

5122-14-14 Incident notification and risk management.

(A) This rule establishes standards to ensure the prompt and accurate notification of certain prescribed incidents. It also requires the agency to review and analyze all incidents so that it might identify and implement corrective measures designed to prevent recurrence and manage risk.

(B) Definitions

(1) "Incident" means an event that poses a danger to the health and safety of patients and/or staff and visitors of the hospital, and is not consistent with routine care of persons served or routine operation of the hospital.

(2) "Reportable incident" means an incident that must be submitted to the department, including incidents that must then be forwarded by the department to the Ohio legal rights service pursuant to section [5123.604](#) of the Revised Code. As referenced in division (C) of section [5119.611](#) of the Revised Code, "major unusual incident" has the same meaning as "reportable incident."

(3) "Six month reportable incident" means an incident type of which limited information must be reported to the department. A six month reportable incident is not the same as a reportable incident.

(4) "Six month incident data report" means a data report which must be submitted to the department.

(C) The inpatient psychiatric service provider shall develop an incident reporting system to include a mechanism for the review and analysis of all reportable incidents such that clinical and administrative activities are undertaken to identify, evaluate, and reduce risk to patients, staff, and visitors. The inpatient psychiatric service provider shall identify in policy other incidents to be reviewed and analyzed.

(1) An incident report shall be submitted in written form to the inpatient psychiatric service provider's chief executive officer or designee within twenty-four hours of discovery of the incident.

(2) As part of the inpatient psychiatric service provider's performance improvement process, a periodic review and analysis of reportable incidents, and other incidents as defined in policy, shall be performed.

(3) The inpatient psychiatric service provider shall maintain an ongoing log of its reportable incidents for departmental review.

(D) Any person who has knowledge of any instance of abuse or neglect, or alleged or suspected abuse or neglect, or of an alleged crime which would constitute a felony, of:

(1) Any child or adolescent, shall immediately notify any alleged or suspected abuse or neglect to the county children's services board, the designated child protective agency, or law enforcement authorities, in accordance with section [2151.421](#) of the Revised Code, or of an alleged crime against a child or adolescent which would constitute a felony, including a crime allegedly committed by another child or adolescent which would constitute a felony if committed by an adult, shall immediately notify law enforcement authorities.

(2) An elderly person, shall immediately notify the appropriate law enforcement and county department of jobs and family services authorities in accordance with section [5101.61](#) of the Revised Code.

(E) Each inpatient psychiatric service provider shall submit reportable incidents and six month reportable incidents as defined by and according to the schedule included in appendix A to the rule.

(F) Each reportable incident shall be documented on form "DMH-LIC-013" as required by the department, and shall be forwarded to the department within twenty-four hours of its discovery, exclusive of weekends and holidays. Form "DMH-LIC-013" shall include identifying information about the inpatient psychiatric service

provider, date, time and type of incident, and client information that has been de-identified pursuant to the HIPAA privacy regulations, [45 C.F.R.164.514(b)(2)].

(1) The inpatient psychiatric service provider shall file only one incident form per event occurrence and identify each incident report category, if more than one, and include information regarding all involved patients, staff, and visitors.

(2) The inpatient psychiatric service provider shall notify the patient's parent, guardian or custodian, if applicable, within twenty-four hours of discovery of a reportable incident, and document such notification.

(a) Notification may be made by phone, mailing, faxing or e-mailing a copy of the incident form, or other means according to inpatient psychiatric service provider policy and procedures.

(b) When notification does not include sending a copy of the incident form, the inpatient psychiatric service provider must inform the parent, guardian or custodian, of his/her right to receive a copy, and forward a copy within twenty-four hours of receiving a request for a copy. The inpatient psychiatric service provider shall document compliance with the provisions of this paragraph.

(G) Each inpatient psychiatric service provider shall submit a six month incident data report to the department utilizing the form that is in appendix B to this rule.

The six month data report must be submitted according to the following schedule:

(1) The six month data report for the period of January first to June thirtieth of each year shall be submitted no later than July thirty-first of the same year; and

(2) The six month data report for the period of July first to December thirty-first of each year shall be submitted no later than January thirty-first of the following year.

(H) The department may initiate follow-up and further investigation of a reportable incident and six month reportable incidents, as deemed necessary and appropriate, or may request such follow-up and investigation by the inpatient psychiatric service provider, and/or regulatory or enforcement authority.

**Inpatient Psychiatric Service Provider
Reportable and Six Month Reportable Incidents**

In addition to the definitions in rule 5122-14-01 and of the Administrative Code, the following definitions are applicable to Ohio Administrative Code (OAC) rule 5122-14-14 "Incident Notification and Risk Management":

- (1) "Emergency/Unplanned Medical Intervention" means treatment required to be performed by a licensed medical doctor, osteopath, podiatrist, dentist, physician's assistant, or certified nurse practitioner, but the treatment required is not serious enough to warrant or require hospitalization. It includes sutures, staples, immobilization devices and other treatments not listed under "First Aid", regardless of whether the treatment is provided in the hospital, or at a doctor's office/clinic/hospital ER, etc. This does not include routine medical care or shots/immunizations, as well as diagnostic tests, such as laboratory work, x-rays, scans, etc., if no medical treatment is provided.
- (2) "First Aid" means treatment for an injury such as cleaning of an abrasion/wound with or without the application of a Band-aid, application of a butterfly bandages/Steri-Strips™, application of an ice/heat pack for a bruise, application of a finger guard, non-rigid support such as a soft wrap or elastic bandage, drilling a nail or draining a blister, removal of a splinter, removal of a foreign body from the eye using only irrigation or swab, massage, drinking fluids for relief of heat stress, eye patch, and use of over-the-counter medications such as antibiotic creams, aspirin and acetaminophen. These treatments are considered first aid, even if applied by a physician. These treatments are not considered first aid if provided at the request of the patient and/or to provide comfort without a corresponding injury.
- (3) "Hospitalization" means inpatient treatment provided at a medical acute care hospital, regardless of the length of stay. Hospitalization does not include treatment when the individual is treated in and triaged through the emergency room with a discharge disposition to return to the community, or admission to a psychiatric unit.
- (4) "Injury" means an event requiring medical treatment that is not caused by a physical illness or medical emergency. It does not include scrapes, cuts or bruises which do not require medical treatment.
- (5) "Sexual Conduct" means as defined by Section 2907.01 of the Ohio Revised Code, vaginal intercourse between a male and female; anal intercourse, fellatio, and cunnilingus between persons regardless of sex; and, without privilege to do so, the insertion, however slight, of any part of the body or any instrument, apparatus, or other object into the vaginal or anal opening of another. Penetration, however slight, is sufficient to complete vaginal or anal intercourse.
- (6) "Sexual Contact" means as defined by Section 2907.01 of the Ohio Revised Code, any touching of an erogenous zone of another, including without limitation the thigh, genitals, buttock, pubic region, or, if the person is a female, a breast, for the purpose of sexually arousing or gratifying either person.

Reportable Incidents

The following lists and defines each event category which must be reported per incident in accordance with paragraph (F) of rule 5122-14-14 of the Administrative Code.

Category	Reportable Incident Definition
Suicide	The intentional taking of one's own life by a patient.
Suicide Attempt	Intentional action by a patient with the intent of taking one's own life, and is either a stated suicide attempt or clinically determined to be so, regardless of whether it results in medical treatment.
Self-Injurious Behavior	Intentional injury caused by a patient to oneself that is neither a stated suicide attempt, or clinically determined to be so, which requires emergency/unplanned medical intervention or hospitalization, and which happens on the grounds of the hospital or during the provisions of care or treatment, including during hospital off-grounds events.
Homicide by Patient	The alleged unlawful killing of a human being by a patient.
Homicide of Patient	The alleged unlawful killing of a patient by another person.
Natural Death	Death of a patient without the aid of inducement of any intervening instrumentality, i.e. homicide, suicide or accident
Accidental Death	Death of a patient resulting from an unusual and unexpected event that is not suicide, homicide or natural, and which happens on the grounds of the hospital or during the provisions of care or treatment, including during hospital off-grounds events.
Verbal Abuse	Allegation of staff action directed toward a patient that includes humiliation, harassment, and threats of punishment or deprivation.
Physical Abuse	Allegation of staff action directed toward a patient of hitting, slapping, pinching, kicking, or controlling behavior through corporal punishment or any other form of physical abuse as defined by applicable sections of the Revised or Administrative Code.
Sexual Abuse	Allegation of staff action directed toward a patient where there is sexual contact or sexual conduct with the patient, any act where staff cause one or more other persons to have sexual contact or sexual conduct with the patient, or sexual comments directed toward a patient. Sexual conduct and sexual contact have the same meanings as in Section 2907.01 or the Revised Code.
Neglect	Allegation of a purposeful or negligent disregard of duty imposed on an employee by statute, rule, organizational policy, or professional standard and owed to a patient by that staff member.
Defraud	Allegation of staff action directed toward a patient to knowingly obtain by deception or exploitation some benefit for oneself or another or to knowingly cause, by deception or exploitation, some detriment to another.

Reportable Incidents

The following lists and defines each event category which must be reported per incident in accordance with paragraph (F) of rule 5122-14-14 of the Administrative Code (continued).

Category	Reportable Incident Definition
Involuntary Termination Without Appropriate Patient Involvement	Discontinuing services to a patient without informing the patient in advance of the termination, providing a reason for the termination, and offering a referral to the patient. This does not include situations when a patient discontinues services without notification, and the hospital documents it was unable to notify the patient due to lack of address, returned mail, lack of or non-working phone number, etc.
Sexual Assault by Non-staff, Including a Visitor, Patient or Other	Any allegation of one or more of the following sexual offenses as defined by Chapter 2907 of the Revised Code committed by a non-staff against another individual, including staff, and which happens on the grounds of the hospital or during the provisions of care or treatment, including during hospital off-grounds events: Rape, sexual battery, unlawful sexual conduct with a minor, gross sexual imposition, or sexual imposition.
Physical Assault by Non-staff, Including Visitor, Patient or Other	Knowingly causing physical harm or recklessly causing serious physical harm to another individual, including staff, by physical contact with that person, which results in an injury requiring emergency/unplanned medical intervention or hospitalization, and which happens on the grounds of the hospital or during the provision of care or treatment, including during hospital off-grounds events.
Medication Error	Any preventable event while the medication was in the control of the health care professional or patient, and which resulted in permanent patient harm, transfer to a hospital medical unit, or death. Such events may be related to professional practice, health care products, procedures, and systems, including prescribing; order communication, product labeling, packaging, and nomenclature; compounding; dispensing; distribution; administration; education; monitoring; and use.
Adverse Drug Reaction	Unintended, undesirable or unexpected effect of a prescribed medication(s) that resulted in permanent patient harm, transfer to a hospital medical unit, or death.
Patient Fall	Loss of upright position that results in landing on the floor, ground or an object or furniture, or a sudden, uncontrolled, unintentional, non-purposeful, downward displacement of the body to the floor/ground or hitting another object like a chair or stair, resulting in:

Medical Events Impacting Hospital Operations	The presence or exposure of a contagious or infectious medical illness within an hospital, whether brought by staff, patient, visitor or unknown origin, that poses a significant health risk to other staff or patients in the hospital, and that requires special precautions impacting operations. Special precautions impacting operations include medical testing of all individuals who may have been present in the hospital, when isolation or quarantine is recommended or ordered by the health department, police or other government entity with authority to do so, and/or notification to individuals of potential exposure. Special precautions impacting operations does not include general isolation precautions, i.e. suggesting staff and/or patients avoid a sick individual or vice versa, or when a disease may have been transmitted via consensual sexual contact or sexual conduct.
Away Without Leave (AWOL)	A patient in an acute inpatient setting has been absent from a location defined by the patient's status regardless of leave or legal status. A patient is considered to be AWOL if the patient (1) has not been accounted for when expected to be present, or (2) has left the grounds of the hospital without permission. Implicit in this definition is that the patient has been informed of the limits placed on his/her location prior to the elopement incident.
Discharge to Homeless Shelter	Discharge or relocation of a patient from an acute, inpatient setting to a homeless shelter, unless it is the expressed wish of the patient, the responsible Board or contract agency has been involved in the decision-making process, and other placement options have been offered to the individual patient and have been refused.
Discharge to Homeless - Street	Discharge or relocation of a patient from an acute, inpatient setting who refuses all aftercare placement options, including homeless shelters, offered by the hospital, board and agency.
