

UVO SYSTEM Bluetooth® Phone Compatibility

Most Bluetooth® cellular phones should have SOME functionality with the Kia Bluetooth® system. However, due to differences in phone quality, service providers and Bluetooth® chip programming, functionality may differ from one phone to another. For your convenience, here is a listing of mobile phones that have been tested with the Kia Bluetooth® system and their functionality. New mobile phones are introduced frequently -- although your mobile phone may not be listed here, it may work with the Kia Bluetooth® system.

E: Phone issue:pressing handsfree set will disconnect phone

F: End call from 2nd far-end, no end message is sent to AVN, so still 2 calls activated

G: Hangup first phone: H/U does not recognize that hangup action, and it's placed on hold. Then when you switch from line 1 to 2 and 2 to 1, all calls are transferred to phone2

H: No terminated message from phone when terminate 1st call from 1st far-end

I: Hangup active call, call does NOT go to second phone, you have to press swtich, also switching back to hangup phone is available but no sound

J: Only Phone works

K: Only AVN/Audio works

L: No end-call message from phone when end call from far-end

M: hangup action, and its placed on hold. Then when you switch from line 1 to 2 and 2 to 1, all calls are transferred to phone2

N: when end call from 1st far-end, no end message from phone, so still 2 call is on AVN. If end 2nd call from 2nd far-end after 1st call is ended, all call is ended.
