Exhibit II

Exhibit II

The parties agree that the following provisions of the Contract are replaced and superseded by the provisions indicated below.

2.3. PRICELIST. The Contractor's pricelist for the products and services that the Contractor may provide to the State under this Contract is ~~attached as Exhibit I~~ the Contractor's GSA pricelist in effect at the time of order and consistent with the updated pricelist provided to the State bi-weekly on CD. For convenience, those products and services are called "Deliverables" in this Contract. Any custom materials resulting from the Contractor's services also are called "Deliverables" in this Contract. The Contractor may not provide any other Deliverables under this Contract without a prior written amendment to this Contract that both the State and the Contractor have signed. Furthermore, the Contractor may not charge the State greater prices for these Deliverables than the prices on the Exhibit I. If Exhibit I contains or incorporates by reference any terms or conditions other than a description of the scope of license for software, a description of the Contractor's products and services, and the prices for those products and services, those terms or conditions are excluded from this Contract and are of no effect. Exhibit I is identified as the following pricelist:

Hewlett-Packard Pricelist 100413

The Contractor will not sell to the State any notebook computers with less than a 1.60 GHz internal clock speed. Additionally, the Contractor will not sell to the State any PCs or servers using CPUs with less than a 3.0 GHz internal clock speed. Additionally, the Contractor will not sell to the State any term software licenses. And except in the case of operating systems licensed in conjunction with desktop PCs, notebook computers, PDAs, and similar personal computing devices that the OEM does not distribute without an operating system, the Contractor will not sell or license any Microsoft software to the State. If any of the foregoing items are listed in the Contractor's pricelist, they are deleted for purposes of this Contract.

2.6. INVOICE REQUIREMENTS. The Contractor must submit an original invoice with ~~three copies~~ one copy to the office designated in the purchase order as the "bill to" address. To be a proper invoice, the invoice must include the following information:

- (a) Name and address of the Contractor as designated in this Contract;
- (b) The Contractor's federal tax identification number as designated in this Contract;
- (c) The Contractor's invoice remittance address as designated in this Contract;
- (d) The purchase order number authorizing the delivery of the Deliverables;
- (e) A description of the Deliverables, including, as applicable, the time period, serial number, unit price, quantity, and total price of the Deliverables; and
- (f) If the invoice is for a lease, the Contractor also must include the payment number (e.g., 1 of 36).

If an authorized dealer has fulfilled the purchase order, then the dealer's information should be supplied in lieu of the Contractor's information. If an invoice does not meet this section's requirements, or if the Contractor fails to give proper notice of a price increase (see the next section), the State will send the Contractor written notice. The State will send the notice, along with the improper invoice, to the Contractor's address designated for receipt of purchase orders within 15 days. The notice will contain a description of the defect or impropriety and any additional information the Contractor needs to correct

the invoice. If such notification has been sent, the payment due date will be 30 days after the State receives a proper invoice and has accepted the Contractor's Deliverable.

2.8. NON-APPROPRIATION OF FUNDS. The State's funds are contingent on the availability of lawful appropriations by the Ohio General Assembly. If the Ohio General Assembly fails to continue funding for any payments due hereunder, the order or orders under this Contract that are affected by the lack of funding will terminate as of the date that the funding expires, and the State will have no further obligation to make any payments with respect to the affected order or orders. Neither the State nor the Contractor will have any further obligations, except the State shall pay for orders where the Contractor has received a valid purchase order before Contractor receives the notice.

2.10. CONTROLLING BOARD AUTHORIZATION. The State's obligations under this Contract are subject to the Ohio Controlling Board continuing to authorize the State's use of its term contracts program. If the Ohio Controlling Board fails to authorize or withdraws its authorization for this program, this Contract will terminate immediately, the State shall give the Contractor notice in a reasonable period of time, and neither the State nor the Contractor will have any further obligations, except the State shall pay for orders where the Contractor has received a valid purchase order before Contractor receives the notice, and the Contractor may not take any more orders under it.

3.2. AUDITS. During the term of this Contract and for three years after termination, ~~on one time per year~~ following reasonable notice of at least 15 days and during customary business hours, the State may audit the Contractor's invoice and purchase order records and other materials that are directly related to the Deliverables and to the pricing representations that the Contractor has made to acquire this Contract. This audit right also will apply to the State's duly authorized representatives and any organization providing funding for any Deliverable.

Unless it is impracticable to do so, all records related to this Contract must be kept in a single location, either at the Contractor's principle place of business or the facilities where the Contractor substantially performed under this Contract. If this is not practical, the Contractor must assume the cost of collecting, organizing, and relocating the records, along with any technology needed for accessing the records, to its office nearest Columbus, Ohio whenever the State or any entity with audit rights requests access to the records. The Contractor must do so within 15 to 30 days of receiving the State's written notice of its intent to audit the Contractor's records and must notify the State as soon as the records are ready for audit.

Except as provided herein, such audit shall be at the State's sole expense, but if any audit reveals any material misrepresentation or overcharge to the State, the State will be entitled to recover its damages, including the cost of the audit.

3.3. INSURANCE.

The Contractor must provide the following insurance coverage at its own expense throughout the term of this Contract:

- (a) Workers' compensation insurance, as required by Ohio law, and if some work will be done outside Ohio, the laws of the appropriate states where work will be done. The Contractor also must maintain employer's liability insurance with ~~at least a~~ \$1,000,000.00 limit.

(b) Commercial General Liability insurance coverage for bodily injury, personal injury, ~~wrongful death~~, and property damage. ~~The defense cost must be outside of the policy limits.~~ Such policy must ~~designate~~ include the State of Ohio as an additional insured, as its interest may appear. The policy also must be endorsed to include a blanket waiver of subrogation. At ~~a minimum~~ The limits of the insurance must be:

- \$ 2,000,000 General Aggregate
- \$ 2,000,000 Products/Completed Operations Aggregate
- \$ 1,000,000 Per Occurrence Limit
- \$ 1,000,000 Personal and Advertising Injury Limit
- \$100,000 Fire Legal Liability
- \$ 10,000 Medical Payments

~~The Contractor shall, for each policy required by this Contract must be endorsed to provide the State with 30 days prior written notice of cancellation, or material change, or non-renewal, except a ten (10) day notice of non-payment of premium to the policy. And the Contractor's Commercial General Liability must be primary over any other insurance coverage.~~

Contractor will provide to the State certificates of all required insurance within thirty (30) calendar days of the Contract effective date and prior to performance of any work. Copies of renewal certificates of all required insurance will be furnished upon request within thirty (30) days after renewal date. Contractor provides written endorsement to the Contractor's general liability insurance policy that includes the State as an additional insured, which endorsement may be met through the use of what is referred to as a "blanket" additional insured endorsement.

The Contractor's Commercial General Liability must be primary over any other insurance coverage.

(c) Commercial Automobile Liability insurance with a combined single limit of \$500,000.

(d) Professional Liability insurance covering all staff with a ~~minimum~~ limit of ~~\$31,000,000~~ per incident claim and \$1,000,000 aggregate. If the Contractor's policy is written on a "claims made" basis, the Contractor must provide the State with proof of continuous coverage at the time the policy is renewed. ~~If for any reason the policy expires, or coverage is terminated, the Contractor must purchase and maintain "tail" coverage through the applicable statute of limitations.~~

All certificates must be in a form that is reasonably satisfactory to the State as to the contents of the policies and the quality of the insurance carriers. With the exception of any wholly-owned captive, ~~A~~ all carriers must have at least an "A-" rating by A.M. Best.

3.6. **RECALLS.** If a Deliverable is recalled, seized, or embargoed, or if the Contractor, ~~a manufacturer, packer, processor,~~ or a regulatory body with appropriate jurisdiction or applicable authority finds that a Deliverable has been misbranded, adulterated, or is unsafe, the Contractor must notify the State, through the Department of Administrative Services, Office of State Purchasing ~~Information Technology~~, as well as all agencies that have ordered the Deliverable, within a commercially reasonable time within twenty days ~~ten business days~~ after the Contractor learns of any of the above events. At the option of the Contractor ~~State~~, the Contractor must either reimburse the State for the purchase price of each affected Deliverable or provide an equal or better replacement for each Deliverable at no additional cost to the State. The Contractor also must remove and replace all affected Deliverables within a reasonable

time, as determined by the State. Further, at the option of the State, the Contractor may be required to reimburse the State for storage costs and handling fees, which the State may calculate from the time the State reasonably ceases to use a ~~of delivery of each affected Deliverable~~ because of a Recall Notice until ~~to~~ the Deliverable's actual removal. Furthermore, the Contractor must bear all costs associated with the removal and proper disposal of the affected Deliverables. The State will treat any failure to meet the foregoing obligations ~~refund the purchase price or provide a suitable replacement within a reasonable time, not to exceed 30 days~~, as a default.

3.7. TERMINATION. The State may terminate this Contract or any order under this Contract if the Contractor defaults in meeting its obligations and fails to timely cure its default. The State also may terminate this Contract or any order under it if a petition in bankruptcy is filed by or against the Contractor and not dismissed within 60 days. And the State may terminate this Contract or any order under it if the Contractor violates any law or regulation while performing under this Contract or if it appears to the State that the Contractor's performance is substantially endangered through no fault of the State. In all of the foregoing cases, the termination will be for cause.

On written notice, the Contractor will have 30 days to cure any breach of its obligations under this Contract, provided the breach is curable. If the Contractor fails to cure the breach within 30 days after written notice or if the breach is not one that is curable, the State will have the right to terminate this Contract, the applicable orders, or both immediately upon written notice to the Contractor. Some provisions of this Contract may provide for a shorter cure period than 30 days or for no cure period at all. Those provisions will prevail over this one. If a particular section does not state what the cure period will be, this provision will govern.

The State also may terminate this Contract in the case of breaches that are cured within 30 days but are persistent. "Persistent" in this context means that the State has notified the Contractor in writing of the Contractor's failure to meet any of its obligations ~~two~~ three times. After the ~~second~~ third such notice, the State may terminate this Contract without a cure period if the Contractor again fails to meet any obligation. The three defaults do not have to relate to the same obligation or type of failure.

The State also may terminate this Contract or any order under this Contract for its convenience and without cause. And the State may terminate this Contract or any order under it if the Ohio General Assembly fails to appropriate funds for any order under this Contract. Further, if a third party is providing funding for an order, the State also may terminate this Contract or any order under it should that third party fail to release any funds related to this Contract or an order under it.

Any notice of termination will be effective as soon as the Contractor receives it. On receipt of the notice of termination, the Contractor will immediately cease all work on any Deliverables affected by the termination and take all steps necessary to minimize any costs the Contractor will incur related to the affected orders. The Contractor also must immediately prepare a report and deliver it to the State. The report must detail all open orders at the time of termination.

If the State terminates this Contract or any order for cause, it will be entitled to cover for the affected orders by using another vendor or vendors on such commercially reasonable terms and conditions as it and the covering vendors may agree. The Contractor will be liable to the State for all costs related to covering for the affected orders to the extent that such costs exceed the costs that the State would have incurred under this Contract for those orders. The Contractor also will be liable for any other direct damages resulting from its breach of this Contract or other event leading to termination for cause.

If the termination is for the convenience of the State, the Contractor will be entitled to compensation for any Deliverable that the Contractor has received a purchase order for and delivered before the termination. Such compensation will be the Contractor's exclusive remedy in the case of termination for convenience and will be available to the Contractor only once the Contractor has submitted a proper invoice for such, with the invoice reflecting the amount the State determines that it owes the Contractor.

3.10. LOCATION OF SERVICES AND DATA. As part of this Contract, the Contractor must disclose the following:

- (a) All locations where any services will be performed;
- (b) All locations where any State data applicable to the Contract will be maintained or made available; and
- (c) The principal place of business for the Contractor and all its subcontractors.

The Contractor may not change any location where any services are performed to a location outside the country of the original location or change any location where the data is maintained or made available to any other location outside the country of the original location without prior written approval of the State, which the State will not be obligated to provide.

Contractor incidental customer support services and order administration provided by phone or email may be provided by Contractor's global locations.

4.2. TITLE. Unless otherwise specified in the Statement of Work, Title and risk of loss to any Equipment Deliverable will pass to the State upon delivery. Title to Software Deliverable shall not pass to the State for any reason, only on acceptance of the Deliverable, and all risk of loss will remain with the Contractor until title to the Deliverable passes to the State.

5.1. COMMERCIAL MATERIAL.

As used in this section, "Commercial Material" means anything that the Contractor or a third party has developed at private expense and that is commercially available in the marketplace, subject to intellectual property rights, and readily susceptible to copying through duplication on magnetic media, paper, or other media. Examples include the written reports, books, pictures, videos, movies, computer programs, source code, and documentation.

Any Commercial Material that the Contractor intends to deliver as a Deliverable must have the scope of the license granted in such material disclosed in an Exhibit to this Contract, if that scope of license is different than the scope of license contained in this section for Commercial Materials.

Except for Commercial Material that is software ("Commercial Software"), if the Commercial Material is copyrighted and published material, then the State will have the rights permitted under the federal copyright laws for each copy of the Commercial Material delivered to it by the Contractor.

Except for Commercial Software, if the Commercial Material is patented, then the State will have the rights permitted under the federal patent laws for each copy of the Commercial Material delivered to it by the Contractor.

For Commercial Software, the State will have the following, perpetual rights, subject to the terms of the end-user license applicable to the Commercial Software as provided by the manufacturer, and subject to the next paragraph.~~The State may:~~

Reference: HP GSA GS-35F-446AA, App. C, Sections 24-29.

24. License Grant. Contractor grants the State a non-exclusive license to use the version or release of the HP-branded software listed in the Order. Permitted use is for internal purposes only (and not for further commercialization), and is subject to any specific software licensing information that is in the software product or its Supporting Material regarding scope of use. For non-HP branded software, the third party's license terms will govern its use to the extent they are enforceable under Ohio law.

25. Updates. The State may order new software versions, releases or maintenance updates ("Updates"), if available, separately or through an HP software support Contract. Additional licenses or fees may apply for these Updates or for the use of the software in an upgraded environment. Updates are subject to the license terms in effect at the time that HP makes them available to the State.

26. License Restrictions. Contractor may monitor use/license restrictions remotely and, if HP makes a license management program available, the State agrees to install and use it within a reasonable period of time. The State may make a copy or adaptation of a licensed software product only for archival purposes or when it is an essential step in the authorized use of the software. The State may use this archival copy without paying an additional license only when the primary system is inoperable. The State may not copy licensed software onto or otherwise use or make it available on any public external distributed network. Licenses that allow use over the State's intranet require restricted access by authorized users only. The State will also not modify, reverse engineer, disassemble decrypt, decompile or make derivative works of any software licensed to the State under this Contract unless permitted by statute, in which case the State will provide Contractor with reasonably detailed information about those activities.

27. License Term and Termination. Unless otherwise specified, any license granted is perpetual. In the case of a limited-term license, upon expiration, the State will either destroy all copies of the software or return them to HP, except that the State may retain one copy for archival purposes only.

28. License Transfer. The State may not sublicense, assign, transfer, rent or lease the software or software license except as permitted by HP. HP-branded software licenses are generally transferable subject to HP's prior written authorization and payment to HP of any applicable fees. Upon such transfer, the State's rights shall terminate and the State shall transfer all copies of the software to the transferee. Transferee must agree in writing to be bound by the applicable software license terms. The State may transfer firmware only upon transfer of associated hardware.

29. License Compliance. HP may audit the State's compliance with the software license terms. Upon reasonable notice, HP may conduct an audit during normal business hours (with the auditor's costs being at HP's expense). If an audit reveals underpayments then the State will pay to HP such underpayments. ~~If underpayments discovered exceed five (5) percent of the contract price, the State will reimburse HP for the auditor costs.~~

In the case of any other scope of license (e.g., MIPs, tier, concurrent users, enterprise, site, or otherwise), the foregoing will apply except as expressly modified by the applicable license description,

which must be provided with the documentation accompanying the software incorporated as part of Exhibit I. ~~If the Contractor provides greater license rights in an item included in Exhibit I to its general customer base for the Software's list price those additional license rights also will be provided to the State without additional cost or obligation. No license description may reduce the rights in items 1 through 6 above granted above;~~ it may only define the extent of use, if the use is other than a CPU license.

The State will treat any Commercial Software as Confidential Information, in accordance with the requirements of the Confidential Information section of this Contract, if the Commercial Software is clearly and conspicuously labeled as confidential or secret.

5.2. CUSTOM DELIVERABLES.

If specified in the applicable Order Statement of Work, all custom work developed solely for the State ~~done~~ by the Contractor and covered by this Contract, except for Pre-existing Materials as defined below, will belong to the State, with all rights, title, and interest in all intellectual property that comes into existence through the Contractor's work under this Contract being assigned to the State. Additionally, the Contractor waives any shop rights, author rights, and similar retained interests in any such custom developed materials, except Pre-existing Materials. The Contractor must provide the State with all assistance reasonably needed to vest such rights of ownership in the State. However, the Contractor will retain ownership of all tools, methods, techniques, standards, and other development procedures, as well as generic and preexisting shells, subroutines, any deliverables based on Contractor's reusable or pre-existing intellectual property and similar material incorporated in any custom Deliverable ("Pre-existing Materials") in accordance with and if specified in the applicable Order Statement of Work.

~~The Contractor grants the State a worldwide, non-exclusive, royalty-free, perpetual license to use, modify, sell, and otherwise distribute all Pre-existing Materials that are incorporated in any custom-developed Deliverable. The Contractor may not include in any custom Deliverable any intellectual property unless such has been created under this Contract or qualifies as Pre-existing Material. If the Contractor wants to incorporate any Pre-existing materials in a custom Deliverable, the Contractor must disclose that desire to the State and obtain written approval from the State for doing so in advance. On the request of the Contractor, the State will incorporate any proprietary notice that Contractor may reasonably want for any Pre-existing Materials included in a custom Deliverable in all copies the State makes of that Deliverable.~~

~~Subject to the limitations and obligations of the State with respect to Pre-existing Materials, the State may make all custom Deliverables available to the general public without any proprietary notices of any kind.~~

5.2 (a) Intellectual Property Rights. All copyrights, patents, trademarks, trade secrets, and any other intellectual property rights existing prior to the effective date of the relevant Order Statement of Work shall belong to the party that owned such rights immediately prior to the effective date.

5.2 (b) HP Intellectual Property. As between HP and the State, HP will own all materials (including, without limitation, know-how, methodologies, processes, techniques, tools, forms, and templates), software (whether written or machine-readable), copyrights, patents, trademarks, trade secrets, and all other intellectual property rights ("IPR"): i) owned by or licensed to HP or one of its Affiliates prior to the effective date of the relevant Order Statement of Work hereunder, ii) all IPR developed by HP or one of

its Affiliates except to the extent such rights are transferred to the State as a Deliverable, and iii) all modifications, enhancements, and derivative works thereof (collectively "HP Intellectual Property").

5.2 (c) License to HP. The State grants HP a non-exclusive, worldwide, temporary royalty-free right and license (or right to use or sublicense) to use, copy, make derivative works of, distribute, display, perform, and transmit the State's and third parties' intellectual property rights to the extent necessary for HP solely to perform its obligations hereunder but for no other purpose and subject to HP's confidentiality obligations hereunder, and exercise its rights under this Contract.

5.2 (d) Deliverables. All materials developed by HP under this Contract and specifically identified as a Deliverable in the relevant Order Statement of Work shall be identified as one of the following Deliverable designations ("Deliverable Type") in such Order Statement of Work and the rights and licenses shall be as follows with respect to each Deliverable Type. Where no Deliverable Type has been designated in the applicable Order Statement of Work, the Deliverable Type shall be considered a Type I Deliverable. The State will not disassemble or decompile any software Deliverable without HP's written consent. Notwithstanding the license grants set forth in this Section, any third party Software incorporated into any licensed Deliverable will be subject to the license terms applicable to such Software.

i. Type I Deliverables: HP shall retain all IPR in Deliverables designated as Type I. HP grants to the State a worldwide, non-exclusive, fully paid, royalty-free license to use, execute, display, reproduce, and distribute copies of such Deliverables for its internal use only (including a license of the same scope to HP Intellectual Property included in such Deliverable so long as such HP Intellectual Property is necessary for the intended use of the Deliverable). The State's license confers no title or ownership in the Deliverable and no rights in any associated source code.

ii. Type II Deliverables: Subject to HP's retention of its ownership rights in HP Intellectual Property, HP hereby assigns to the State the copyright in Deliverables designated as Type II Deliverables. HP retains all other IPR in such Deliverables. HP grants to the State a worldwide, non-exclusive, fully paid, royalty-free license to use, display, execute, reproduce, and distribute copies of HP Intellectual Property included in such Deliverable for its internal use only, to the extent necessary for the intended use of the Deliverables. HP may retain one copy of the Type II Deliverables. The State grants HP a worldwide, non-exclusive, fully paid, royalty-free, irrevocable license, including the right to grant sublicenses, to use, execute, reproduce, distribute copies of, display, perform, and create derivative works based upon Type II Deliverables.

7.1. **WARRANTIES**. The Contractor warrants that the recommendations, guidance, and performance of the Contractor and all Contractor branded Deliverables under this Contract will:

- (a) Be in accordance with the sound professional standards and the requirements of this Contract and without any material defects;
- (b) Not infringe on the intellectual property rights of any third party;
- (c) Be the work solely of the Contractor, unless otherwise provided in this Contract; and
- (d) ~~Be merchantable and fit for the particular purpose for which the Deliverables were acquired.~~
Comply with the applicable standard warranties offered by Contractor as described in the documentation provided with the product.

All third party products and software will be provided with the standard warranty offered by the publisher or original manufacturer.

Reference: HP GSA GS-35F-446AA, App. C, Sections 16-21.

16. Product Performance. All HP-branded hardware products are covered by HP's limited warranty statements that are provided with the products or otherwise made available. Hardware warranties begin on the date of delivery or if applicable, upon completion of HP installation, or (where State delays HP installation) at the latest 30 days from the date of delivery. Non-HP branded products receive warranty coverage as provided by the relevant third party supplier.

17. Software Performance. HP warrants that its branded software products will conform materially to their specifications and be free of malware at the time of delivery. HP warranties for software products will begin on the date of delivery and unless otherwise specified in Supporting Material, will last for ninety (90) days. HP does not warrant that the operation of software products will be uninterrupted or error-free or that software products will operate in hardware and software combinations other than as authorized by HP in Supporting Material.

18. Services Performance. Services are performed using generally recognized commercial practices and standards. State agrees to provide prompt notice of any such service concerns and HP will re-perform any service that fails to meet this standard.

19. Services with Deliverables. If Supporting Material for services define specific deliverables, HP warrants those deliverables will conform materially to their written specifications for ~~90~~ days following delivery. If State notifies HP of such a non-conformity during the ~~90~~ day period, HP will promptly remedy the impacted deliverables or refund to State the fees paid for those deliverables and State will return those deliverables to HP.

20. Product Warranty Claims. When we receive a valid warranty claim for an HP hardware or software product, HP will either repair the relevant defect or replace the product. If HP is unable to complete the repair or replace the product within a reasonable time, State will be entitled to a full refund upon the prompt return of the product to HP (if hardware) or upon written confirmation by State that the relevant software product has been destroyed or permanently disabled. HP will pay for shipment of repaired or replaced products to State and ~~State will be responsible~~ for return shipment of the product to HP and any fees incurred for the return of material.

21. Remedies. This Contract states all remedies for warranty claims. To the extent permitted by law, HP disclaims all other warranties.

THE WARRANTIES IN THIS CONTRACT ARE THE STATE'S EXCLUSIVE WARRANTIES AND REPLACE ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

Additionally, with respect to the Contractor's activities under this Contract, the Contractor warrants that:

- (a) The Contractor has the right to enter into this Contract;
- (b) The Contractor has not entered into any other contracts or employment relationships that restrict the Contractor's ability to perform under this Contract;

- (c) The Contractor will observe and abide by all applicable laws and regulations, including those of the State regarding conduct on any premises under the State's control;
- (d) The Contractor has good and marketable title to any products delivered under this Contract and in which title passes to the State; and
- (e) The Contractor has the right and ability to grant the license provided in any Deliverable in which title does not pass to the State.

7.2. **SOFTWARE WARRANTIES.** Replaced by Section 7.1 of this Exhibit II.

7.3. **EQUIPMENT WARRANTIES.** Replaced by Section 7.1 of this Exhibit II.

7.4. **INDEMNITY.** The Contractor must indemnify the State against all liability or expense resulting from bodily injury to any person (including injury resulting in death) or damage to real or tangible property arising out of its performance under this Contract, provided such bodily injury or property damage is due to the negligence or other tortious conduct of the Contractor, its employees, agents, or subcontractors. The Contractor also must indemnify the State against any claim of infringement of a copyright, patent, trade secret, or other intellectual property rights enforceable in the United States based on the State's proper use of any Deliverable under this Contract. This obligation of indemnification will not apply where the State has modified the Deliverable and the claim of infringement is based on the modification. The State will give the Contractor notice of any such claim as soon as reasonably practicable. If a successful claim of infringement is made, or if the Contractor reasonably believes that an infringement claim that is pending may actually succeed, the Contractor will do one of the following four things:

- (a) Modify the Deliverable so that it is no longer infringing;
- (b) Replace the Deliverable with an equivalent or better item;
- (c) Acquire the right for the State to use the Deliverable as it was intended for the State to use under this Contract; or
- (d) Remove the Deliverable and refund the fee the State paid for the Deliverable and the fee for any other Deliverable that required the availability of the infringing Deliverable for it to be useful to the State.

7.5. **Limitation of Liability.** NOTWITHSTANDING ANY LIMITATION PROVISIONS CONTAINED IN THE DOCUMENTS AND MATERIALS INCORPORATED BY REFERENCE INTO THIS AGREEMENT, THE PARTIES AGREE AS FOLLOWS.

THE LIMITATION IN PARAGRAPH 3 DOES NOT APPLY TO LIABILITY ARISING FROM THIRD PARTY CLAIMS RELATED TO COPYRIGHT AND PATENT INFRINGEMENT OR TO SECTION 7.4 OF THIS STATE TERM SCHEDULE.

NEITHER PARTY WILL BE LIABLE FOR (A) ANY INDIRECT, INCIDENTAL, OR CONSEQUENTIAL LOSS OR DAMAGE OF ANY KIND, INCLUDING BUT NOT LIMITED TO LOST PROFITS, OR (B) LOSS OF, OR DAMAGE TO DATA, IN EACH CASE EVEN IF THE PARTIES HAVE BEEN ADVISED, KNEW, OR SHOULD HAVE KNOWN OF THE POSSIBILITY OF SUCH DAMAGE.

THE CONTRACTOR SHALL REMAIN LIABLE FOR ALL DIRECT DAMAGES DUE TO THE CONTRACTOR'S FAULT OR NEGLIGENCE UP TO (2) TWO TIMES THE VALUE OF THE TRANSACTION OR TWO MILLION

DOLLARS (\$2,000,000), WHICHEVER IS GREATER. FOR PURPOSES OF THIS PARAGRAPH, THE PARTIES AGREE THAT THE TERM "TRANSACTION" MEANS A PURCHASE ORDER ISSUED BY THE STATE.

8. **MAINTENANCE.** Deleted in entirety. HP/State of Ohio Maintenance Master Agreement, MMA #7145, is available for purchases of equipment and software warranty.

11.7. **ANTITRUST.** The State and the Contractor recognize that, in actual economic practice, overcharges resulting from antitrust violations are usually borne by the State. The Contractor therefore assigns to the State all state and federal antitrust claims and causes of action that the Contractor has or acquires relating to the goods and services acquired under this Contract to the extent the assignment is necessary for the State of Ohio to overcome the Ohio bar on indirect purchaser actions under federal anti-trust laws.

Contractor, Hewlett-Packard Company

Exhibit III

**STANDARD AFFIRMATION AND DISCLOSURE FORM
EXECUTIVE ORDER 2011-12K**

Governing the Expenditure of Public Funds on Offshore Services

All of the following provisions must be included in all invitations to bid, requests for proposals, state term schedules, multiple award contracts, requests for quotations, informal quotations, and statements of work. This information is to be submitted as part of the response to any of the procurement methods listed.

By the signature affixed hereto, the Contractor affirms, understands and will abide by the requirements of Executive Order 2011-12K. If awarded a contract, both the Contractor and any of its subcontractors shall perform no services requested under this Contract outside of the United States.

The Contractor shall provide all the name(s) and location(s) where services under this Contract will be performed in the spaces provided below or by attachment. Failure to provide this information may subject the Contractor to sanctions. If the Contractor will not be using subcontractors, indicate "Not Applicable" in the appropriate spaces.

1. Principal location of business of Contractor:

3000 HANOVER ST.
(Address)

PALO ALTO, CA 94304
(City, State, Zip)

Contractor also affirms, understands and agrees that Contractor and its subcontractors are under a duty to disclose to the State any change or shift in location of services performed by Contractor or its subcontractors before, during and after execution of any Contract with the State. Contractor agrees it shall so notify the State immediately of any such change or shift in location of its services. The State has the right to immediately terminate the contract, unless a duly signed waiver from the State has been attained by the Contractor to perform the services outside the United States.

On behalf of the Contractor, I acknowledge that I am duly authorized to execute this Affirmation and Disclosure form and have read and understand that this form is a part of any Contract that Contractor may enter into with the State and is incorporated therein.
