THE STRONGEST WAY TO POWER WALK.

Only Cub Cadet is pushing the boundaries of what walk-behind mowers can do. The Signature Cut Series offers seven models of push and self-propelled mowers unrivaled in their strength and power. And the one-of-a-kind driving system offers effortless and optimum maneuverability allowing you to cut around curved landscaping and hard-to-reach places.

INDUSTRY-LEADING FEATURES. THAT'S THE STRENGTH OF THE CUB CADET ADVANTAGE.

BEST-IN-CLASS HANDLING

The MySpeed Premium Drive Control System delivers high-performance and industry-leading control. With it you'll experience smoother engagement, superior speed variability and enhanced traction.

VERSATILE MANEUVERABILITY

With choices like high wheels for smooth operation over uneven terrain or caster wheels that allow you to lock into straight-line uniformity or unlock for zero-turn capability, you're getting a mower that fits your needs.

THE CUB CADET SIGNATURE CUT™

Lower front-leading edge deck design creates more circulation and a stronger vacuum, delivering a professional-quality cut every time.
