

Reference

INTRODUCTION

Reece has produced this GAS Reference to provide you with a handy guide that lists all the most frequently sought after gas products. It's designed to be easy for you to store, carry around and keep close to you while working on the job.

If you can't find the product you're looking for in the GAS Reference, just ask as we may have the item in stock, or we can endeavour to get it in for you.

The GAS Reference, is a further example of the commitment Reece has to providing an ongoing specialised service to all gasfitters and plumbers. Whether you're working with gas appliance spares or evaporative cooling systems, we have everything you could need.

And our on-site delivery service means you're never too far away from the part you're after.

All our branches are committed to servicing and supporting our customers. We value your feedback at Reece, so if you have any questions or comments regarding the GAS Reference, or any suggestions on how we can service you better, please let us know.
