Cardiology Outpatient Order Form

INSTRUCTIONS FOR STRESS TESTING PROCEDURES

- Do not have anything to eat or drink for three hours prior to the test.
- Bring a list of all medications you are currently taking.
- If you are diabetic and taking insulin, you may take ½ of your normal morning dose.
A snack will be available upon completion of the procedure.
- Hold other medications the morning of the test – delay taking until after the procedure is completed.
- No caffeine/decaf products 24 hours prior to procedure. This includes coffee, tea, soda containing caffeine, chocolate and medications such as Excedrin.
- Wear comfortable clothing and good walking shoes if you are having an exercise stress test where you will be walking on the treadmill. No sandals please.
- Don't use oil, cream, lotion or powder on chest area. (Use of underarm Deodorant is fine.)
- If you use an inhaler, you may bring it to the appointment.
- Arrive for your Stress Treadmill Testing appointment 15 minutes in advance.
- Be aware that Stress procedures may require more time. Allow up to two hours.

INSTRUCTIONS FOR RHYTHM MONITORING OR ECHO PROCEDURES

- Wear a two-piece outfit.
- Don't use oil, cream, lotion or powder on chest area. (Use of underarm Deodorant is fine).
- If you are scheduled for a Holter monitor, you should not shower, bathe or swim while wearing the monitor.
