

myPower™ ALL *plus*

EXTERNAL INSTRUMENT BATTERY

MP3450i R2

myPower™ ALL Plus MP3450i R2 is an industrial-grade, high-temperature, high-capacity lithium polymer battery for use with portable instruments and equipment as portable power, or as an Uninterruptable Power Supply (UPS) for battery backup. This universal battery provides instant power for instruments and equipment that require between 5V and 19V, and the voltage is fixed for the connected equipment, or can be quickly changed to meet the power needs of a wide range of devices. And myPower ALL Plus can simultaneously charge other small portable devices, like mobile phones and portable music players.

A versatile power solution that meets the needs of power-hungry portable devices, myPower ALL Plus MP3450i R2 will significantly extend the life of a range of instruments or equipment batteries—anywhere, anytime. As a UPS, the battery will provide the back-up power you need to avoid any equipment down time.

myPower ALL Plus is modular, so you can add an extended battery to this lightweight rechargeable battery to double the life of the battery between charges, or connect multiple myPower ALL Plus batteries to significantly increase the battery life.

To ensure compatibility with your equipment or instrument, myPower ALL Plus comes with five adapter tips that work with the most-widely used DC jacks. Additional adapter tips, as well as the extended batteries, are available at the Tekkeon Store at www.tekkeon.com.

Power your laptop and more...

- Aviation equipment
- Digital monitors
- Digital picture frames
- Digital video cameras
- GPS
- iPhone/iPod/iPad
- Mobile phones/PDAs
- Photography/studio lighting
- Portable instruments
- Portable routers
- And more...

SPECIFICATIONS

Weight:	15.9 oz
Dimensions:	3.32" (W) x 6.85" (L) x .89" (D)
Battery Type:	Rechargeable lithium polymer
Lithium Content*:	4.8 grams (MP3450i R2) 4 grams (MP3450-10)
Charging Time:	4 hours
Voltage Selection:	5V to 19V (16 preset voltages for main output) 5V for USB port
Output Power:	58Wh
Color:	Black

* Meets FAA lithium battery requirements for carry-on luggage.

BOX INCLUDES

- myPower ALL Plus universal rechargeable battery
- Adapter kit with carrying pouch (includes 5 adapter tips)
- AC/DC power adapter
- Output cord
- Voltage selection card
- User guide
