### PADDLE QWEST

The first and only compact pontoon boat with pedal power. Fun, easy to operate, and available in manual, electric or electric/solar power.

PAGES 20-21

## QWEST ADVANTAGE

REAL WORLD DESIGNS & FEATURES FOR TODAY'S PONTOON BOATER

Components manufactured in-house.

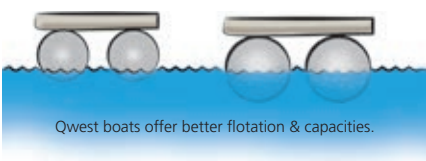

Dura-Lite seat bases are stronger, lighter weight and provide unmatched storage space.

Ultra-Flow seat design provides optimum ventilation for stored items.

Apex Lightweight Design with 23" Tubes VS Heavier Boats with 25" Tubes

Qwest boats offer better flotation & capacities.

## THE QWEST ADVANTAGE

### PROGRESSIVE IDEAS

We're committed to understanding what our customers expect. With vision and advanced innovation, we are leading the industry with progressive, real world designs and features you can only find with a Qwest Pontoon. Qwest offers an unrivaled array of modern multi-functional layouts, aggressive performance packages, and endless design choices for cruising, fishing, bar boats and water sports.

### LEADING EDGE UPHOLSTERY

- o **Hand crafted** quality to provide the ultimate in comfort and durability.
- o **Ultra Flow** seat ventilation promotes optimum air flow inside the seat bases to aid in drying stored items and to prevent mold/mildew growth.
- o Innovative seat bases constructed with proprietary **Dura-Lite** composite material are stronger, lighter weight and provide unmatched storage space.

### LIGHTWEIGHT DESIGN

With every detail, Qwest Pontoon boats are designed to be lightweight and easy to maneuver both on and off the water. Compared to the competition, Qwest boats offer ample flotation and capacities with smaller diameter pontoons for the maximum boating experience and performance, without sacrificing safety and stability in the water.

### EXCEPTIONAL QUALITY

Unrivaled quality is the hallmark of every Qwest Pontoon boat. We design and build components in-house to assure the highest quality standards are met throughout the entire manufacturing process. We invite you to take a closer look, noticing the fine details and fit and finish.

## MODERN TECHNOLOGY + INNOVATIVE DESIGN = THE ULTIMATE PONTOON EXPERIENCE

INDUSTRY'S FINEST UPHOLSTERY

Q3 TRIPLE TUBE

---

# THE ULTIMATE IN PERFORMANCE

If you have a need for speed, this is the high performance package for you. The Q3 Triple Tube design is created to use smaller class outboards to achieve maximum speeds, higher performance, and a smoother ride to get your happy hour started faster.

- Three 23" diam. pontoons for increased stability, buoyancy and strength
- Gen II package with integrated 25 gallon fuel tank and gauge in dash
- Lifting strakes on all three tubes offer rapid plane and better control
- Tunnel hull aluminum underskin reduces drag and creates a smoother ride with higher top end speeds
- .090" Thickness pontoons with reinforced heavy duty nose cones
- Sea-star hydraulic steering
- Aluminum ski tow bar (*Gen II only*)
- Standard 8' wide deck
- Trim gauge (*Gen II only*)

## PADDLE QWEST

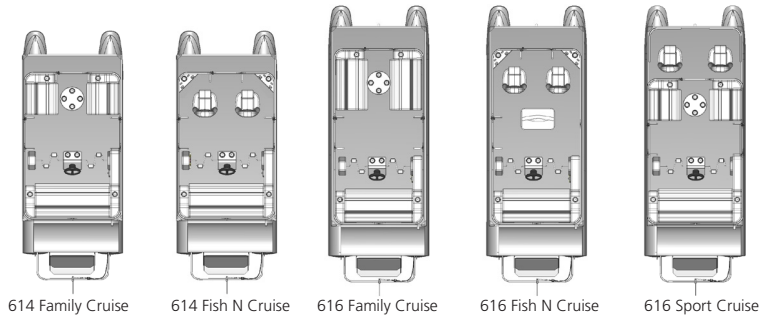

---

# NOTHING BUT TIME

Fun and easy to use, a Paddle Qwest can be enjoyed by anyone. Propelled by a rear mounted paddle wheel, they can be powered with electric/manual or strictly manual for those interested in getting a bit of exercise during their journey.

614 Family Cruise    614 Fish N Cruise    616 Family Cruise    616 Fish N Cruise    616 Sport Cruise

- Unique all aluminum riverboat paddle wheel with strategically located "windows" to reduce resistance and accommodate heavier loads
- Health-focused alternative to enjoying time on the water
- Lightweight, compact design with a heavy duty pedal drive system and a central helm make steering and maneuvering a breeze
- Environmentally friendly way to be on the water without on-going fuel costs
- The perfect choice for smaller lakes or lakes that ban internal combustion engines; but also a viable option for use on most waterways and lakes

### OPTIONAL ELECTRIC PACKAGE

24 volt electric drive package and selector clutch allows you to use foot pedals or electric power. Package includes navigation lights, charger and horn.

### OPTIONAL SOLAR PACKAGE

This clean and free renewable energy provides 1-3 hours of electric operation per day from the sun. No cords to plug in and no need to have electricity at the dock.

WITH OPTIONAL 24V ELECTRIC POWER ASSIST PACKAGE		
Battery Runtime		2-4 hrs
Optional Solar System Daily Runtime	Average Sun	Adds 1-2 hrs run time
	Full Sun	Adds 2-3 hrs run time

	614	616
<b>Pontoon Length</b>	14' 1"	16' 1"
<b>Deck Size</b>	6' x 10' 8"	6' x 12' 8"
<b>Overall Length</b>	16' 4"	18' 4"
<b>Length Inside Rails</b>	9' 3"	10' 9"
<b>Overall Width</b>	72"	72"
<b>Pontoon Diameter</b>	19"	19"
<b>Maximum Weight Capacity</b>	1,000 lbs.	1,200 lbs.
<b>Maximum Person Capacity</b>	6 People/1,000 lbs.	8 People/1,200 lbs.
<b>Approx. Dry Weight</b>	750 lbs.	875 lbs.

## ELECTRIC POWER

We are the leaders in Electric Powered Pontoon boats. Environmentally conscious boaters are delighted to discover that electric power is not just for your car, but is now available for your Qwest pontoon boat. Now you can enjoy all the lakes have to offer, even restricted lakes that ban internal combustion outboards, with optimum performance and fuel costs.

- Light Weight, Compact Design Promotes Optimum Performance from Limited Horsepower Electric Outboards
- Environmentally Friendly Way to be on the Water Without On-Going Fuel Costs
- The Perfect Choice for Smaller Lakes or Lakes that Ban Internal Combustion Engines; but Also a Viable Option for Use on Most Waterways and Lakes
- Quiet and Simple to Operate and Maintain
- Remote Steering and Throttle Control Just Like that of a Gas Outboard
- On-board Chargers Ensure Your Pontoon is Ready When You Are

With several drives to choose from, there's an electric package that's perfect for your next Apex Pontoon Boat.

- 1 Torqeedo Cruise 2.OR (24V, Top Speed: 4-5MPH\*)** has the thrust of a 6 HP combustion engine. This highly efficient 24 Volt motor is lightweight and powerful. Includes variable speed throttle control with an integrated display.
- 2 Torqeedo Cruise 4.OR (48V, Top Speed: 6-7MPH\*)** has the thrust of a 9.9 HP combustion engine and unparalleled efficiency in a 48 Volt system. It features an integrated GPS receiver and information center so you always know how much battery power and remaining range you have.
- 3 Minn Kota E-Drive (48V, Top Speed: 4-5MPH\*)** is a 2HP motor operating on a 48 Volt system. This unit is very quiet and user friendly. The E-Drive has power tilt with a dash-mounted gauge. The electronic throttle control features a back-lit display showing battery level and remaining runtime.
- 4 Ray Drive 400 (48V, Top Speed: 5-6MPH\*)** is a 4HP motor operating on a 48 Volt system. This drive has been around since the 1970's and is extremely reliable and efficient. The variable speed throttle has a key switch and battery fuel gauge.

\*Top speed will vary with boat length, loading and weather.

Optional LED Battery Gauge

Optional Panther 35 Tilt

## SOLAR

Solar charging is a great way to extend your time on the water or use as a primary charging source when there is no plug at the dock. The solar panel pulls renewable energy from the sun, continuously charging your batteries. Charging with solar is an excellent way to keep batteries maintained and healthy so they provide a long life. Solar charging is available with any of the electric outboard motors, or charge your trolling motor batteries for limitless fishing.

- Free renewable energy from the sun
- High efficiency crystalline solar panel
- Can charge flooded and AGM lead acid batteries as well as the Apex Lithium Packs
- Compatible with 24, 36 and 48 volt systems
- Use to charge your trolling motor batteries for endless fishing
- 25-year panel performance warranty

## LITHIUM BATTERIES

- Light weight –1/3 the weight of lead acid
- Long life –will last over 3000 charge cycles which is 10-20 times longer than lead acid
- Fast charging –super efficient and high powered chargers will charge the lithium pack in just a few hours from any standard 110 volt outlet
- Packaged into one 24V or 48V battery pack
- Available in multiple capacities
- Can be charged using the new Apex solar systems
- Can be used with any electric motor package and even the Electric Paddle Qwest
- On/off button on battery
- Zero maintenance
- Reserve capacity feature
