# Child Learning Journey – An Overview

Child Learning Journey™ (CLJ) is a digital product suite of web portal and mobile applications for the early years education/care provider and parents of young children. CLJ is Bing Web Services (UK) product and works globally. CLJ fills the communication gap between parents of young children and Day Care, Nurseries, Pre-schools regarding the child learning and development journey. We fill this communication gap by using the new generation and user friendly digital channels and technologies such as web portal and mobile applications. Secure online channels are being used between the education/care provider and parents of young children from 5 months to 5 years to communicate on a daily basis. CLJ will provide instant information sharing and follow up of that information.

Reputed UK company product. Established in England and Wales in 2009

# Key Features For Parents

- Global secure and synchronized web portal and mobile applications.
- See inside your child's school via mobile apps and web portal
- Get instant school updates via mobile notifications and emails
- Get photos/videos/audio of your child's magical moments in school
- Report absentees, likes, dislikes, food allergies, important activities to teachers
- Know what your child is doing in the class
- Know how your child interacts in schools with others through videos
- Know whether your child has sleep, lunch, water, medication during the day
- See school daily dairies on your mobile and portal
- Connect with your child teachers or institute managers instantly
- See PDF, word documents to your child's institute
- Know your child's hidden talent – early!
- Proactively manage your child learning and development..

# Terms and Descriptions

## **cMessage™ - Magical moments of your child**

cMessage can be any message, observation or a magical moment captured by the teacher for a child. It could be a summary of child activities in words or picture taken doing some memorable activity or amazing video or audio for a child. Parent can also send the cMessage to teachers. They can also provide comments on each other cMessages like a chat.

## **Daily Diary – How was your child's day today?**

It is the digital form of the diary which is sent from teachers to parents on a daily basis.

# Parent Portal User Interface

Following pages will outline the Parent User Interface and key functions they can perform on the Web Portal and CLJ Parent tablet app.

The portal can be accessed via the secure web URL

<https://childlearning.in/login.php?loginas=parent>

Please use your mobile number and password to login. Latest versions of these user guides can be found on <https://www.childlearning.in/training/manuals/>

There is one mobile/tablet app for Parent, which can be downloaded from the Google Play Store\*. URL: <https://play.google.com/store/apps/details?id=com.childlearning.parent>

There is one mobile/tablet app for Parent, which can be downloaded from the Apple Play Store\*. URL: <https://itunes.apple.com/us/app/child-learning-parent/id1319844093>

# Home Screen

The screenshot shows a web browser window with the URL <https://childlearning.in/dashboard.php>. The page features the Child Learning logo on the left and a user profile for Pradeep Arora. The main content area includes a navigation menu with tabs for Dashboard, Children, cMessage, Daily Diary, Child Life Journey, Feedback, and Fees. Below the navigation menu, there are three large buttons labeled Children, cMessage, and Daily Diary. A contact information box is located at the bottom left of the dashboard.

# cMessage

- This section shows all the cMessages created by all the teachers and parents associated within the institute for all the children of the parent.
- New cMessage can be created and existing cMessage can be viewed, edited and deleted from this section.
- The section consists of six columns namely – ‘Child Name’, ‘Subject’, ‘Posted by’, ‘Status’, ‘Posted on’ and ‘Action’.
- **Child Name** : Name of the child.
- **Subject** : Title of cMessage and a few words of the cMessage, both separated by a ‘-’.
- **Posted by** : Shows the name of the person who sent the cMessage.
- **Status** : This shows whether the cMessage is approved by the Institute Admin or not. cMessage sent by you are always approved.
- **Posted on** : Shows the date on which the cMessage was sent.
- **Action** : You can view, edit or delete cMessages through options given in this field.

# cMessage – Add cMessage

The screenshot shows a web browser window with the URL <https://childlearning.in/parents-observation.php?action=add>. # Fees

- You can Download the Fee Receipt for your child sent by the institute in PDF format and print it for future reference and use if needed by selecting the Year and then clicking on the subsequent fees on the screen

# Parent – Mobile/Tablet App

Next slides will outline what Parents can do in CLJ – Parent Mobile/Tablet app.

In Child Learning – Parent app user can login and perform limited but mostly used activities.

Download the latest apps from Google Play Store or Apple Store and install on your mobile or tablet.

Google Play Store link -

<https://play.google.com/store/apps/details?id=com.childlearning.parent>

Apple Store link -

<https://itunes.apple.com/us/app/child-learning-parent/id1319844093>

Use your provided mobile number to log in and follow the instructions in the upcoming slides on how to create password.

**Note:** Your Child's institute admin/manager firstly need to add you as a parent on CLJ applications.

Any technical support needed, please email us at [support@childlearning.in](mailto:support@childlearning.in)

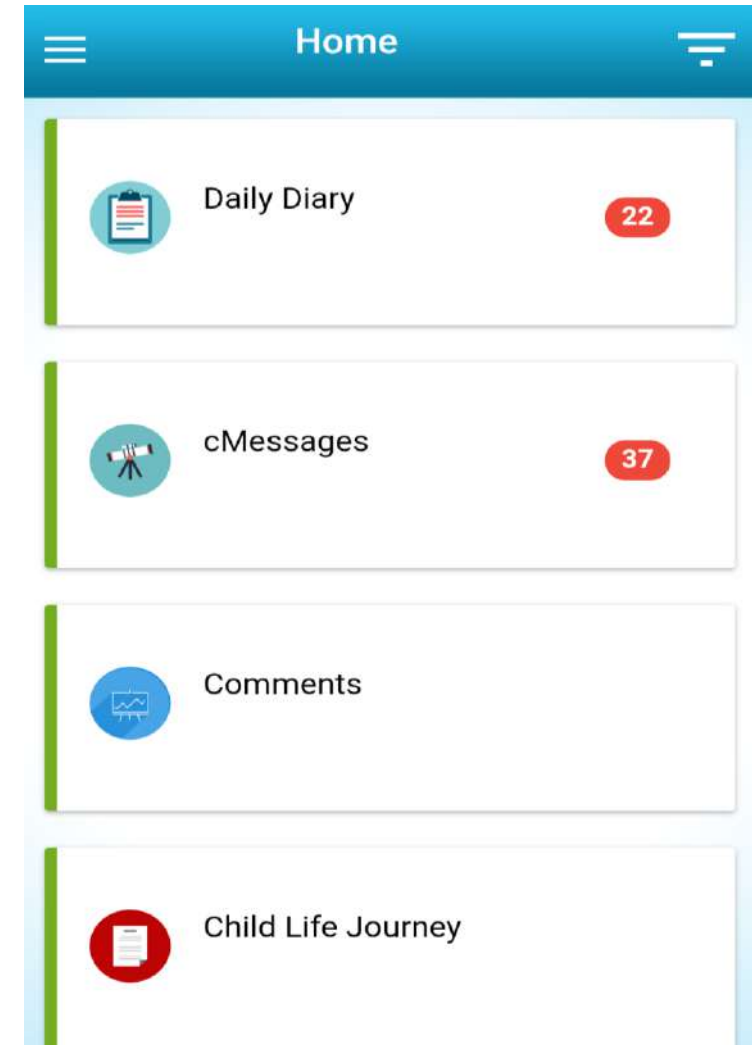

# Login

- Enter the mobile number and password given to you by your child's institute
- You will be able to login only with the Mobile number registered with the institute

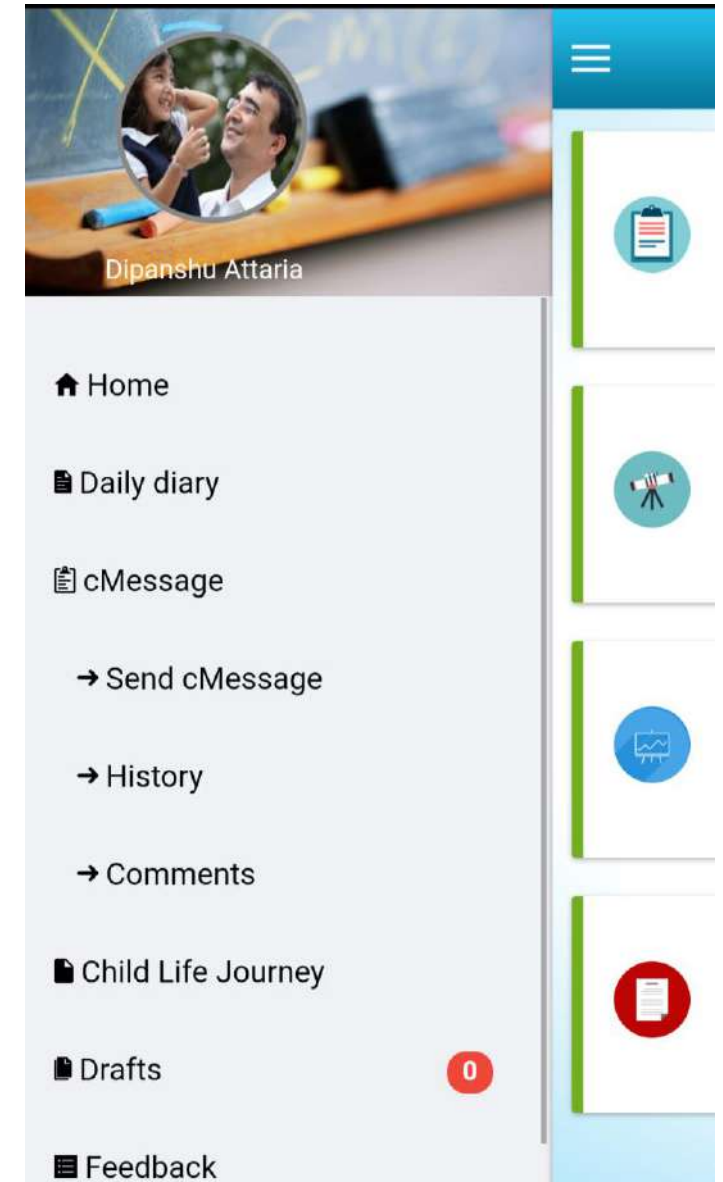

# Home

- cMessage link to create/view cMessages
- Daily Diary link to view Daily Diary
- Comments section where comments on cMessages can be viewed and added

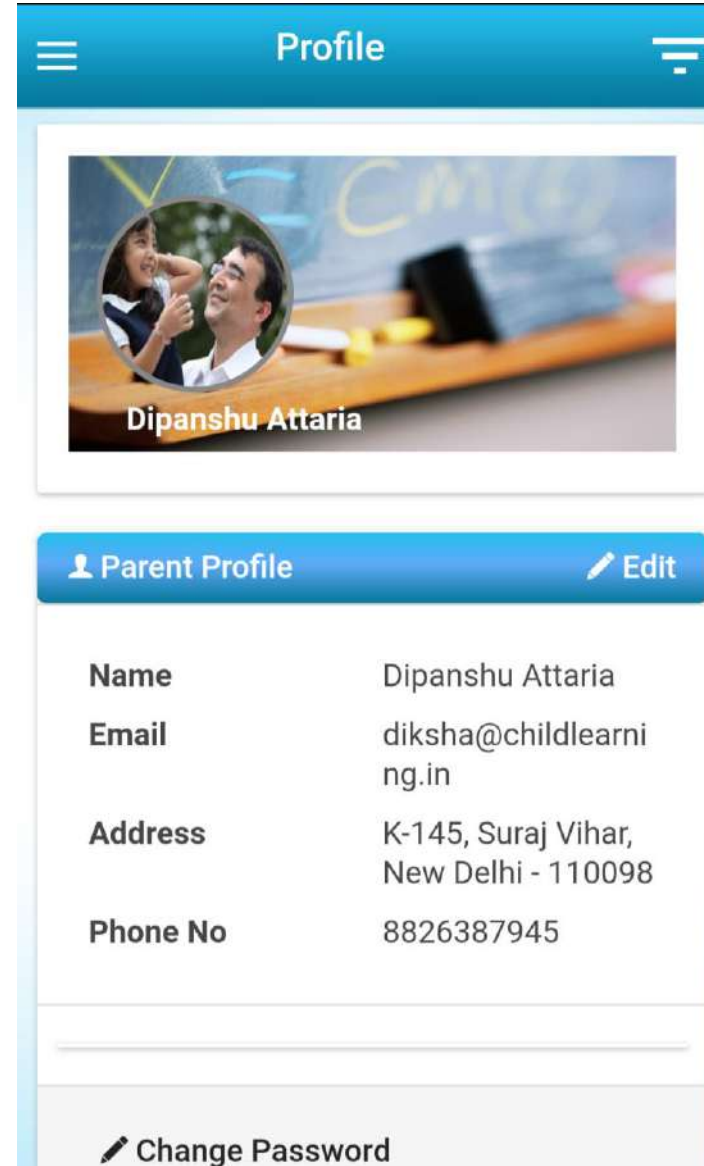

# Home Screen – User Panel

- Tapping onto the top left will take user to the additional options available in the app
- Tap on the Profile picture to view the Profile screen

# Profile

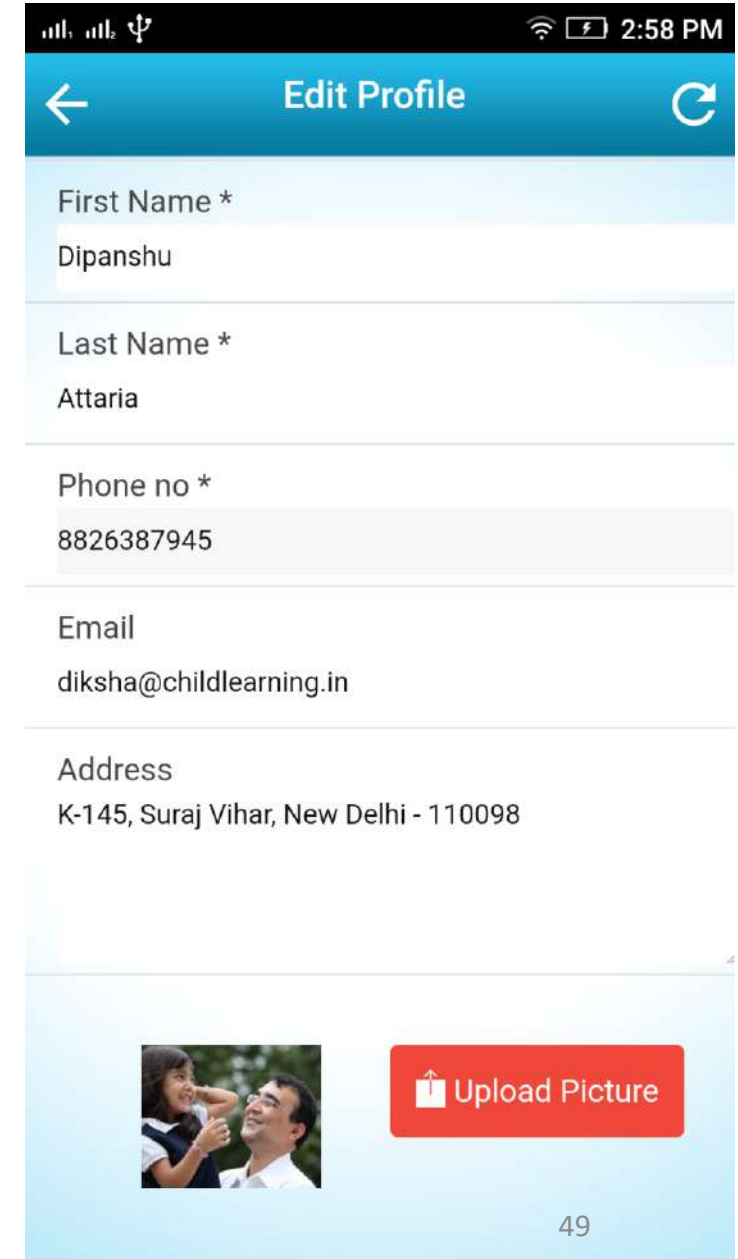

- This screen will show the user profile details
- This will also show the list of child/children under this parent
- You can also change the password by tapping on the change password button

# Profile - Edit

- The profile can be edited by tapping on the edit button

# Profile – Edit Child

- You can also edit your child details by tapping on the Edit button which is next to the Child Name

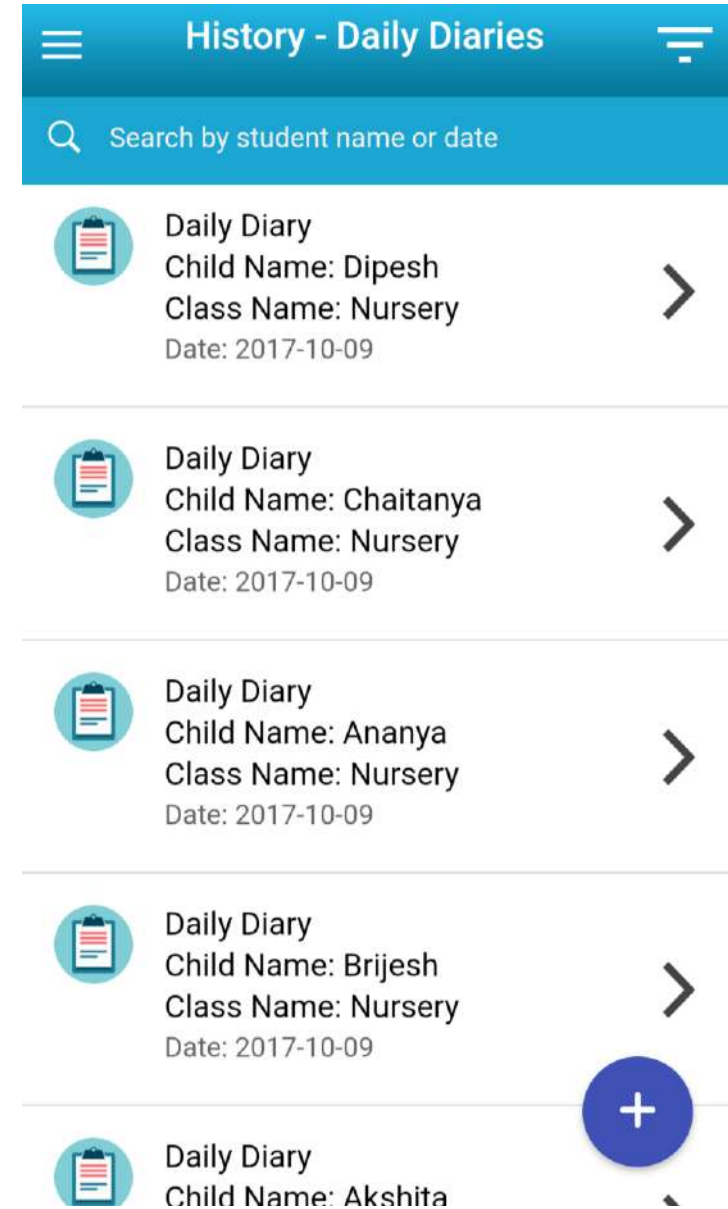

The screenshot shows a mobile application interface for editing a child's profile. At the top, there is a blue header with a back arrow, the title "Edit Child", and a refresh icon. Below the header is a section titled "Student Details" in a blue bar. The form contains the following fields:

- Student Register No:** ST170000000151
- Student Name \*:** Prashant
- Date of Birth \*:** 28-1-2017, with a red calendar icon to the right.
- Gender \*:** Male (with a dropdown arrow)
- Ethnicity:** Canadian Americans (with a dropdown arrow)
- Dietary Requirements:** 2 Glasses of Milk, Sandwich

At the bottom of the form, there is a small photo of a child and a red button labeled "Upload Picture" with an upload icon.

# History Daily Diaries

- You can view Daily Diary posted by teachers of the institute from this section
- You can further tap on any Daily Diary to view the details of the Diary
- You can also search through all the cMessages by typing a student name or by providing the date of a daily diary

# Send cMessage

- You can create a new cMessage by tapping on the '+' button at the History cMessages screen or Send cMessage option in the user panel
- If you only want to send a text cMessage you should select the Message option in the type field
- You can also upload documents by tapping on the Upload Document button

The screenshot shows the 'New cMessage' form with the following fields and values:

- Class \*: nursery
- Select Child \*: (empty, with a '+' button)
- Type \*: Message
- Title: Holiday homework
- Details: Make a chart on alphabets.
- Date: 14-7-2017

The screenshot shows the 'New cMessage' form after a document upload. The 'Date' field is 14-7-2017. A green message 'Document Uploaded Successfully' is displayed. Below the message are two buttons: 'Upload Document' (red) and 'Send' (blue).

# Observation cMessage

- An observation type cMessage can be used to send multimedia files such as photo/audio/video along with text
- You can Capture photo/audio/video through the camera or upload it from the Gallery
- You can create a new cMessage by tapping on the '+' button at the History cMessages screen or Send cMessage option in the user panel
- Select Observation option in the type field
- Analysis and Next Steps fields will be shown in addition to the buttons for uploading picture, audio or video
