# UNITED STATES CATHOLIC MISSION ASSOCIATION (USCMA)

## STATEMENT OF PURPOSE:

The United States Catholic Mission Association unites and supports people committed to the cross-cultural global mission of Jesus Christ in service to the Church and the world.

Globalization challenges the Church to be more missionary than ever before in its history. At this time of dramatic changes, U.S. Catholics face special responsibilities and opportunities for Christian leadership. As Catholics, we are called to live in solidarity and justice with the people of the world, particularly the poor and marginalized. Missioners serve in a unique way to move humanity toward global community.

USCMA is an association of lay and religious members who are involved in missionary service. Our varied experiences with God and life challenge us to welcome all who seek to respond to their call to mission at home and abroad.

We are in a new moment, seeing new possibilities for mission. USCMA continues to engage in the universal (catholic) Christian call to mission. USCMA seeks to foster and support existing and new forms of cross-cultural and inter-religious partnerships. At the heart of mission is a spirituality that recognizes solidarity among God's people, reaches out to the poor, always attempts to build mutual relationships. In this way, USCMA assists the local and universal church in building the reign of God.

## FOCUS AREAS:

Over the next three years, **USCMA**, will concentrate its efforts on the integration of the key elements of mission: Proclamation, witness, dialogue, spirituality and prayer, and reconciliation and social transformation.

- The call of the Gospel focuses our passion to share with others seeking God through proclamation, dialogue, and prayer. Responding to this call, USCMA will continue to focus on the missionary nature of the Church in the light of the ethnic and cultural diversity that characterizes our time.
- Aware of the challenges and opportunities presented by inculturation, USCMA seeks to strengthen its involvement in cross-cultural and inter-religious collaboration.
- USCMA works for social transformation through an integral vision of mission and justice. We strive for reconciliation and healing among all God's people and with all creation.
- USCMA will address a deeper integration of a spirituality of solidarity and reconciliation in this era of globalization.
- USCMA will initiate conversations emphasizing developing areas of mission, such as, evolving theologies of mission, short-term and partnering mission experiences.

## AREAS OF ACTIVITIES:

The board and membership of USCMA are committed to supporting and participating with the staff as they:

- Maintain publications, research, conferences, and mission statistics.
- Continue efforts at collaboration and networking with mission offices (congregation and diocesan), campus ministry offices, and mission oriented groups.
- Implement directions emerging from Mission Congress 2005.
- Explore and utilize appropriate technology for communication, mission animation, and education.

## **HISTORY**

The U.S. Catholic Mission Association was approved in its present mode at the Annual Assembly of the Board of Directors in September, 1981. It is linked historically both to the Mission Secretariat, which served the mission-sending organizations for over twenty years, as well as to the U.S. Catholic Mission Council, which functioned for some twelve years, before September 1981.

## PART II: THE U.S. CATHOLIC MISSION INVENTORY: 2004-2005

### PREFACE

We are happy to share with you the compilation of the missionary survey results received by the U.S. Catholic Mission Association in response to a questionnaire and a request to update the 2002-2003 statistics. The survey was originally mailed to 786 mission-sending organizations in January, 2005. A follow-up mailing was sent in May, 2005. Acknowledging that our mission outreach is to the global community, the tabulation is inclusive of **U.S. citizens, Catholic missionaries** – laity, religious and clergy – serving in mission both within and outside the United States borders.

Included in this edition of the USCMA Handbook 2006 is a section with charts and tables of the new data received in relation to previous data.

### GUIDELINES TO THE PRESENTATION

The following 2005 – 2006 tabulation of United States catholic missionaries serving both within the U.S. and abroad has been compiled by the U.S. Catholic Mission Association from data gathered from many sources. USCMA has compiled the lists of missionaries from data received from mission-sending organizations and home dioceses (with additional reference to *the official catholic directory*). The data, therefore, is as reliable as the most diligent effort can make it and as the constant changes in personnel will allow. Some comments on several items in this handbook follow.

The lists of data include only U.S. missionaries, meaning those who are or have been United States citizens by birth or naturalization. Those who have taken out citizenship in their country of mission service are still listed here as missionaries from the United States. On the other hand, citizens of other countries serving as members of mission-sending organizations headquartered in the U.S. are not listed. As an example, there are numerous Maryknoll sisters serving abroad, often in countries other than their homeland, who are not U.S. citizens and therefore are not listed here among the Maryknoll sisters serving abroad as U.S. Catholic missionaries. This policy helps to prevent overlapping when the various national mission councils publish their tabulations. It must be remembered, however, that mission-sending organizations which appear to have only very few members in a given mission field may have many more who are not U.S. citizens.

The lists bear the heading **U.S. Catholic missionaries**. This includes all those Catholics who are sponsored by catholic mission-sending organizations, even if they work for projects not sponsored by the Catholic Church.

The term **missioner** is used in its generally accepted sense. It includes not only those engaged in the primary and subsequent stages of evangelization but also those ministering in closely related areas of community service and development.

The term **servng** stands for service over a period of time. While some organizations provide opportunities for short-term service, only those individuals are included in these statistics who serve for a minimum of one year.

The term **abroad** means “outside” of the 50 contiguous united states. Those working in Alaska and Hawaii are included in the data as missionaries serving within the U.S. as Puerto Rico and the Virgin Islands are U.S. territories and not U.S. states, their data lies in the category of “abroad” for the statistical purposes of this inventory.

As with the 2002 - 2003 tabulation, the many missionaries ministering in cross-cultural situations in the United States are included. The continuing political and socio-economic changes, trends and circumstances – both in the U.S. and abroad – have enabled a renewed understanding of mission universally.

# **GUIDELINES FOR SURVEY OF U.S. CATHOLIC (CROSS-CULTURAL) MISSIONERS SERVING IN THE U.S.**

[Note: The following guidelines were included with the request to mission-sending organizations that they name constituencies involved in cross-cultural mission in the U.S.]

The following guidelines are intended to be descriptive, not theological or sociological definitions. We offer them as guidelines for pastoral/mission judgment and not as definitive statements or categories. A cross-cultural missionary may fall into one or many of these descriptions. We at the U.S. Catholic Mission Association realize that these “guidelines” are not exhaustive, but they will help you in “self-defining” those missionary activities in which your organization is engaged.

1. The ministry is with people who have either never heard the Word or have never had it effectively proclaimed to them or their community i.e., **generally not reachable by the common methods or means of ministry in the U.S.**
2. The missionary is working in an area where the **local church** is easily understood as **institutionally underdeveloped** i.e., it lacks indigenous ecclesial leadership, personnel, and financial resources for effective ministry beyond the pastoral nurture of its own membership.
3. The ministry is genuinely with those on the margins i.e., **among people linguistically, culturally, and/or economically outside** the stream of the dominant culture.
4. The people with whom this ministry is exercised would see themselves as significantly distinct from the mainline culture i.e., **their distinct identity is clearly perceived by themselves when in the larger cultural context of the United States.**
5. It is a ministry of dialogue by which the Christian churches or community are engaged with a **community of values different from its own in some core religious or moral manner.**
