The Standard for Certified Purity.™

*experience*  
pure. organic. comfort.

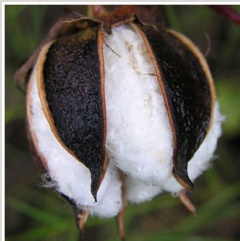

*comforts you like a dream*

Sleep on a mattress that fits  
your body in all the right  
places, created with your  
health in mind.

*flora nouveau*

The Flora Nouveau on our Wood-Slat Foundation

*handcrafted by artisans*

Every OMI mattress is handmade in the USA. We use American-grown 100% certified organic cotton, premium Eco-Wool™ from sheep raised in California, and 100%-natural rubber latex for optimum comfort and purity. We are also the only manufacturer that ozone sanitizes its organic raw materials, making sure we are offering the purest products available.

## The Standard for Certified Purity.™

We use only the finest organic raw materials in all of our mattresses and bedding, including USDA-certified organic cotton and buckwheat-hull fills; GOTS-certified organic thread, wool, and fabrics; and GOLS-certified organic natural-rubber latex. Our products are tested and certified for low chemical emissions and LEED® eligibility.
