- User Manual: Arabic, Czech, Danish/Norwegian, Dutch, English, Finnish, French, German, Greek, Italian, Malay, Polish, Portuguese, Russian, Simplified Chinese, Spanish, Swedish, Traditional Chinese, Turkish

Dimensions

- Set dimensions with stand (W x H x D): 206.4 x 139.3 x 103 mm
- Weight: 0.345 kg
- Temperature range (operation): 0°C to 40°C
- Temperature range (storage): -20°C to 70°C

Power

- Power supply: 100-240 VAC, 50/60 Hz
- DC output Volt: 9 V
- Power mode supported: AC powered
- DC output Ampere: 1 A
- Power consumption: (System on) 5.6 W

Packaging dimensions

- Packaging dimensions (W x H x D): 22.5 x 19 x 9 cm
- Net weight: 0.6 kg
- Gross weight: 0.95 kg
- Tare weight: 0.35 kg
- EAN: 87 12581 49961 7
- Number of products included: 1
- Packaging type: Carton

Outer Carton

- Outer carton (L x W x H): 23.4 x 19 x 19.8 cm
- Net weight: 1.2 kg
- Gross weight: 2.1 kg
- Tare weight: 0.9 kg
- GTIN: 1 87 12581 49961 4
- Number of consumer packages: 2

Highlights

imagen Pro

The unique Philips imagen enhancement technology automatically analyses your photos to correct colour and adjust for optimal contrast. imagen Pro is a more advanced image enhancement which includes the 3 essential elements from imagen to have more colour accuracy, colour depth and smart contrast. On top of these, imagen Pro offers enhanced skin colour, sharper images and flicker-free photo viewing which is very important for still pictures.

4:3 perfect frame ratio

Philips digital PhotoFrame ensures your photo is displayed in 4:3 ratio for the best viewing experience.

RadiantColor

RadiantColor is an exclusive Philips technology for displaying smaller photos in the optimal 4:3 ratio by extending the colour on the edges of a less-than-full-screen photo to the sides of the screen, eliminating black bars and aspect ratio distortion.

Automatic slideshow

Automatic slideshows start from any USB drive or memory card for all those times you don't want to spend time copying photos to your PhotoFrame.

Auto orientation

Automatic landscape/portrait recognition employs a sensor that recognises PhotoFrame orientation and displays each photo in its proper mode.

Multiple-photo collage effect

It's a slideshow effect to show photos in collage form, which automatically and randomly compiles different photos together, eliminating unattractive borders that may result from photos that are smaller than the screen size.

Eco-friendly Photoframe

Philips PhotoFrames are designed and produced according to our EcoDesign principles aimed at minimising overall environmental impact through lower power consumption, removal of hazardous substances, lower weight, more efficient packaging and better recyclability.

SmartPower

A timer turns PhotoFrame on and off at the times you choose, reducing energy consumption for the sake of our environment and saving up to one third of your PhotoFrame energy costs.
