including availability of onsite service in your area, visit www.apple.com/support/products/premium

MB595LL/A	AppleCare Premium Service and Support Plan - Enrollment Kit for Xserve	760.00

AppleCare Service Parts Kits for Xserve and Xserve RAID

To minimize downtime, purchase both the AppleCare Service Parts Kit for Xserve or Xserve RAID and an AppleCare Premium Service and Support Plan. When you combine an AppleCare Service Parts Kit with the AppleCare Premium Service and Support Plan, Apple experts can often help you troubleshoot and fix your system right over the phone, day or night, so you won't have to wait for a technician. Xserve and Xserve RAID are designed for quick and easy swapping of crucial parts; no special training or certification is required. AppleCare Service Parts Kits let you keep key modules handy to address the most common hardware failures and the AppleCare Premium Service and Support Plan provides the support you need to get up and running quickly. AppleCare Service Parts Kits for Xserve include a logic board, a power supply, a fan array and a PCI Fan. AppleCare Service Parts Kits for Xserve RAID include a RAID controller module, a power supply, a cooling module and an Apple Drive Module. It is recommended that customers buy one kit for up to ten systems purchased.

MB086G/A	AppleCare Service Parts Kit for Xserve	799.00

Mac OS X Server Software Support Products

Mac OS X Server Software Support delivers consultative phone and email support for advanced server operation, migration and integration issues. All three plans provide support for technical issues that require the use of command-line tools for resolution. Whether you have occasional questions or you need assistance on a regular basis, Apple has a plan to fit your requirements. Each plan provides up to one year of coverage. Each plan also includes AppleCare Help Desk Support and a single copy of AppleCare Help Desk Tools. AppleCare Help Desk Support provides each designated contact an unlimited number of support incidents for software installation, launch, and use; hardware and software diagnosis and troubleshooting; and issue isolation for Apple-based solutions. In addition, each of your designated contacts will have access to Apple's professional online support resources, including private and monitored discussion boards, online updates of the latest tools and software patches, and prompt email notification of Apple technical issues. AppleCare Help Desk Tools provides a library of Mac OS installation and hardware diagnostics discs that is updated quarterly. For details about Mac OS X Server Support, visit www.apple.com/support/products

MB040ZM/C	Mac OS X Server Software Support - Select Covers up to 10 enterprise-level support incidents and provides four-hour response for priority 1 issues (server down), 12 hours a day, 7 days a week. Unused incidents expire after one year.	4796.00
D2652LL/D	Mac OS X Server Software Support - Preferred Covers an unlimited number of enterprise-level support incidents for two technical contacts from your organization, provides two-hour response for priority 1 (server down) issues 12 x 7, and assigns a technical account manager to your organization.	15996.00
D2653LL/D	Mac OS X Server Software Support - Alliance Covers an unlimited number of enterprise-level support incidents across multiple locations for four technical contacts in your organization and provides one-hour response for priority 1 (server down) issues, 24 x 7. This plan also includes an onsite review by an Apple technical support engineer and assigns a technical account manager to your organization.	39996.00

AppleCare Xsan Support

AppleCare Xsan Support delivers a year of priority phone and email support for your storage deployment. You'll have direct access—24 hours a day, 7 days a week— to Apple's dedicated Xsan Support team. These experts provide in-depth problem-solving assistance with Xsan and RAID Admin software. They also troubleshoot Apple hardware running Xsan, as well as interconnectivity between Mac Pro/ Power Mac, Xserve, and Xserve RAID systems, including Apple-qualified Fibre Channel switches. A separate AppleCare Xsan Support agreement must be purchased for each copy of Xsan software in your network. For complete terms and conditions, visit www.apple.com/support/products/xsan

M9754ZM/B	AppleCare Xsan Support	639.00
