

2 Slot Chassis for AVN-Series Encoder Blades

Visionary Solutions' Internet Protocol TV encoders can turn video from any analog, HDMI, DVI-D, or HD-SDI source into fullscreen, full resolution digital video, suitable for broadcast over public and private networks in real time.

IPTV is the next big step in audio and video media. There's no longer any reason to design, install and maintain a separate infrastructure for AV transport and communications, when you already have an IP network.

The most cost-effective and space-efficient way to encode digital video for network use is through one of Visionary Solutions' Media Processing Platforms. Each is a high density system offering a number of slots where VSI encoder blades, such as the AVN420 or AVN443, can be installed.

Features

▶ Compact Two-Slot Chassis

Holds one or two single-slot AVN-series encoder blades or one dual-slot blade in a small form factor.

▶ Stand-Alone or Rack Mounted

Mount one or two MPP200 chassis side-by-side in a standard 19" rack (1RU high), with the optional Rack Mount Kit, or use stand-alone.

▶ LED Indicators

Status 1, Video 1, Status 2, Video 2 plus power.

▶ External Power Supply

The MPP200 uses a power brick (DC) which is connected to the back of the unit.

MPP200 2-Blade Enclosure

MPP 200 with two AVN 420 Encoder Blades Installed

2 Slot Chassis for AVN-Series Encoder Blades

The MPP200 is a 2-slot platform designed to stand alone or be rack mounted. One end of the chassis has LED status indicator lights and DC power input; encoder blades install into the other end.

Specifications

Capacity

Holds 1 or 2 AVN 220/420/422 encoder blades or 1 AVN441 or AVN443 blade

Dimensions

(W x D x H)
142.5 x 196.3 x 43.2
(5.61" x 7.37" x 1.74")
1 RU (rack unit) high

Weight

1130g or 2.5 lbs. (approximate)

Power

External power supply 5V DC, 4A (power brick)
2 pin jack w/ screw locks

Compliance

CE, UL Listed I.T.E. E257717
EMC: FCC Part 15 Class B

Includes

DC Power Supply
US IEC Power Cable
RS-232 Cable
User's manual
Limited 12-month warranty

Optional

Unbalanced audio cable for AVN series blades
MPP200 Rack Mount Kit
Single blanker plate
Extended Product Warranty
