

### IMMERSE YOURSELF IN INCREDIBLY CLEAR SOUND

Wave goodbye to noise and say hello to style, comfort and great fit. The Jabra WAVE Bluetooth® headset delivers exceptional sound quality and clear hands-free conversation in all environments. Powerful wind-noise reduction technology and HD Voice\* allow you to hear every word with pristine clarity. Enjoy exceptional sound quality while streaming your favorite multimedia - GPS, music and podcasts - directly from your Bluetooth® device to your headset.

There's no need to choose just one device to stay connected. With Multiuse™, you connect to two active Bluetooth® devices simultaneously.

Enjoy a truly wireless experience with Voice Guidance, which lets you know your headset's battery and connection status without having to touch your phone.

Jabra WAVE is exceptionally comfortable, since its classic behind-the-ear style makes it perfect to wear all day. Wear it to work, to walk or in the car, and enjoy crystal clear hands-free conversations wherever you are.
