• This is your opportunity to invest in the beginning of our red genetic polled program. Don't miss this unique opportunity!

Dear Brahman Friends,

The JS Genetics Production Sale VI is a true cause for excitement! We have gathered an outstanding group of cattle that cover every essential need of the market. Over the past year we have teamed up with some of the top breeders in the business to offer you an elite selection of both red and gray genetics.

There are approximately 80 lots of unique selections of show heifers, herd sire prospects, open and bred heifers, cow-calf pairs, 3-N-1 packages, ET calves, pregnant recipis, recipis with calves at side, flushes, and genetic packages.

We are offering a special opportunity for junior members. All junior members that register as a buyer at the sale will be entered in a drawing to win semen and embryos donated by Smith Brahmans! We will draw three 5 straw semen packages and two embryo packages, consisting of a pair of top quality embryos from Smith Brahmans donors. Juniors must be registered and present at registration time on Saturday morning prior to the sale to be eligible for the drawing.

If you need information about the cattle, assistance with hotel accommodations, a ride from the airport, or any other instance where we can be of service, please feel free to call. We look forward to seeing you at the pre-sale viewing on Friday night for appetizers, drinks, and the opportunity to see the cattle and visit with friends. Lunch will be served sale day at noon with the sale starting at 1:00 p.m. Thank you for letting us help you reach your genetic goals!

Sincerely,
 JS Genetics

- Both red and grey bulls will be available private treaty.

Lot 80

Cattle sold for export to international countries must, by state law, be officially tested for the disease required by that country after the sale is made. The seller will be responsible for this testing.

BREEDING GUARANTEE: Cows represented as being "safe in calf" have been examined and declared safe by an accredited veterinarian. They are considered breeders without further guarantee. Cows with calves at side shall be considered breeders without further guarantee. Open heifers are guaranteed to be breeders. Should any prove to be a non-breeder we reserve the right to limit the time of adjustment to 30 months of age and six months on our part to prove such nonbreeder. All bulls (above 18 months of age) will have fertility test. If the animal proves to be a nonbreeder, an animal of comparable rank or credit on the purchase of another animal will be offered.

LIABILITIES: All persons who attend the sale do so at their own risk, and the owners and sale managers assume no liability, legal or otherwise, for any accidents that may occur.

ANNOUNCEMENTS: Announcements from the auction stand will take precedence over any statements in this catalog. Supplemental sheet information available on sale date will also take precedence over any statements in this catalog. If you would like to place a bid on any animal but cannot attend the sale, we would be pleased to accept a phone, mail or e-mail bid.

Terms & Conditions

BIDDING: Each animal will be sold to the highest bidder without reserve. The auctioneer will settle any disputes as to bids, and his decision on such matters shall be final.

TERMS: (1) The terms of the sale are cash. (2) The right of property shall not pass until settlement is made. (3) All settlements will be made with the clerk of the sale immediately following the conclusion of the sale and before any cattle will be released

from the sale facilities. (4) Foreign purchasers will be expected to make full settlement for animals immediately following the sale. Also to make arrangements with a forwarding company for shipment. (5) All accounts to be settled in full before cattle are allowed to leave premises.

PURCHASER'S RISK: Each animal becomes the risk of the purchaser as soon as sold. Animals will be fed, watered and cared for at seller's expense for a reasonable time not to exceed seven (7) days to allow for removal to purchaser's farm. On foreign purchases the charge for care of animals after thirty (30) days will be a \$5.00 per head per day. The seller or sales manager will assume no responsibilities for these cattle after they have been sold.

TRUCKING: Sale management will help purchasers make arrangements for shipping cattle by truck.

INSURANCE: Sale management will arrange for insurance on any cattle purchased during the sale.

CERTIFICATE OF REGISTRATION: A certificate of registration (including service certificate on safe in calf females) will be transferred directly to purchaser at sellers expense.

HEALTH: All animals are eligible for interstate shipment. Health papers prepared by an accredited veterinarian will be furnished for each animal.
