

Do-it-Yourself Outdoor Projection Screen
DIY/DIY Pro Screen Series
User's Guide

Thank you for choosing the *DIY Screen Series* portable projection screen! Please read through this user guide before utilizing the screen. Correct usage and maintenance will ensure a long product life

Please make sure all parts listed below are included before proceeding with the installation.

What's included?		
a. DIY Outdoor Screen Material x 1	b. Dynamic Rope x 4	c. Polypropylene Rope x 1
		

Setup Procedure

PLEASE NOTE: Prolonged storage of the DIY Screen Series in its factory packaging may result in having noticeable horizontal lines on its surface. The lines are identified as “Memory Lines”. The Memory Lines can be eliminated by leaving the screen in the down position for a few days after the installation. This allows the material to stretch out. After the few days of leaving the screen installed, the Memory Lines should vanish without return.

There are many unique ways for the DIY/DIY PRO to be installed. Below is a general guideline for the installation of the screen. Please note that a frame is not included with the DIY/DIY PRO screen.

1. Unroll the screen material on a clean surface.
2. Insert the Polypropylene rope through each grommet in the material and attach to the installation location.

(Image below is of DIY Pro Series- Actual screen appearance will vary based on series and model number)

Tightly fasten the Polypropylene rope throughout each grommet to make the screen flat while fastening the rope to the installation location. Do several tests to ensure the rope stretches the material to its maximum extent. Once the approximate length of rope that is needed can be determined, remove any excess rope by simply cutting it.

Note: Wrap rope with tape before cutting

3. The bungee cord can be attached to each of the four corners of the material and to the support structure to create a more secure installation while at the same time stretching the material. When placed at each corner, the elasticity of the cord will tension the screen making it more flat provide a more uniform surface.

Note: The Screen material is not designed to be left outdoors for an extensive period of time. Leaving the screen outdoors will result in a reduced lifespan of the screen material. To prevent damage caused by the outdoor elements, we recommend that you disassemble the screen after each use and store it indoors.

Limited Warranty Policy

What is Covered: Elite Screens, Inc. ("Elite Screens") warrants its products to the first retail purchaser, if purchased new and operated in the United States or Canada, to be free from defects in workmanship and materials (except as provided below) for a period of (2) years from the date of original purchase, and (3) years for products purchased directly by educational, non-profit, religious or government organizations.

Refurbished products purchased directly from Elite Screens are warranted for a period of (90) days from the date of original purchase.

For warranty service, you must provide proof of purchase and the serial number of your product.

How to Get Service: Should this product prove defective during the warranty period, please visit www.elitescreens.com/rmaform and submit a warranty claim form. You must provide your proof of purchase, the serial number of your product, and describe the problem you are experiencing with your screen. An Elite Screens representative will determine whether the product requires service, and provide you with further instructions on how to proceed with your warranty claim.

Missing Parts: If your product is missing parts, Elite Screens will, at its option, replace the part without any charge, including shipping and handling, provided that that you report your claim within (7) days of receipt. If you report your claim after (7) days of receipt, but within (30) days of receipt, Elite Screens will, at its option, replace the part without charge, but you will bear the cost of shipping and handling. If you report your claim after (30) days of receipt, you will bear all costs to replace the part.

Returns and Exchanges: If a return is needed, Elite Screens will issue you a Return Merchandise Authorization ("RMA") Number. This number is valid for (45) days from the date of issue, and is required to process any returns. A returned item sent to Elite Screens without a visible or valid RMA Number is subject to refusal by Elite Screens. You are responsible for the cost of returning the item and ensuring the product is properly packaged to prevent damage in transit.

Once a returned product is received, Elite Screens will, at its option, replace the product or part without charge, including ground service freight. The replacement product or part may be new or refurbished to the Elite Screens standard of quality, and is subject to stock availability. Elite Screens' liability for replacement of the covered product will not exceed the original retail selling price of the covered product. Exchange products and parts assume the remaining warranty period of the original product covered by this limited warranty.

What is Not Covered: This warranty is not transferable and does not cover product purchased by another end user. This warranty does not cover incidental damages, such as loss of time, loss of use, or installation costs of defective, repaired or replaced product.
