

New TopSeller ThinkCentre A58 tower models

Table of contents

1 Overview	7 Terms and conditions
1 Planned availability date	10 Announcement countries
1 Product number	

Overview

To complement the TopSeller® ThinkCentre® A58 series, Lenovo® offers these new models to address the needs of large enterprise and middle-market business clients.

You can order these models through the normal ordering process. Terms and conditions, features and benefits, and warranty and service for these models are the same as those previously announced.

For detailed information on this product, including features, benefits, requirements, technical specifications, and terms and conditions, refer to Hardware Announcement [ZG09-0045](#), dated March 10, 2009.

Planned availability date

December 01, 2009

Additional information

All offers are subject to availability. Lenovo reserves the right to alter product offerings and specifications at any time without notice. Lenovo is not responsible for photographic or typographic errors.

Lenovo makes no representation or warranty regarding third-party products or services.

Reference information

For detailed information on this product, including features, benefits, requirements, technical specifications and terms and conditions, refer to Hardware Announcement [ZG09-0045](#), dated March 10, 2009.

Terms and conditions

This product is available from Lenovo under the terms and conditions for purchase.

TopSeller Programme

The announced models are only available as part of the Lenovo TopSeller programme. For full details of the terms and conditions, refer to the TopSeller Programme Terms and Conditions.

Note: Copies of the TopSeller Programme Terms and Conditions are available locally or from the Lenovo Channel Programme Manager.

In summary:

Orders for TopSeller products must be placed on an order

specifically identified as 'TopSeller' and should not contain any other (non-TopSeller) product. Orders may only be placed for currently eligible TopSeller products (Not all products will be eligible for TopSeller at the same time.)

Orders must be placed for immediate delivery.

Lenovo will undertake to deliver product purchased under the terms of the TopSeller programme within a specified number of days. For full details of the delivery terms for your country, refer to the TopSeller Programme Terms and Conditions.

Products purchased under this programme are eligible for 15 days price protection from the date of shipment. For full details, refer to the programme Terms and Conditions.

There is no accommodation for the return of any products ordered under the terms of this programme. Products purchased under the terms of this offering are not available to be sold as part of a Special Bid.

Orders must be placed in quantities of:

12 X ThinkCentre A58 units

Warranty period for machine types 7515 and 7522

- System hardware - one year on site on parts and labor - second business day

Warranty period for machine types 7611 and 7705

- System hardware - three years on site on parts and labor - second business day

Warranty period for machine types 7523 and 7560

- System hardware - one year carry in on parts and labor

International Warranty Service (IWS)

IWS is available during the warranty period to customers who travel or relocate to countries where their computer is sold and serviced by IBM® or IBM resellers authorized to perform warranty service. Eligible IBM computers are identified by their four-digit machine type.

You can obtain IWS through the method of service, such as CRU, depot, carry-in or on-site, provided in the servicing country. Service methods and procedures vary by country, and some service or parts may not be available in all countries. Service centers in certain countries may not be able to service all models of a particular machine type. In addition, some countries may have fees and restrictions that apply at the time of service.

Note: Due to the earth's magnetic field, CRT monitors are manufactured to work in northern, southern, and equatorial regions of the earth and may not produce a satisfactory image when moved between them. Any required adjustment (if possible) is not covered under IWS and may be subject to a chargeable action. The magnetic field does not affect flat-panel LCD monitors.

Lenovo ThinkPlus Warranty Upgrades

The announced Lenovo ThinkCentre machine types are eligible for Lenovo ThinkPlus® Warranty Upgrades and Post Warranty offerings. Lenovo ThinkPlus provides a higher level of warranty service than that provided by the Lenovo Base Warranty.

Note: Only one Warranty Upgrade per Machine Serial Number can be active. A Post Warranty offering can be added when a Warranty Upgrade is active. The Post Warranty offering will only become active at the end date of the Warranty upgrade or Base Warranty period if later.

IBM Global Financing

IBM Global Financing offers competitive financing to credit-qualified customers to assist them in acquiring IT solutions. Offerings include financing for IT acquisition, including hardware, software, and services, from both IBM and other manufacturers or vendors. Offerings (for all customer segments: small, medium, and large enterprise), rates, terms, and availability can vary by country. Contact your local IBM Global Financing organization or visit

<http://www.ibm.com/financing>

IBM Global Financing offerings are provided through IBM Credit LLC in the United States, and other IBM subsidiaries and divisions worldwide to qualified commercial and government customers. Rates are based on a customer's credit rating, financing terms, offering type, equipment type, and options, and may vary by country. Other restrictions may apply. Rates and offerings are subject to change, extension, or withdrawal without notice.

Financing offering/capabilities:

Financing solutions from IBM Global Financing can help you stretch your budget and affordably acquire the new product. But beyond the initial acquisition, our end-to-end approach to IT management can also help keep your technologies current, reduce costs, minimize risk, and preserve your ability to make flexible equipment decisions throughout the entire technology life cycle.

Announcement countries

All European, Middle Eastern, and African countries.

Trademarks

TopSeller, ThinkCentre, Lenovo and ThinkPlus are registered trademarks of Lenovo Corporation in the United States, other countries, or both.
