THE STRENGTH OF INNOVATION®

For over 35 years, Ultimate Support Systems has provided musicians with unique support solutions that are crafted with unparalleled innovation and quality and accompanied by superior customer service. Innovation is at the core of Ultimate Support's past, present, and future. You can trace Ultimate Support's roots back to 1977, when company founder, musician, and inventor Darrell Schoenig developed an alternative to the existing unwieldy and unsightly speaker stands. What came after was a whirlwind of industry standard products such as the first successful line of lightweight aluminum speaker stands, the legendary APEX keyboard stand, and innovative maverick technologies such as the world's first one-handed height-adjustable microphone stand. Thank you for your continued support!

Leveling leg for placement on uneven surfaces, risers, or stairs.

TS-110BL

SPEAKER STANDS TeleLock® Series

TeleLock Series speaker stands are some of the easiest speaker stands to use thanks to the patented TeleLock collar. Set the TeleLock collar to the "Raise" setting and the Auto-lock technology provides just the right amount of resistance to lock the telescoping pole in place while you adjust the height of your speaker. Set it to the "Lower" setting and gently guide your speaker down. Set it to the "Lock" setting and the speaker will securely lock in place. Owning and using TeleLock speaker stands is like having tour support built into every show!

TS-90B, item #13908

TeleLock® Series Lift-assist Aluminum Speaker Stand with Integrated Speaker Adapter

- Specs:**

SPEAKER STANDS Original Series

TS-80 tripod speaker stands from Ultimate Support are the industry standard stands you've seen on stages for decades. They're sturdy and lightweight, 100% field serviceable, and are used in more venues, on more stages, and in more shows than any other speaker stand in history. Ultimate Support invented the tripod speaker stand over 30 years ago and the TS-80B, TS-80S, and TS-88B continue the legacy of quality, innovation, and strength today.

ULTIMATE
S U P P O R T[®]

LIMITED LIFETIME WARRANTY

Ultimate Support products are constructed of the finest materials and designed and tested to stand up to the demanding lifestyle of the touring musician, gigging DJ, and working sound engineer. In the unlikely event that a product should fail due to manufacturing defect, Ultimate Support is pleased to repair or replace that product.

Please see www.ultimatesupport.com for more information.

This warranty applies to the original purchaser only and does not include damage to the product resulting from normal wear and tear, accident, misuse, improper installation or operation, or unauthorized repair or alterations.
