PESTICIDE SAFETY RULES

1. Read label carefully before using product.
2. Store chemicals under lock and key.
3. Keep chemicals in original containers.
4. Use chemicals only on crops specified and at correct rate and schedule.
5. Do not eat or smoke while applying pesticides.
6. Wear protective clothing and masks as directed.
7. Wash clothing and skin immediately if chemicals should come in contact with same.
8. Avoid chemical drift from one crop to another.
9. Keep a record of materials, amounts used and date of application.
10. Dispose of empty containers in such a way that they are no longer hazardous.
11. In case of accidental poisoning, call a physician or take patient to a hospital immediately.
12. See back cover for poison control center telephone numbers.
