

Playlist Generator Admin Manual

This admin manual explains all the functionality specific to admins regarding our BeerTag website. If you wish to read about all the functionality that is not specific to admins only, please view our user manual.

Navigation bar

As an admin, you can see two more buttons in the navigation bar after logging in: Create User and Users.

Create user bar

First Name

Last Name

Email

Username

User Role

Password

Confirm Password

Register

The user is created almost the same as when they register themselves. The only differences are that as an admin you can specify what the role of the user is (admin or basic user).

Keep in mind that the username still cannot match that of an existing user.

Users page

FIRST NAME	LAST NAME	USER ROLE	USERNAME	EMAIL	EDIT	DELETE
Ventsislav	Draganov	Administrator	ventsi	ventsi@gmail.com	Edit	Delete
Ivan	Ivanov	User	ivan1	ivan@gmail.com	Edit	Delete
Petar123	Petrov2	User	petar	petara@gmail.com	Edit	Delete
John	Smith	User	johns	johns2019@gmail.com	Edit	Delete
John	Johnson	User	johnJ	johnj@gmail.com	Edit	Delete
James	Smith	Administrator	james	jas@gmail.com	Edit	Delete

As an admin, you can see a user page with buttons next to every user in the user list on the user page (edit and delete). After clicking edit you will be able to change the full details of the selected user except their username and the delete button removes the selected user from the list.
