LATINO MORTGAGE ORIGINATORS

TOP 250

FOREWORD

For the first year since the inception of the Top 250 Award program, the National Association of Hispanic Real Estate Professionals® (NAHREP®) is proud to recognize the leading Latino mortgage originators from across the country in the inaugural Top 250 Latino Mortgage Originators Award.

NAHREP believes in recognizing hard working individuals from across the real estate industry who support homeownership in the Latino community. The continuous success of the Top 250 Latino Agents Award created a demand for recognition of success in other professions within the industry. The Top 250 Latino Mortgage Originators Award was conceived in 2014 to honor the positive impact mortgage professionals have in making homeownership a reality for families across the country. The following list recognizes mortgage originators whose hard work has led them to close an exceptional number of mortgages in 2014. They have earned the distinction from among the nearly eight-hundred mortgage originators nominated for the first annual award.

The group of top producers represents a total of 22,711 closed mortgages, over \$5.0 billion dollars in closed mortgages, and thirty-three different companies. Their success is a demonstration of the growing influence of Latinos in real estate, both as a profession as well as through home buying.

Felicidades to the Top 250 and their continued success. Join the conversation on social media and recognize the achievements of the first-ever group of Top 250 Latino Mortgage Originators. Share comments using #Top250 on your favorite social media platform.

METHODOLOGY

The listing of the Top 250 Latino Mortgage Originators in America is compiled through a self-nomination process reflective of transactions closed during the 2014 calendar year. Once received, NAHREP reviews the nomination for accuracy and when necessary seeks validation of submitted data from a director or officer of the respective candidate's company. To be eligible, nominees are required to submit their personal number of closed mortgages to be ranked against other nominees. Nominations may be disqualified or modified where third party validation is not available or consistent. In instances where there is a tie based on number of mortgages closed, higher rank is given to originators with greater sales volume. Ethnic background is confirmed through self-attestation.

Congratulations, Top 250 Latino Mortgage Originators!

From all of us at Radian, congratulations on an outstanding year.

We celebrate your success as a champion of homeownership. At Radian, we share your commitment to promoting homeownership, and are working diligently with our lending partners to make the American Dream a reality for more deserving borrowers.
