Sell Appearance

Refrigeration never looked so beautiful!

There are now more ways to make the kitchen an expression of personal style.

Contoured doors

With dramatic new designed Profile™ sculptured and stainless handles.

BrightSpace™ lighting

Provides 200 watts of fresh food lighting and 120 watts of freezer lighting for easy viewing of refrigerator contents.

Sleek stainless trim
Frames the Tall LightTouch! dispenser

CustomStyle™
With dazzling full wrap stainless exterior.

Sell Food Preservation

ClimateKeeper™ system

Maintains consistent temperatures with:

1. Upfront electronic touch controls with temperature readout
2. Multiple electronic temperature sensors
3. Multiflow air tower system cooling from top to bottom

All work together to maintain the most consistent temperature throughout the refrigerator.

FrostGuard™ technology

Reduces defrosting, virtually eliminating freezer burn. Calculates defrost cycles by monitoring door opening and usage.

TurboCool™

Takes control of temperature recovery when groceries or heated foods are put inside. Returns internal temperature to desired setting quicker.

Sell Convenience

Integrated Ice™

Frees up additional freezer storage space.

In-the-door beverage rack

Keeps drinks convenient and frees up valuable shelf space.

ClearLook™ gallon door storage

With contoured design holds items securely.

BrightSpace freezer

Has the *Integrated Ice™* system and Exclusive Slide n' Store full-extension freezer baskets.

CustomCool™ technology saves time

- *ExpressChill™* setting chills foods and beverages in minutes, not hours.
- *ExpressThaw™* setting safely thaws in hours rather than days.
- *SelectTemp™* setting allows you to select just-right temperatures for specific foods.

ClimateKeeper system – The Best Temperature Management System You Can Buy!
