PRODUCT GUIDE

IOGEAR, an ATEN International Company, headquartered in Foothill Ranch, California, manufactures innovative consumer electronics and information technology solutions that enable convergence through connectivity.

For further information, please visit IOGEAR's Web site at www.iogear.com or the company's blog at www.iogear.com/blog. IOGEAR can also be followed on Twitter @IOGEAR and Facebook.

www.iogear.com

IOGEAR's A/V & Digital Home solutions allow you to enjoy HD media content wirelessly sent from different HD sources to your TV displays in multiple rooms in your home.

at Home

IOGEAR's Computer Accessories offer the convenience to connect all your devices together so you can work more efficiently.

at Work

Travel with style and peace of mind. IOGEAR Mobile Solutions make it easy, fast and convenient to charge your smartphones and tablets.

A/V & Digital Home

GWHDMS52MB

Long Range Wireless 5x2 HDMI Matrix PRO

- Wireless uncompressed Full HD video up to 200ft* through standard home walls
- Built in 5x2 Matrix
Allows you to switch and independently select any of 5 sources between 2 HDTVs
 - Location 1: HDTV connects to transmitter's loop-through (local) port
 - Location 2: HDTV receives content from wireless receiver
- Multicast up to 5 HDTVs – Send content up to 5 locations at the same time (with 3 additional HD wireless receivers, GWHDRX01, sold separately)
- Connect and wirelessly transmit content from a Blu-ray / DVD player, DVR / Cable box, Game console, Computer / laptop, and media server
- Supports uncompressed Full HD 1080p, 3D and 5.1 channel digital audio
- Video Resolutions: 480p, 720p, 1080i and 1080p (24 / 30 / 60fps)

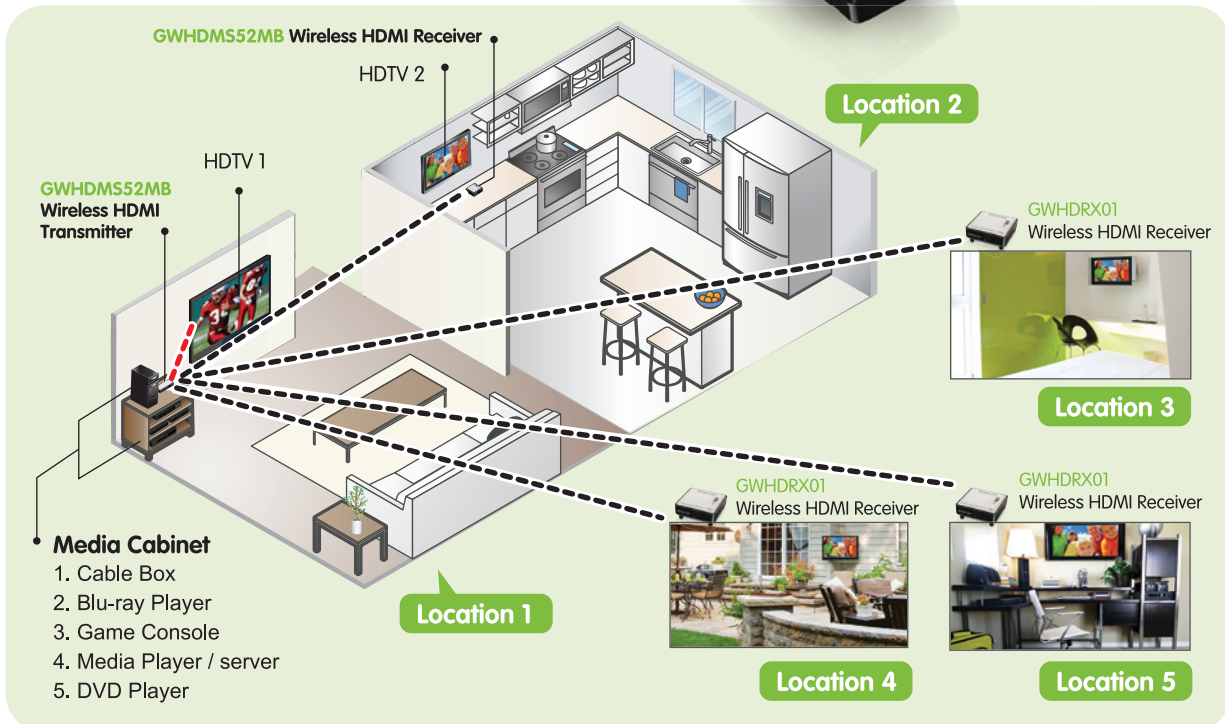

HDMI
HIGH-DEFINITION MULTIMEDIA INTERFACE

Multicast

Multicasting means the transmitter broadcasts the same video source to all 4 wireless receivers (including 3 additional wireless receivers, purchased separately), while the transmitter itself is able to view a separate or same source; making it a 5 HDTV solution.

GWHDMS52

Wireless 5x2 HD Matrix

- Wireless uncompressed Full HD video up to 100ft* through standard home walls for 2 HDTV's
- Built in 5x2 Matrix - Allows you to switch and independently select any of 5 sources between 2 HDTVs
- Supports 2 HDTVs - Delivers separate content to 2 locations at the same time
- Watch cable TV in the living room while others watch a Blu-ray movie wirelessly in the bedroom at the same time
- Connect and wirelessly transmit content from your Blu-ray / DVD player, DVR / Cable box, Game console, Computer / laptop and media player
- Supports Full uncompressed HD 1080p, 3D content, and 5.1 channel digital audio

GW3DHDKIT

Wireless HD Digital Kit

- Wireless uncompressed Full HD video up to 100ft* away through standard home walls
- 2 HDTV set-up - Share your HD content in a second location at the same time:
 - Living room HDTV can connect to the transmitters loop-through (local) port directly
 - Bedroom HDTV can receive content from the wireless receiver
- Connect and transmit wireless video content from your Blu-ray / DVD player and DVR / Cable box turning your HDTV into a wireless TV
- Wireless HD in Full 1080p, 5.1 channel digital audio and 3D content support
- Video resolutions: 480p, 720p, 1080i and 1080p (24 / 30 / 60fps)

GWHHD11

**Wireless HDMI Transmitter and Receiver Kit
GWHHDSTX****Wireless HDMI Transmitter**

- Wireless uncompressed Full HD 1080p video streaming with 3D support up to 30ft*
- Connect and wirelessly transmit content from a Laptop, Game Console, Blu-ray / DVD player or Set-top box/DVR/Cable box
- Supports 5.1 channel digital audio
- Video Resolutions: 480p, 720p, 1080i and 1080p (24 / 30 / 60fps)
- No software or driver installation needed
- GWHHDSTX works with GWHDMS52 and GWHHD11 wireless receivers

*Distances may vary depending on environment; solid objects such as steel, concrete and brick may cause shorter viewing distances or loss of signal

GWAVR
Wireless Mobile and PC to HDTV

- Wirelessly send your favorite apps, games, videos, photos, music and Internet content from your smartphone, tablet and laptop to your HDTV
- Wireless distance of up to 30ft away
- Supports wireless 1080p HD video and 5.1 surround sound
- Latest Wi-Fi technology – works with Intel® WiDi and Miracast™ certified devices*
- Supports iPhone®, iPad® or iPod® Touch and Android Phones and Tablets - Via Free iMediaShare Personal/Flipps app for iOS and Android**

*Device with Intel WiDi or Miracast™ Wireless Display required

**iMediaShare & Flipps apps available for download on app stores - supports iOS and Android devices

GBNAR3
TuneTap Wireless Audio Receiver

- Wireless Audio Receiver with NFC – Enables a wireless audio connection to all Bluetooth enabled devices such as smartphones, tablets or laptops
- Enjoy listening to your favorite music, online radio stations, podcasts or favorite videos wirelessly on your home or office speaker system
- Near Field Communication (NFC) pairing technology allows you to simply tap any compatible device with the receiver for an instant wireless connection
- Flexible connections: Optical (TOSLINK) or 3.5mm output

GVE320
HDMI Audio / Video Cat 5e / Cat 6 Extender

- Extend your HDMI audio / video signal through two Cat 5e / Cat 6 cables
- Keep your DVR / Set-top box, Blu-ray player or computer out of sight and place your HDTV up to 196ft away*
- Up to 130ft for 1080p resolution; 196ft for 1080i resolution
- HDCP compliant
- Supports 3D and Dolby TrueHD & DTS-HD Master Audio pass through support

*Extension range may vary with different devices and Cat 5e / Cat 6 cables

GHDSW4K4
4K 4-Port HDMI Switch with Remote

- Connect and switch between 4 HDMI inputs on 1 HDMI enabled HDTV or Display
- Supports video resolutions of up to 2160p
- No power adapter required - powered by the connected HDMI devices
- HDMI 2.0 and HDCP 2.2 Compliant

GHSW8241
4K UHD 4-Port HDMI Switch with RS-232 Support

- Allows up to 4 HD source devices to be connected to 1 HDMI display
- Resolutions up to 4K at 30fps
- Supports 12-bit Deep Color and 3D video
- Works with DVR / set-top box, Blu-ray / DVD player, video game consoles, media servers, computers and more
- Quick and easy switching between HDMI source via front panel pushbuttons, RS-232 or IR Remote Control
- Auto-switching modes for auto port selection

DisplayPort

GDPHD4KA

Active DisplayPort to HD Adapter with 4K Support

- Supports 4K Ultra High Definition (UHD) resolutions of up to 3840x2160
- Supports up to 8 Channels of LPCM and High Bit Rate (HBR) audio formats
- Compatible with AMD® Radeon™ Eyefinity Graphics Processing Units (GPUs)
- Plug-N-Play Solution, No Software or Driver installation necessary

GMDPHD4KA

Active Mini DisplayPort to HD Adapter with 4K Support

- Supports 4K Ultra High Definition (UHD) resolutions of up to 3840x2160
- Supports up to 8 Channels of LPCM and High Bit Rate (HBR) audio formats
- Compatible with AMD® Radeon™ Eyefinity Graphics Processing Units (GPUs)
- Plug-N-Play Solution, No Software or Driver installation necessary

GDPHDW6
GDPDVIW6
GDPVGAW6

DisplayPort to HD / DVI / VGA Adapter Cable

- Converts your DisplayPort to HD / DVI / VGA so you can connect to your HD / DVI / VGA projector, TV or monitor
- Compliant with DisplayPort Specification 1.1a
- Supports full DisplayPort link tracking

GMDPHDW6
GMDPDVIW6
GMDPVGAW6

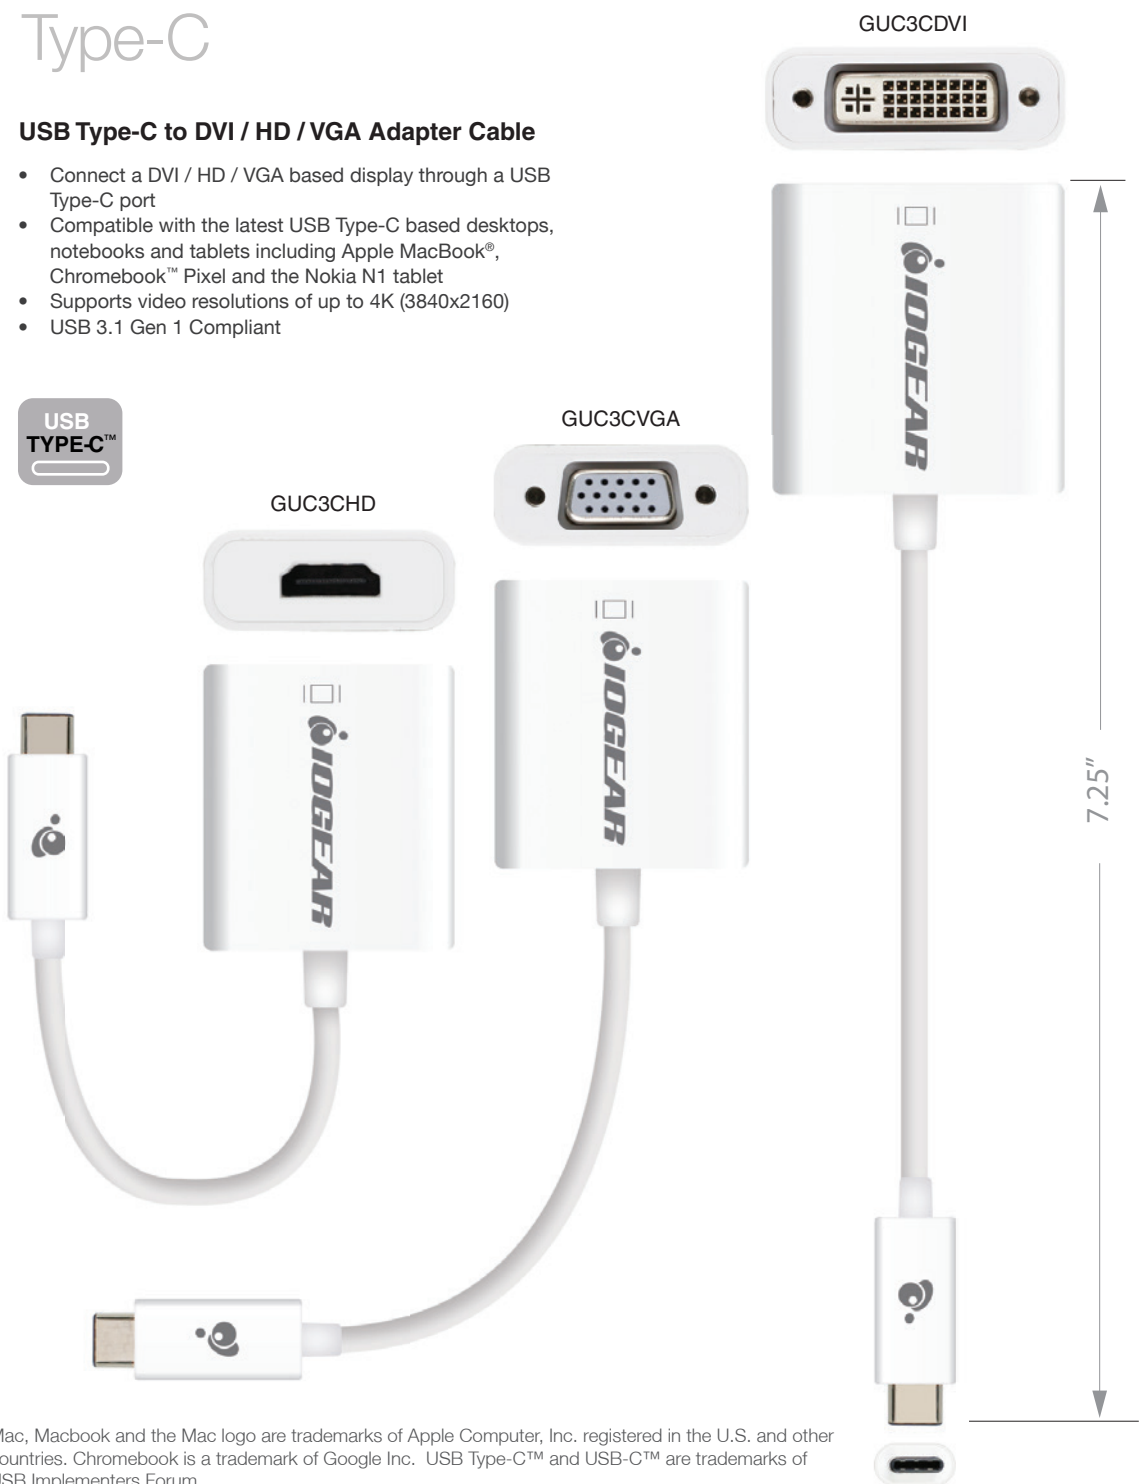

Mini DisplayPort to HD / DVI / VGA Adapter Cable

- Converts your Mini DisplayPort to HD / DVI / VGA so you can connect to a HD / DVI / VGA projector, TV or monitor
- Works with Apple® iMac®, MacBook®, or MacBook Pro®
- Compliant with Mini DisplayPort Specification 1.1a
- Supports full Mini DisplayPort link tracking

Type-C

USB Type-C to DVI / HD / VGA Adapter Cable

- Connect a DVI / HD / VGA based display through a USB Type-C port
- Compatible with the latest USB Type-C based desktops, notebooks and tablets including Apple MacBook®, Chromebook™ Pixel and the Nokia N1 tablet
- Supports video resolutions of up to 4K (3840x2160)
- USB 3.1 Gen 1 Compliant

Mac, Macbook and the Mac logo are trademarks of Apple Computer, Inc. registered in the U.S. and other countries. Chromebook is a trademark of Google Inc. USB Type-C™ and USB-C™ are trademarks of USB Implementers Forum.

USB On-The-Go (OTG)

USB OTG is a supplemental USB 2.0 specification which adds host functionality to mobile devices and enables the connection of USB peripherals. Devices featuring OTG support do not require a host PC; instead the OTG device can act as either the host or the peripheral depending upon the connection. With OTG enabled mobile devices, you can now directly connect to printers, scanners, memory card readers, and mass storage devices, etc. without the need for a computer.

Perfect for adding storage to mobile devices or transferring files

Works with USB On-The-Go compatible devices including Galaxy S5, Galaxy Note 4, etc.*

Plug-n-Play

GOFRH202

GoFor2+

USB OTG Card Reader Plus Hub for Mobile Devices

- SD/microSD card reader plus built-in 3-Port USB Hub designed for use with USB OTG compliant smartphones and tablets
- Supports SDXC/microSDXC cards and USB flash drives*

GOFR214

GoFor2

USB OTG Card Reader for PC/Mac & Mobile Devices

- SD/microSD card reader designed for use with USB OTG compliant smartphones and tablets
- Use the Micro USB end for OTG devices, and the USB end for PC & Mac computers
- Supports SDXC/microSDXC cards*

*Please see www.iogear.com for a list of compatible devices and limitations

GMP8K / GMP16K

**GearPower
8000mAh / 16,000mAh Capacity Mobile Power Station**

- 8,000mAh / 16,000mAh Lithium-Ion battery cell
- Dual USB outputs: 2.4A+1A allows simultaneous charging of tablets and smartphones
- 2A input allows user to fully charge the PowerStation faster*
- Capable of charging almost all mobile devices including iPad®, iPhone®, iPod®, mobile gaming devices, etc.
- Includes Micro USB charging cable compatible with most smartphones and mobile devices

**GMP10AL
GearPower DuoLinQ™
10,000mAh External Battery Pack**

- 10,000mAh Lithium-Ion battery cell
- Includes DuoLinQ™ charging cable compatible with most mobile devices
- Premium aluminum casing
- Dual USB outputs: 2.1A+1A allows simultaneous charging of tablets and smartphones
- 1.7A input allows user to fully charge the Power Station faster*
- Capable of charging almost all mobile devices including iPad®, iPhone®, iPod®, mobile gaming devices, etc.

Made for

 iPod iPhone iPad

Charge Anywhere. at Home, at Work, on-the-Go

GPAC2U4
**GearPower Dual USB
4.2A (20W) Car Charger**

- Two 2.1A USB outputs allow simultaneous charging of tablets and/or smartphones
- Compact design plugs into any 12V vehicle lighter socket or 12V power port
- Capable of charging iPod® / iPhone® / iPad® plus most other smartphones and tablets

GPAW2U4
**GearPower Dual USB
4.2A (20W) Wall Charger**

- Two 2.1A USB outputs allow simultaneous charging of tablets and/or smartphones
- Capable of charging iPod® / iPhone® / iPad® plus most other smartphones and tablets
- Compact, folding plug design allows easy storage

GPAW4U4
**GearPower QuadSmart USB
4.2A (20W) Wall Charger**

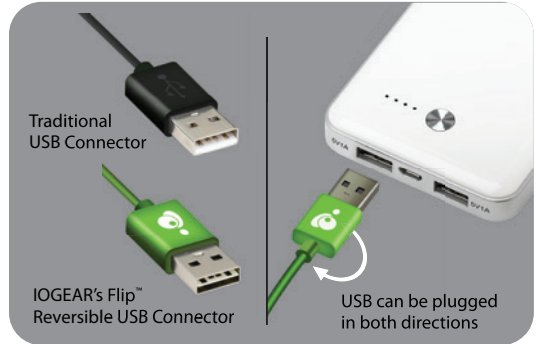

- Four USB outputs allow simultaneous charging of tablets, smartphones, etc.
- SmartPower balancing technology divides 4.2A total output among devices as needed, with up to 2.4A on any one port
- Quick-charge up to two iPads or charge four devices simultaneously
- Compact, folding plug design allows easy storage

"Made for iPod," "Made for iPhone," and "Made for iPad" mean that an electronic accessory has been designed to connect specifically to iPod, iPhone, or iPad, respectively, and has been certified by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards. Please note that the use of this accessory with iPod, iPhone, or iPad may affect wireless performance. iPad, iPhone, iPod nano and iPod touch are trademarks of Apple Inc., registered in the U.S. and other countries. Lightning is a trademark of Apple Inc.

Charge & Sync Cables

Charge & Sync Flip™ Reversible USB to Lightning Cable, 3.3ft (1m)

- Our Flip™ Reversible USB connector eliminates the frustration of plugging the USB on the wrong side
- Compatible with all Apple Lightning devices
- Variety of colors to match your phone and personal style
- Small connector housing that can fit most smartphone / tablet cases

GRUL01-GR

GRUL01-BL

GRUL01-PK

GRUL01-WT

Charge & Sync Flip™ Pro Reversible USB to Lightning Cable, 3.3ft (1m)

- Our Flip™ Reversible USB connector eliminates the frustration of plugging the USB on the wrong side
- Compatible with all Apple Lightning devices
- Braided-nylon fiber jacket increases durability
- Small connector housing that can fit most smartphone / tablet cases

GAUL01-GLD

GAUL01-SIL

Charge & Sync Pro USB to Lightning™ Cable

GPUL01 (3.3ft / 1m)
GPUL02 (6.5ft / 2m)
GPUL03 (9.8ft / 3m)

GPUL01 / 02 / 03 Charge & Sync Pro Lightning Cable

- Overmold protects all the electronics and adds extreme durability
- Inner mold permanently bonds metal shield to cable
- Metal shielding protects the PCB and inner wires
- Oversized conductor diameter for better power transfer
- Tangle-free high-grade cotton/nylon woven cable jacket for ultimate protection and abrasion resistance

Standard Lightning Cable

- Connectors are easily separated from cable with normal wear and tear
- Minimal strain relief
- Cable tangles easily

- Compatible with all Apple® Lightning devices
- Cotton/nylon fiber weave cable jacket for increased durability
- Molded connectors with double-bonded strain relief for maximum cable life
- Oversized conductor diameter provides better power transfer

Super flexible | Stain resistant | Easy grip cable jacket | Strain relieved connectors for maximum durability

GUL01 (3.3ft / 1m)
GUL02 (6.5ft / 2m)
**Charge & Sync Cable

**GWFRSDU2
MediaShair
Wireless Media Hub
w/Built-in Power Station**

- Mobile media hub allows smartphones, laptops, and tablets to stream movies, music, photos, etc. up to 7 devices simultaneously
- Solves limited storage capacity problems for smartphones and tablets
- Creates a private Wi-Fi network to stream content and Internet*
- SD card slot and USB port to plug-in your own content
- Built-in battery for up to 9 hours of playback while on-the-go
- Ethernet port converts wired Internet to Wi-Fi- great for hotels*

*Requires wired/wireless Internet connection to provide Internet access

**GWPAP1
NetShair Nano
Ultra Portable Wi-Fi Router/
Access Point**

- USB powered ultra-portable Wi-Fi router/Access Point
- Converts any wired Internet connection to Wi-Fi
- Plugs into any USB port or USB charger for power
- USB pass-through charging when connected to USB charger
- 802.11b/g/n @ up to 150Mbps speed
- Perfect for Ultrabook™, MacBook Air, Microsoft Surface™ and other devices without Ethernet ports

**GWRH1
NetShair Link
Portable Wi-Fi Router &
USB Media Hub**

- Access the Internet and stream USB content to Wi-Fi enabled devices
- DHCP Router/Access Point w/802.11b/g/n @ up to 150Mbps speed
- USB port for flash drive or external hard drive content
- Compatible with Windows and Mac formatted storage devices
- 2.1A USB output to charge iPads, tablets, smartphones, etc.
- Perfect for travelers to convert a hotel Ethernet connection to Wi-Fi

Download the MediaShair App / NetShair App / NetShair Nano App to your iPhone, iPod Touch and iPad from the App Store, or from the Google Play Store™ for Android™ devices.

Ultrabook™ is a trademark of Intel Corporation in the U.S. and/or other countries.

Stylus

GSTYA100 PenScript™ Active Stylus for Smartphones and Tablets

- Precise 1.9mm tip with Power Tip Technology for smooth writing and unparalleled accuracy
- Anodized aluminum body for durability and premium feel
- Works with virtually all smartphones and tablets
- Up to 12 hours of continual usage on a single AAA battery
- Easy setup - no pairing or additional software needed
- Great for artists, designers, students and businesses
- Works with the most popular note-taking apps such as Evernote, Paper by FiftyThree, Procreate, etc

GSTY103 Touch Point Stylus for Tablets and Smartphones

- 3-Pack: keep one at the office, at home and with you on the go.
- Durable, compact design allows for easy portability and storage
- Patented conductive round stylus end, sensitive at any angle that provides accuracy when sliding, drawing, double-tapping to zoom, and taking notes
- Keep your touch screen device clean and smudge free

GSTY200 Accu-Tip Stylus for Tablets and Smartphones

- 4.5mm AccuTip Stylus for better accuracy and better on-screen visibility
- Soft, durable rubber Accu-Tip will not scratch, smudge or leave fingerprints on your screen
- Metal body construction adds rigidity and weight for a more consistent feel
- Professional quality stylus for business and everyday use

GSTYP301 Executive Stylus Pen for Tablets and Smartphones

- Soft durable rubber tip stylus will not scratch, smudge or leave marks on your screen.
- Functions as a ballpoint pen for traditional note taking with smooth writing action.
- High quality, all-metal Construction for durability and rigidity.
- Pen uses standard Parker® Brand refills

KVM & KMVP

Desktop KVM

GCS1924

4-Port USB 2.0 Mini DisplayPort DualView KVMP Switch

- Share 2 Mini DisplayPort monitors, a keyboard, mouse and speakers between 4 Mini DisplayPort computers with dual monitor support
- Video resolutions:
 - Single Link: 1920x1200
 - Dual-Link: 2560x1600
- 2 USB 2.0 ports for peripheral sharing
- Audio Support for digital and analog:
 - Mini TOSLINK: HD digital audio signals
 - 3.5mm audio jack: Supports 2.1 stereo with Full bass response
- Multiplatform OS support*

*Multiplatform OS support - Windows®, Mac, and Linux®

GCS1642 / GCS1644

2/4-Port DualView Dual-Link DVI KVMP Switch with USB 2.0 Peripheral Sharing

- Share 2 Dual-Link DVI monitors, keyboard, mouse and speakers between 2/4 USB computers with dual monitor support
- Video resolution: DVI-D Dual-Link 2560x1600
- 2 USB 2.0 ports for peripheral sharing
- Audio enabled - Full bass response provides 2.1 stereo sound
- Multiplatform OS support*
- DynaSync** reads and remembers the monitor's parameters (EDID) so there is no delay or change of video resolution when switching between, or booting computers

GCS1102 / GCS1104

2/4-Port USB DVI KVMP Switch with Audio and USB 2.0 Peripheral Sharing

- Share a DVI monitor, keyboard, mouse and speakers between 2/4 USB computers
- Superior video quality - 1920x1200 @ 60 Hz; DDC2B
- Fully compliant with the USB 2.0
- Audio enabled - stereo sound
- Multiplatform OS support - Windows®, Mac, Sun Solaris™, and Linux®
- DynaSync** reads and remembers the monitor's parameters (EDID) so there is no delay or change of video resolution when switching between, or booting computers

**IOGEAR's DynaSync provides the EDID support for Windows 7

LCD KVM

GCL1908 / GCL1916

8/16-Port 19" LCD KVM Drawer

- Integrated 8/16-port KVM console featuring a 19" TFT LCD active matrix monitor, keyboard and touchpad
- 1280x1024 resolution on 19" rack mount LCD provides a sharp video display
- Adjustable mounting rail to fit different sizes of racks
- Multiplatform OS support - Windows®, Mac and Linux®
- Easy to operate - computer selection via front panel pushbutton LED's, intuitive OSD (on-screen display) and hotkeys
- External USB or PS/2 with VGA Console port

Rack Mount KVM

GCS1808

GCS1808KIT

GCS1808KITU / GCS1808KITP (w/cables)

8-Port USB PS/2 Combo KVMP Switch

- Share one VGA monitor, keyboard, mouse, and a USB Peripheral between 8 USB or PS/2 computers
- Multi platform OS support - Windows®, Mac, Sun Solaris™, Linux®
- Easy to operate - computer selection via front panel pushbuttons, intuitive OSD (on screen display), and hotkeys
- Cascade up to 2 levels - control up to 128 computers from a single console*
- Security - 2 level password protection for OSD
- Maximum video resolution: up to 2048x1536
- DynaSync** Technology reads and remembers the monitor's parameters (EDID) so there is no delay or change of video resolution when switching between, or booting computers

GCS1808i / GCS1816i

8/16-Port IP Based KVM (TAA)

- 8/16-port IP-based KVM switch - monitor and control up to 8/16 computers from both local and remote KVM consoles
- Hot pluggable - add or remove computers without having to power down the switch
- Multiplatform support - Windows®, Linux® and Mac - Front panel USB port allows connected computers to access USB peripherals such as USB flash drives or hard drives*
- Dual Interface - the automatic interface detection supports computers with either PS/2 or USB connections
- Complete keyboard and mouse emulation for error free booting
- Supports USB keyboards for Windows® and Mac

*Cascade compatible with GCS1716 for control over 128 computers

**IOGEAR's DynaSync provides the EDID support for Windows 7

*Only systems connected with the USB KVM cables will be able to access the front USB port for system upgrades and shared peripherals

Computer Accessories

GTD720

Thunderbolt™ 2 Docking Station

- Operates at a rate of up to 20Gbps with Thunderbolt™ 2*
- Ultra-high speed bandwidth expansion for 4 times faster data transfer than USB 3.0, 40 times faster than USB 2.0 and 25 times faster than FireWire 800
- Supports 4K (UHD) video output and high-speed file transfer simultaneously
- Supports dual displays for HDMI and Thunderbolt display monitors
- Ability to connect up to 8 devices directly to the dock and daisy chain up to 4 additional Thunderbolt devices (5 total)
- Dedicated USB charging port for tablets or smartphones
- Optical audio line-in/line-out port provides 5.1 digital audio editing and playback capabilities

* Only systems that include Thunderbolt 2 can take advantage of the 20Gbps transfer speed

GTC01/02-BK

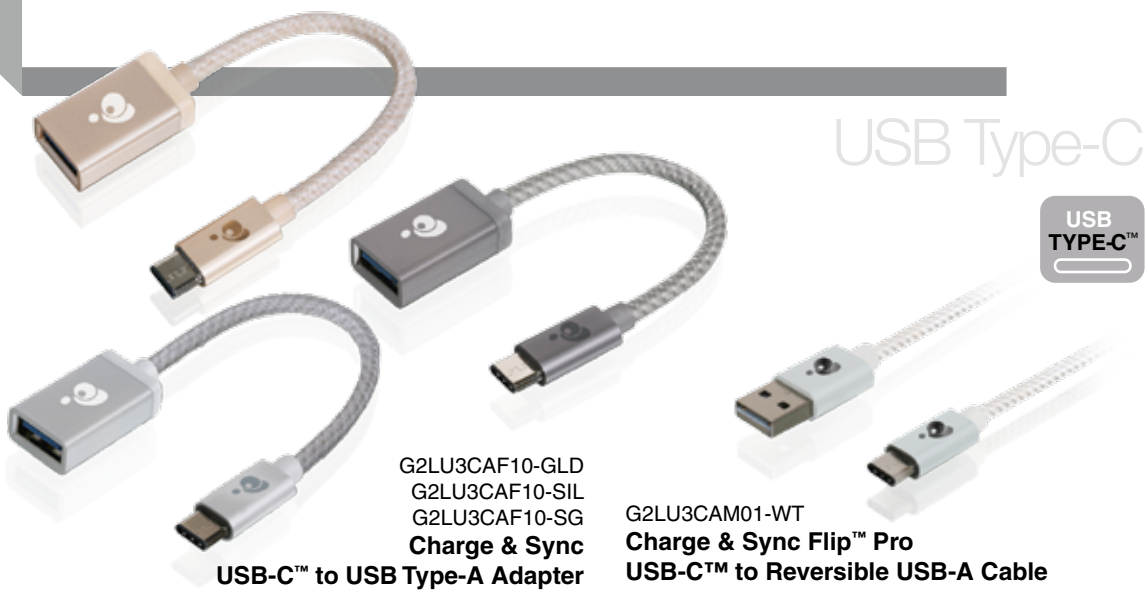

Thunderbolt™ Cable – 3.3ft (1m) / 6.8ft (2m) Black

- Operates at up to 20Gbps with Thunderbolt™ 2*
- Supports raw 4K video file transfer and display simultaneously
- Daisy chain up to 6 Thunderbolt devices
- Dual channel, bi-directional data transfer
- Transfer a full-length HD movie in less than 30 seconds
- Add 1TB backup in less than 5 minutes

*For systems that include Thunderbolt™ 2, users can take advantage of transfer speeds of up to 20Gbps

G2LU3CAF10-SIL
G2LU3CAF10-SG
**Charge & Sync
USB-C™ to USB Type-A Adapter**

- Connect USB Type-A accessories to a USB Type-C enabled system
- Anodized aluminum shell provides superior durability over the standard USB Type-C adapter
- Compatible with new MacBook® and Chromebook™ Pixel
- Heavy duty, tangle free design - suited with a braided-nylon fiber cable jacket
- 1.5A charging output and up to 5Gbps data transfer speed

G2LU3CAM01-WT
**Charge & Sync Flip™ Pro
USB-C™ to Reversible USB-A Cable**

- Connect your USB-C™ devices to standard USB-A devices
- Our Flip™ Reversible USB connector eliminates the frustration of plugging the USB-A on the wrong side
- Anodized aluminum shell provides superior durability over the standard USB Type-C™ cable
- Heavy duty, tangle-free design – suited with a braided-nylon fiber cable jacket
- Charges USB-C devices at up to 3A power output
- Charges your USB-C laptop*

* Use with IOGEAR GMP8K or GMP16K Mobile Power Station

GUC3C01
**GigaLinq Pro 3.1, USB 3.1 Type-C to
Gigabit Ethernet Adapter**

- Bring Gigabit network speed (10/100/1000Mbps) to devices without an Ethernet port using a USB Type-C™ connection
- Powered by USB, no external power supply needed
- Perfect travel companion for the new MacBook®, Chromebook™ Pixel or other USB-C™ devices
- Compact design slips easily into any computer bag, backpack, or briefcase
- Premium aluminum housing and braided nylon-fiber cable jacket for added durability

GUH3C14
**HUB-C, USB-C to
4-Port USB-A Hub**

GUH3C24P
**HUB-C+, USB-C to
4-Port USB-A Hub
with Power Adapter**

- Connect up to four USB 3.0 devices to your USB-C™ computer
- SuperSpeed USB 3.0 data transfer rate of up to 5Gbps
- Backwards compatible with USB 2.0 and 1.1
- Space-saving, compact design that easily fits in briefcases, backpacks, and pockets
- Hot swappable: Connect and disconnect devices without powering off your computer

USB 3.0

GUD310

met(AL) USB 3.0 Docking Station

Great expansion solution for computers with extra connectivity demand

- USB3.0 HUB + USB Charger + USB2.0 HUB + USB3.0 to HDMI Adapter + USB3.0 to DVI Adapter + USB3.0 to HDMI and DVI Dual output Adapter + USB3.0 to Gigabit LAN Adapter + HDD Docking Station
- Extends connectivity to USB peripherals:
USB3.0 x 4 + USB2.0 x 2 + USB Charging x 2
- Gigabit Ethernet network: 1000Mbps/100Mbps/10Mbps
- 2 Video output Ports:
 - HDMI (HDCP) with Audio + Video (Resolution: 2048x1152)
 - DVI with Video (Resolution: 2048x1152)
- 5.1 Surround Sound Audio
- Creative appearance complements any home or office space
- Hot pluggable; add or remove devices without system reboot
- Resumes from hibernation and suspend modes

- 2 USB 3.0 ports and 4 USB 2.0 ports for external drives, printers, cameras and phones
- Integrated Gigabit Ethernet port (RJ-45) - supports 10/100/1000BASE-T
- Stereo audio with 3.5mm headphone and microphone jacks
- Includes HDMI to DVI and DVI to VGA adapters

*Microsoft Surface™ Pro, Microsoft Surface™ Pro 2, and other Windows® 8.1 Pro compatible tablets. Ultrabook™ is a trademark of Intel Corporation in the U.S. and/or other countries. MacBook® is a trademark of Apple, Inc., registered in the U.S. and other countries

GKMB02
KeyShair
Bluetooth Keyboard/Mouse Sharing
for Smartphones and Tablets

- Share your computer's keyboard and mouse* with up to four Bluetooth enabled mobile devices, including other computers
- Simplifies typing between your computer and your mobile devices
- Easily switch between computers and mobile devices quickly via hotkeys
- USB 2.0 interface supports PC and Mac including laptop and desktop models
- Bluetooth 3.0 compliant
- Supports USB hot plugging

* Some mobile devices do not support mouse function; please consult your mobile device manufacturer for details.

External Video Cards

GUC34DP
USB 3.0 to DisplayPort 4K
External Video Card

- Easily connect DisplayPort monitors up to 4K resolution
- Supports Ultra-High Definition up to 3840x2160 pixels
- Backwards compatible with Full HD (1080p) / legacy monitors
- Extend or mirror your desktop to a second display
- Access to 4K Ultra HD displays for legacy PCs
- USB bus-powered

GUC34HD
USB 3.0 to HDMI 4K External Video Card

- Easily connect HDMI monitors with up to 4K resolution
- Supports Ultra-High Definition up to 3840x2160
- Backwards compatible with Full HD (1080p) / legacy monitors
- Integrated audio
- Extend or mirror your desktop to a second display
- USB bus-powered

Input Devices

GME435G GreenPoint Pro
GME430R RedPoint Pro
2.4GHz Gyroscopic Presentation Mouse
with Laser Pointer

- Control presentations and computer cursor at the same time
- Use the built-in laser to focus on key parts of your presentation
- Gyroscopic sensor controls the cursor with hand motion
- 2.4GHz provides long range wireless control up to 65ft
- Easily switch between gyro and direction pad cursor control

GME435G
 Class 3a super-bright green

GE1337P

KeyMander™**Controller Emulator for use with Game Consoles**

KeyMander™ supports PS4™, XBOX ONE®, PS3™ and XBOX 360® gaming consoles.*

Console Gamers & PC Gamers Unite

The new KeyMander™ Gaming Controller Adapter from IOGEAR takes the console gaming experience to the next level! By connecting your keyboard and mouse to the KeyMander, all controller functions can be rapidly and more accurately accessed for an advantage in high-speed first person shooters, role playing games, etc. or PC games who have wanted to use a keyboard and mouse while playing a game console, the KeyMander takes advantage of your keyboard and mouse skills so you can dominate your game consoles!

**Key Advantages:****Accuracy**

Fine tune and customize a wide range of adjustments including aim/look, aim-down-sight, deadzone, in-game acceleration, diagonal acceleration and mouse ballistics.

Macro Programming

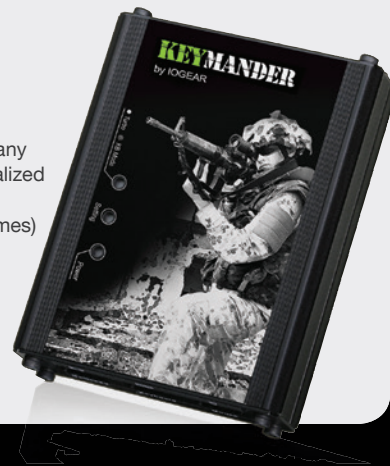

Design custom button sequences; up to 16 actions into one keyboard key for quick and rapid delivery!

Custom Key Mapping

Map your console controller buttons to any key on your keyboard for a truly personalized gaming experience. Great for FPS (First Person Shooter), RPG (Role Playing Games) and RTS (Real Time Strategy) games.

Custom Profile

Stores multiple profiles in groups for different games or gamers for customized advantages.

*Download free KeyMander update for PS4™ and Xbox One® support.
