Placement and Maintenance
Sequel Home Office Furniture is designed for indoor use on level floors. Clean steel parts and wood veneer with a moist cloth.

Step 1
Unpack and Identify
Unpack and identify the components at left. Note that some components are shipped inside the cabinet. The assembly workspace should be a non-marring surface such as carpet. A Phillips Screwdriver will be needed for assembly. For missing hardware pieces, please contact BDI Customer Service at customerservice@bdiusa.com. For all other concerns, please contact your BDI Retailer.
Step 2
Install Casters
Carefully position **Cabinet (A)** on its top surface so that the bottom surface is up, then attach a **Caster** to each of the five (5) exposed installation plates using **Screw (B)** and a Phillips screwdriver.
