Integration

WooCommerce

WooCommerce

- Log into your WordPress site.
- Go to: Plugins > Add New.
- Click on Upload Plugin.
- Select The zip file of the Zakeke module that you downloaded.
- Select Install Now.
- Select Activate Now, and you're ready to get started!
- Go to: WooCommerce > Settings > Integrations > Zakeke Interactive Product Designer.
- Setup Zakeke as follows:
 - Zakeke username: your Zakeke username. If you haven't created an account yet, please create one;
 - Zakeke password: your Zakeke password.
