TILLERS

Gardening is meant to be a relaxing experience. That's why Columbia tillers are engineered to run smoothly while still delivering power to cut through the toughest conditions and surfaces. The result is a fresh, fertile seedbed that's ready for whatever you want to grow.

455 REAR TINE

- 187 cc Honda® GC engine
- 13" dual direction tines
- Self-propelled with forward and reverse
- 18" tilling width
- Adjustable handle
- 16" pneumatic agricul tread

SIMPLE SINGLE HAND OPERATION

Our unique handle design allows you to walk beside the tilling path for the ultimate in maneuverability and a ready-to-plant seedbed.

TILLER ENGINES

Our tiller engines produce superior torque and reduced emissions for increased productivity and fuel efficiency.

13" DUAL-DIRECTION, SELF-SHARPENING TINES

Provide fine cultivating and seedbed preparation, plus superior ground breaking in hard-packed soil. You can turn the hardest earth into fertile soil.

TILLING WIDTH

An extra-wide 24" tilling width covers more ground per pass and an ample 6" tilling depth will leave your garden ripe for planting.

PLANT PROTECTION DISCS

Garden with peace of mind knowing that your hard work is protected from the tiller tines when cultivating.

39M TILLER

- 208 cc MTD® OHV engine
- Adjustable 13"/22"/24" tilling width
- 12" heat treated steel tines
- Forward rotating tines with power reverse
- Adjustable handle
- 8" steel wheels
