## Section 1- Introduction

This directory provides a list of GuildNet Gold's network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

You may choose one of our network providers who are listed in this directory to be your Primary Care Provider (PCP). The term "PCP" will be used throughout this directory. Generally, you must get your health care services from your PCP. You are not required to choose a PCP in our Plan, because the GuildNet Gold does not require referrals for any services. The GuildNet Provider network is administered by Emblem Health.

The "network providers" listed in this directory have agreed to provide you with your health care, vision, dental, and prescription coverage. You may go to any of our network providers listed in this directory. If you have been going to one network provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-network providers. Some services require prior authorization from the plan. Your Case Manager will help you get prior authorization for services, when prior authorization is needed.

If an out-of-network provider sends you a bill, do not pay the bill. Please contact Member Services or send the bill to us for processing. We will make a decision on whether to cover the service and pay the bill.

Emergency care can always be obtained in or out of the service area from the nearest available provider. If you have a medical emergency and believe that your health is in serious danger, get medical help as quickly as possible. Call 911 for help or go to the nearest emergency room, hospital or urgent care center. You may get covered emergency medical care whenever you need it, anywhere in the world. As soon as possible, make sure that we know about your emergency, because we need to be involved in your follow-up care. Please make sure that the Plan is aware of your emergency as soon as possible, preferably with 48 hours. Call Member Services at **1-800-815-0000** (TTY 711). Ambulance services are covered in the United States in situations where other means of transportation would endanger your health. If you receive emergency care at an out-of-network hospital and need inpatient care after your emergency condition is stabilized, you must return to a network hospital in order for your care to continue to be covered or you must have your inpatient care at the out-of-network hospital authorized by the plan. Please see your Evidence of Coverage for additional information.

You must use plan providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers, neither Medicare nor GuildNet Gold will be responsible for the costs.

## What is the service area for GuildNet Gold?

The counties in our service area are listed below.

- Bronx County
- Kings County
- New York County
- Queens County
- Richmond County
- Nassau County
- Suffolk County

## How do you find GuildNet Gold providers in your area?

Within each section of the directory, providers are listed by their specialty and in alphabetical order. All providers in this provider directory accept both Medicare and Medicaid.

Physicians and other medical providers are grouped by specialty with primary care providers (family and general practitioners and internal medicine physicians) listed first, followed by medical/surgical and other specialists (cardiologists, radiologists, surgeons, etc.). If you would like to receive a directory for another county, please contact GuildNet Member Services.

While you are a member of our Plan, you must use network providers for covered services, except in emergency situations. The GuildNet Gold provider network is administered by Emblem Health.

This directory also contains a listing of providers of GuildNet Gold long term care services including transportation. Providers of these services must obtain authorization from GuildNet Gold before they provide a service to you. If you are in the middle of a treatment (for example, dental work) when you enroll, you may complete the treatment with the out-of-network provider; however, the provider must obtain authorization from GuildNet Gold. Providers may call **1-800-932-4703** (TTY 711) for authorization. The provider must be willing to accept GuildNet Gold payment rates.

If, while temporarily outside of the Plan's service area and require services, you should contact your Case Manager. Your Case Manager will be able to confirm that the services you are getting are covered by us and are medically necessary.

Please refer to your GuildNet Dental Directory for a listing of participating dental providers. The GuildNet dental network is administered by HealthPlex Dental Network.

If you have questions about GuildNet Gold or require assistance in selecting a PCP, please call our Member Service Department at **1-800-815-0000**, Monday through Sunday, 8 am to 8 pm. TTY users should call **711**, or visit **[www.guildnetny.org](http://www.guildnetny.org)**.

## QUEST LABS

Quest Diagnostics is your primary laboratory provider. To help you avoid out-of-pocket costs, you and your doctor should use Quest Diagnostics.

Using Quest is particularly important if your plan does not offer out-of-network benefits, as members will be subject to additional out of pocket costs if their tests go to a different laboratory. Please remind your doctor of this topic when laboratory testing is prescribed.

Quest Diagnostics is a national laboratory with extensive coverage in our service area. To schedule an appointment or find a Quest patient service center near you, please visit **[www.questdiagnostics.com/appointment](http://www.questdiagnostics.com/appointment)** or use Quest's interactive voice response system at **1-888-277-8772**. To speak with a Quest representative, call **1-866-697-8378**. If you are hearing impaired, Quest's TTY telephone number is 1-855-886-2901; enter customer number 1134985. All Quest Diagnostics locations participate in your plan.
