- 3.6. Vacancies**
- 3.7. Staff and Team page**

Transcargo - Transportation and Logistics Business WP Theme

Powered by StylemixThemes

www.stylemixthemes.com

1. Getting Started

To install this theme you must have a working version of WordPress already installed. For information regarding the installing of the WordPress platform, please see the WordPress Codex - http://codex.wordpress.org/Installing_WordPress

1.1. Installation

When you are ready to install a theme, you must first upload the theme files and then activate the theme itself. The theme files can be uploaded in two ways:

- **FTP Upload:** Using your FTP client, upload the non-zipped theme folder into the /wp-content/themes/ folder on your server.
- **WordPress Upload:** Navigate to Appearance -> Add New Themes -> Upload. Go to browse, and select the zipped theme folder. Hit “Install Now” and the theme will be uploaded and installed.

Once the theme is uploaded, you need to activate it. Go to Appearance -> Themes and activate your chosen theme.

After that you need to install and activate the pre-installed plugins:

1. WPBakery Visual Composer
2. STM Post Type
3. Breadcrumb NavXT
4. Revolution Slider
5. Contact Form 7
6. TinyMCE Advanced
7. MailChimp for WordPress Lite
8. Recent Tweets Widget

1.2. Activate the theme and Import the demo content

After completing installation of the theme, you need to activate your product under **Transcargo -> Product registration** following these instructions:

1. Click on this [Generate A Personal Token](#) link. **IMPORTANT:** You must be logged into the same Themeforest account that purchased Motors. If you are logged in already, look in the top menu bar to ensure it is the right account. If you are not logged in, you will be directed to login then directed back to the Create A Token Page.

Transcargo - Transportation and Logistics Business WP Theme

Powered by StylemixThemes

www.stylemixthemes.com

2. Enter a name for your token, then check the boxes for **View Your Envato Account Username**, **Download Your Purchased Items**, **Verify Purchases You've Made** and **List Purchases You've Made** from the permissions needed section. Check the box to agree to the terms and conditions, then click the **Create Token** button.
3. A new page will load with a token number in a box. Copy the token number then come back to this registration page and paste it into the field below and click the **Submit** button.
4. You will see a green check mark for success, or a failure message if something went wrong. If it failed, please make sure you followed the steps above correctly.

The screenshot shows the Transcargo WordPress dashboard. On the left, there's a sidebar with various menu items like Dashboard, Transcargo, Posts, Media, Pages, Comments, Services, Testimonials, VC Sidebars, Vacancies, Staff, All Gallery, Contact, Appearance, Plugins, Users, Tools, Visual Composer, Settings, and MailChimp for WP. The main content area has a header "Welcome to Transcargo" with a logo. Below it, a message says "Transcargo is now installed and ready to use! Get ready to build something beautiful. Please register your purchase to get automatic theme updates, import Transcargo demos and install premium plugins. Read below for additional information. We hope you enjoy it!" with a link "Watch Our Quick Guided Tour!". A navigation bar at the top includes PRODUCT REGISTRATION, SUPPORT, PLUGINS, INSTALL DEMOS, THEME OPTIONS, and SYSTEM STATUS. Underneath, there's a note about registering the theme, a token input field with a key icon, and a "SUBMIT" button. The bottom section is titled "Instructions For Generating A Token" with numbered steps 1 through 4 describing the token generation process.

Then you can install included plugins under **Transcargo -> Plugins** (if you have not installed them).

After this you can install the demo content under **Transcargo -> Demo Import**:

The screenshot shows the Transcargo WordPress dashboard. The sidebar is identical to the previous one. The main content area has a header "Welcome to Transcargo" with a logo. Below it, a message says "Transcargo is now installed and ready to use! Get ready to build something beautiful. Please register your purchase to get automatic theme updates, import Transcargo demos and install premium plugins. Read below for additional information. We hope you enjoy it!" with a link "Watch Our Quick Guided Tour!". A navigation bar at the top includes PRODUCT REGISTRATION, SUPPORT, PLUGINS, **INSTALL DEMOS**, THEME OPTIONS, and SYSTEM STATUS. The "INSTALL DEMOS" tab is highlighted. Underneath, there's a note "Before installing the demo content, please NOTE:" followed by instructions: "Install the demo content only on a clean WordPress. Use [Wordpress Database Reset](#) plugin to clean the current Theme." and "Remember that you will NOT get the images from live demo due to copyright / license reason." A blue "Import" button is at the bottom.

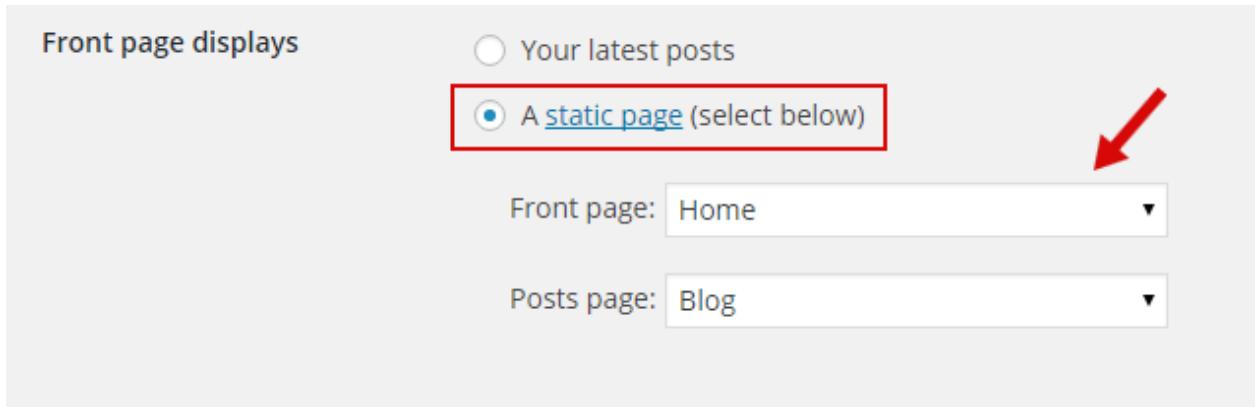

Transcargo - Transportation and Logistics Business WP Theme

Powered by StylemixThemes

www.stylemixthemes.com

1.3. Setting up the Homepage

To set up the homepage you must create a new page, you can do so by navigating to Pages > Add New. The title for this page can be up to your liking. Under Settings > Reading please setup the new Homepage.

Actually you can set any page to be your homepage. Once it's created you can compose your homepage layout. The design layout is created under Bootstrap framework which is split into 12 columns grid. Each widget has its own maximum and minimum widths, so depending on that you can work out the layout for each page.

As you can see the homepage just like any the page is now 100% constructible out of the modules we have in Visual Composer. The homepage can be created by any element in Visual Composer.

To view the short manual on how to use the Visual Composer, please follow this link:

http://codecanyon.net/item/visual-composer-page-builder-for-wordpress/full_screen_preview/242431

The detailed documentation of Visual Composer can be found here also -

<http://vc.wpbakery.com/video-tutorials/> .

www.stylemixthemes.com

2. Theme Features

2.1. Theme Customization

WordPress Customize allows you to setup the general styling of the website visually. In WordPress menu go to **Appearance > Customize**. Here you can setup most important options of your theme.

Transcargo - Transportation and Logistics Business WP Theme

Powered by StylemixThemes

www.stylemixthemes.com

Site Settings:

- **Logo & Title:** You can setup basic site options like: Site title, Tagline, Logo & its dimensions and Favicon.
- **Static Front Page:** You can select default **Front** and **Blog** pages here.
- **Style & Settings:** There are Color Skins and default Layout options. Here you can select one of 7 basic color schemas or set your custom colors, enable/disable Boxed version and show/hide Frontend Customizer.

Header:

- **Top Bar:** Here you can enable/disable Top Bar & WPML Switcher and add your company office addresses, contact information and working hours.

The screenshot shows the WordPress Customizer interface for the 'Header' settings. At the top right is a blue 'Save & Publish' button. Below it, the breadcrumb navigation shows 'Customizing > Header' and 'Top Bar'. Under the 'Top Bar' section, two checkboxes are checked: 'Enable Top Bar' and 'Enable WPML Switcher'. Below this, there's a section for 'Office 1' with a dropdown menu containing 'London Office' and a note 'for dropdown options'. There are fields for 'Phone number' (containing 'CALL FREE: +1 212-226-3126') and 'Email' (containing 'info@transcargo.com'). Each has an associated icon selection dropdown ('Phone Icon' with a phone receiver icon, 'Email Icon' with an envelope icon). At the bottom, a 'Working Hours' field contains 'Mon — Sat: 9AM — 6PM'. A 'Collapse' button is at the very bottom.

Transcargo - Transportation and Logistics Business WP Theme

Powered by StylemixThemes

www.stylemixthemes.com

- **Header Appearance:** You can enable/disable Header Search form & Sticky menu and select one of the basic header styles.

Archive Pages: Choose archive pages layout, sidebar and its position.

Footer:

- **Layout:** Here you can change the footer logo & its dimensions, the copyright text and split the footer into widgets. Also specify the number of widget areas.
- **Footer Socials:** Here you can select displayable social icons.

Post Types: You can setup/change Title, Plural Title, Rewrite URL and Icon for custom post types

The screenshot shows the 'Customizing ▶ Post Types' section for the 'Services' post type. It includes fields for 'Title' (Service), 'Plural Title' (Services), 'Rewrite (URL text)' (service), and 'Icon' (dashicons-clipboard). A 'Saved' button is visible at the top right.

Field	Value
Title	Service
Plural Title	Services
Rewrite (URL text)	service
Icon	dashicons-clipboard

Typography: Set up the fonts out of free google fonts. Besides this you can setup font weight, font size and line height also.

Socials: You can add your company social URLs here.

Custom CSS: Here you can add your custom styles.

Menus: You can add/edit menus here.

Widgets: You can set up the widgets into the precreated areas.

Transcargo - Transportation and Logistics Business WP Theme

Powered by StylemixThemes

www.stylemixthemes.com

2.2. Footer area setup

The footer is the same on all pages. You can see whole options via Appearance -> Customize -> Footer.

The screenshot shows the WordPress Customizer interface for the 'Footer' section. On the left, there are settings for the logo (choose from 'logo-footer' or upload a new one, with width and height inputs), additional widget areas (set to 3), footer text (containing a placeholder message about working hard for customers), and copyright information (containing a copyright notice for 2012–2015). On the right, a preview of the Transcargo theme's footer is shown. The footer includes a map of Europe with specific locations marked for the United Kingdom, Germany, and Spain. It also contains contact information for each location, including addresses, phone numbers, and emails. Below the map, there are several links: SERVICES, TYPOGRAPHY, SHORTCODES, INCOTERMS, CAREERS, and TRACK YOUR SHIPMENT. There is also a 'USEFUL LINKS' section with a link to 'SERVICES'. On the right side of the footer, there is a 'GET IN TOUCH' section with a map pin icon and the address '14 Tottenham Road, N1 4EP London, United Kingdom', along with a 'CALL FREE: +1 212-226-3126' link. Below this, there is a 'NEWSLETTER SIGNUP' form with an 'Enter Your E-mail' input field and a submit button. At the bottom of the footer, there is a 'LATEST TWEETS' section with a tweet from 'Our new item for Beauty Industry businesses! http://t.co/SGVC4ZD057 Check out now!' posted '111 days ago'. At the very bottom of the footer, there are social media icons for Facebook, Twitter, Google+, and LinkedIn.

Here you can set up:

- Footer logo and its dimensions;
- Count of additional Widget Areas;
- Footer Text;
- Copyright;

Also you can set other areas up on the Widgets page (Appearance > Widgets) and choose from the suggested widgets. Please see the attached screenshot.

Transcargo - Transportation and Logistics Business WP Theme

Powered by StylemixThemes

www.stylemixthemes.com

The screenshot shows the WordPress Widgets screen. On the left, there's a sidebar with navigation links like Dashboard, Posts, Media, Pages, Comments, Services, Testimonials, VC Sidebars, Careers, Staff, Gallery, Contact, Appearance (which is selected), Themes, Customize, Widgets (selected), Menus, Theme Check, Install Plugins, Editor, Plugins, and Users. The main area is titled 'Widgets' with a 'Manage in Customizer' button. It shows a grid of 'Available Widgets' with descriptions and preview boxes. These include Recent Tweets, AddToAny Follow, AddToAny Share, Akismet Widget, Archives, Breadcrumb NavXT, Calendar, Categories, Contacts, Custom Menu, Language Selector, and MailChimp Sign-Up Form. To the right, there are sections for 'Right Sidebar', 'Left Sidebar', 'Footer Main', and 'Footer 1, 2, 3, 4'. Each section contains specific widgets like Categories, Tag Cloud, STM Recent Posts, MailChimp Sign-Up Form, and Custom Menu items.

PS: Please note the Demo Content doesn't contain these widgets. So they need to be added manually.

2.3. How to set up the sidebar

In this theme we paid special attention to Sidebars for your biggest convenience and on multiple previous requests.

We have two types of sidebar: right sidebar and left sidebar, which can be selected for both of archive and single posts/pages.

In addition to that, you can add/create a new sidebar with VC Widgets/Elements, in this case you will need to go here:

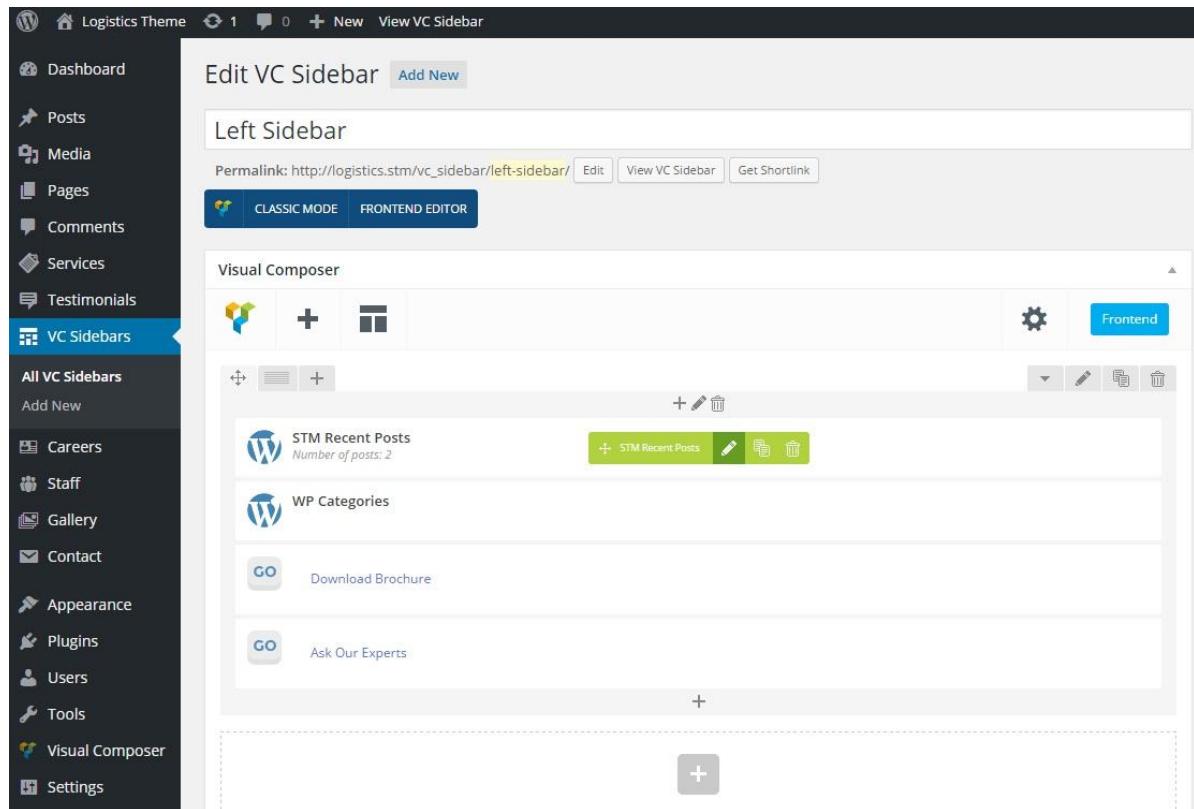

The screenshot shows the VC Sidebars screen. The sidebar on the left includes 'VC Sidebars' (selected), 'All VC Sidebars', 'Add New', 'Careers', and 'Staff'. The main area has a title 'VC Sidebars' with an 'Add New' button. It displays a table of existing sidebars. The table has columns for 'Title', 'Date', and 'Actions'. It lists two items: 'Left Sidebar' (published on 2015/11/26) and 'Right Sidebar' (published on 2015/11/09). At the bottom, there are 'Bulk Actions' and 'Apply' buttons.

Transcargo - Transportation and Logistics Business WP Theme

Powered by StylemixThemes

www.stylemixthemes.com

Edit or create a new sidebar, and add any sections you need by means of Visual Composer

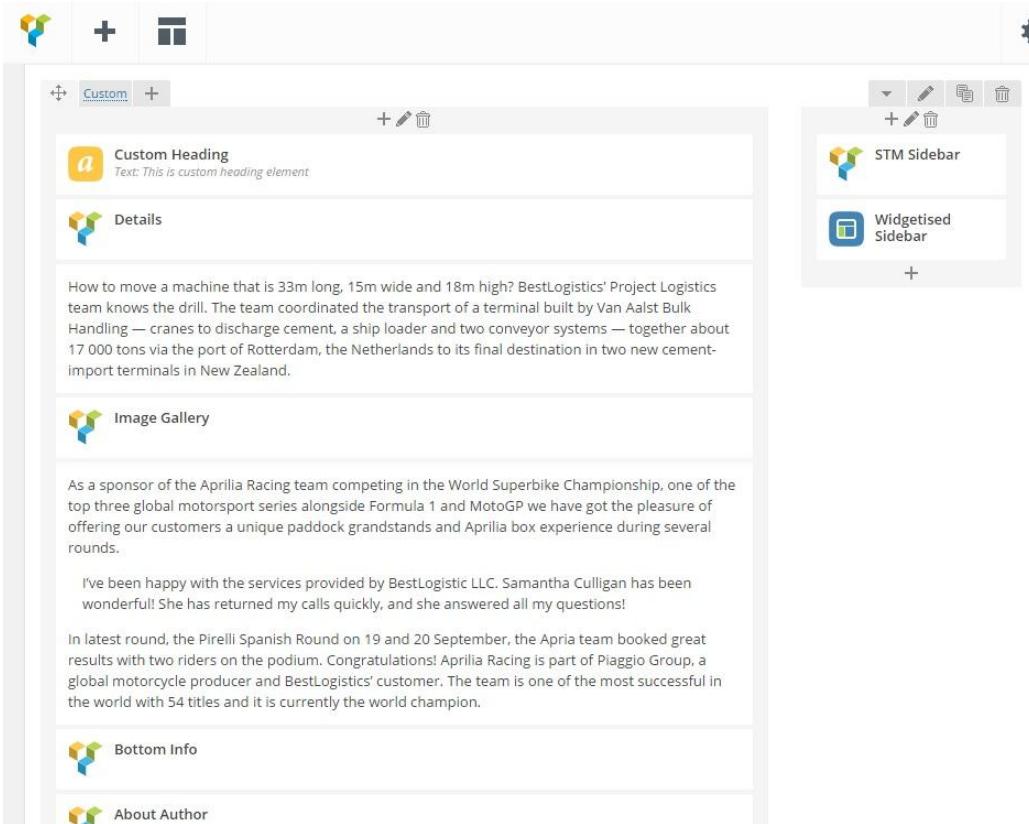

For archive pages you can set sidebar options up via Appearance -> Customize -> Archive pages

Transcargo - Transportation and Logistics Business WP Theme

Powered by StylemixThemes

www.stylemixthemes.com

For single pages/posts you can add sidebar via **Widgetised Sidebar** or **STM Sidebar** VC element

2.4. Adding Images to Revolution slider

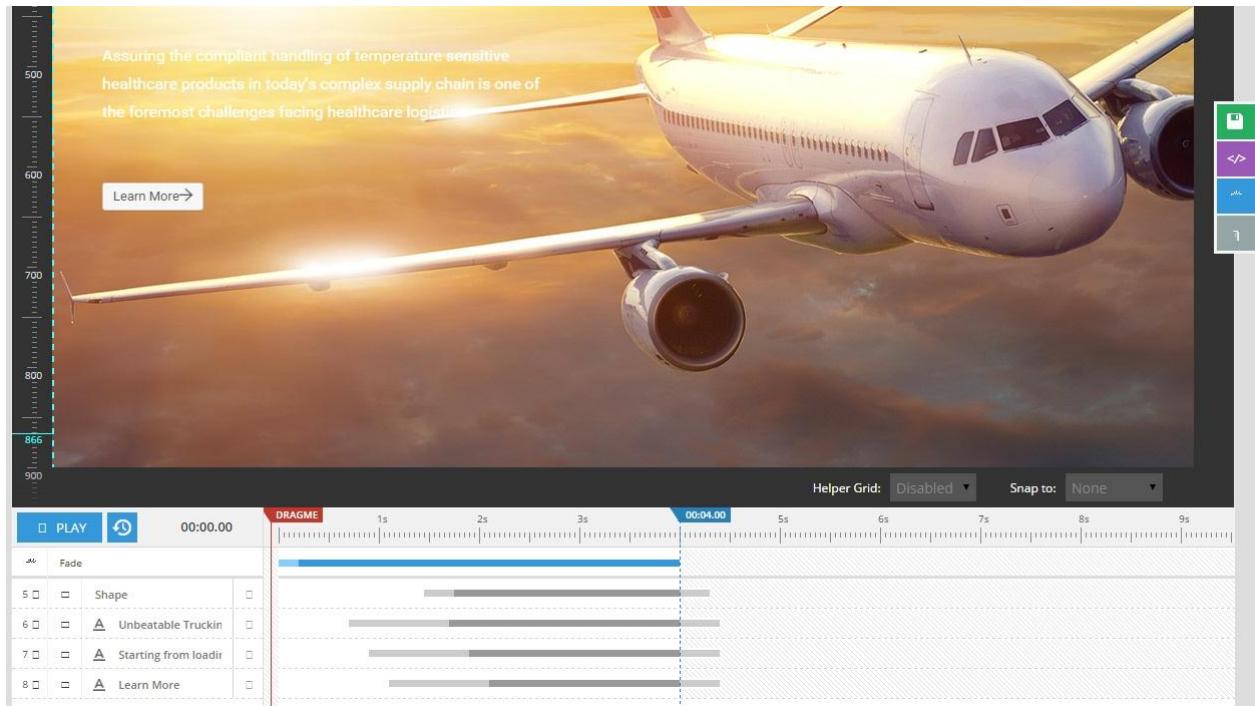

You will need to upload various images to the Layer slider. You can add items from Revolution Slider plugin in the WordPress backend. When you go there first you need to create the new Slider, and add new slides.

The screenshot shows the WordPress admin interface for the 'Slider Revolution' plugin. On the left, a sidebar lists various site sections. The main area is titled 'Slider Revolution' and shows a list of 'Revolution Sliders'. It displays two sliders: '#1 Main Slider' (a landscape image of a truck) and '#2 About Us Slider' (a portrait of a smiling man). Below these are buttons for 'New Slider', 'Add Slider Template', and 'Import Slider'. At the bottom, there's a 'Version Information' section with an 'Installed Version' and a 'Latest Available Version' field, along with a 'Check Version' button.

Transcargo - Transportation and Logistics Business WP Theme

Powered by StylemixThemes

www.stylemixthemes.com

More detailed manual you can find here - <http://www.themepunch.com/revslider-doc/slider-revolution-documentation/>.

2.5. Menus

There are two navigations on the site – Header menu and Footer menu, so you can adjust them under Appearance - > Menus

This is a standard Wordpress functionality, you can choose from the pages, post categories, or custom links.

A screenshot of the WordPress Admin Menus screen. The top navigation bar includes "Menus", "Manage in Customizer", "Edit Menus", and "Manage Locations". A sub-menu dropdown for "Primary Menu (Header Menu)" is open, showing options to "Select" or "Create a new menu". The main area is titled "Menu Structure" and shows a hierarchical list of menu items. Under the "Pages" section, "Home" is the parent item, with "Home 2", "Home 3", and "Home 4" as sub-items. Under the "Services" section, "Services Grid", "Services Icon", "Gallery Masonry", "Gallery Grid", and "Our Team Grid" are listed. On the left, there are filters for "Pages", "Posts", "Custom Links", "Categories", and "External". At the bottom right, there is a "Save Menu" button.

Transcargo - Transportation and Logistics Business WP Theme

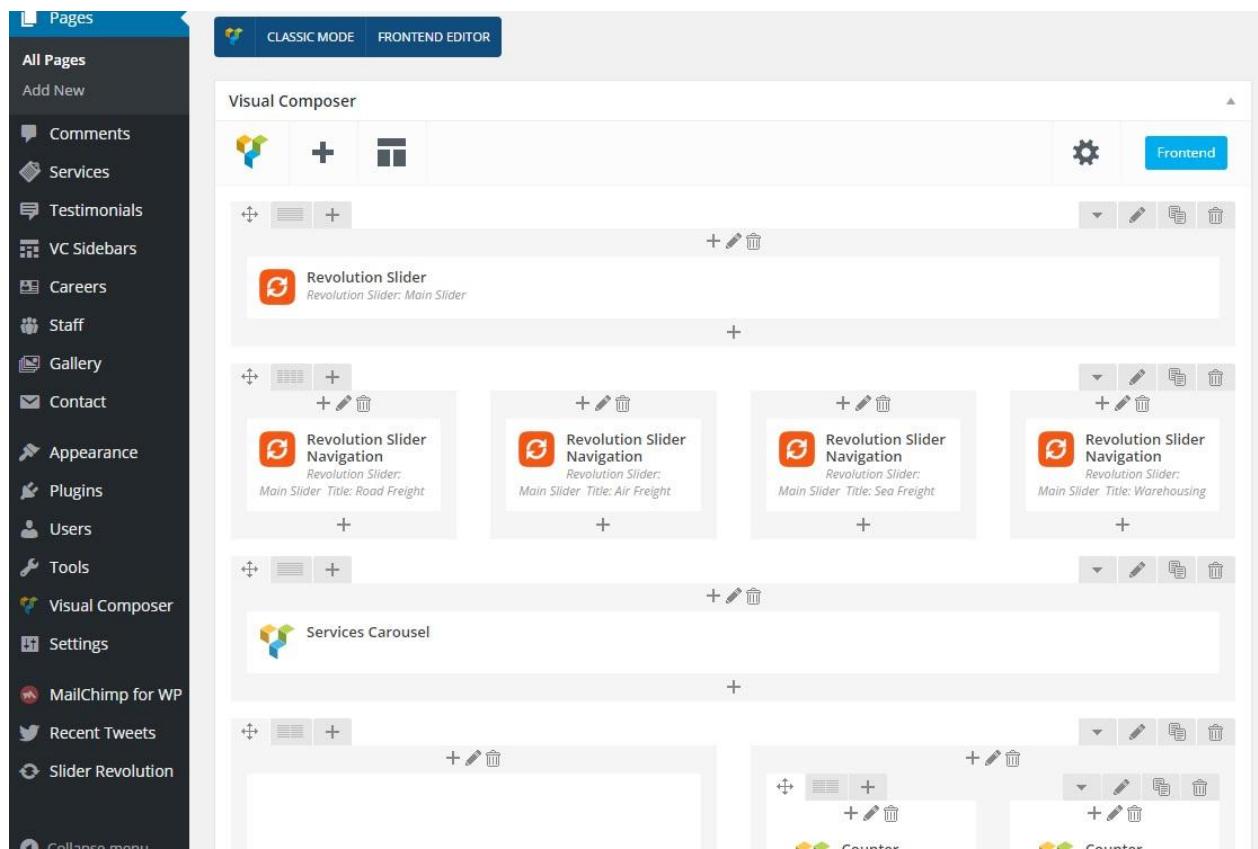

Powered by StylemixThemes

www.stylemixthemes.com

3. Content

3.1. Setting up Content Pages and Posts

All pages can be created as simple content pages or built by means of Visual Composer page builder. You will need to first set up the page and then add and set up content blocks. Just add a row and add the modules to row from the Visual Composer dashboard.

Now you can choose how to compose your template. Add Content modules, Testimonials, etc. You have everything to realize your imagination.

We have also included extension packages for Visual Composer. You can use them free.

Just pick the module you like and add it to the row. Then you can edit it.

You can also edit the row background, add video or parallax images to the background. Just click on Row edit icon and you will see the options & features, which are available for this row.

Background Repeat Repeat ▾

Disable Breadcrumbs

3.2. Blog page

The Blog page is a usual blog, formed from the posts which belong to categories created by you, which have tags and featured images that show in the post listings on the blog page. You can set a page as a Blog posts archive page via **Appearance -> Customize -> Site Settings -> Static Front Page**:

Front page displays

- Your latest posts
- A static page

Front page

▾

Posts page

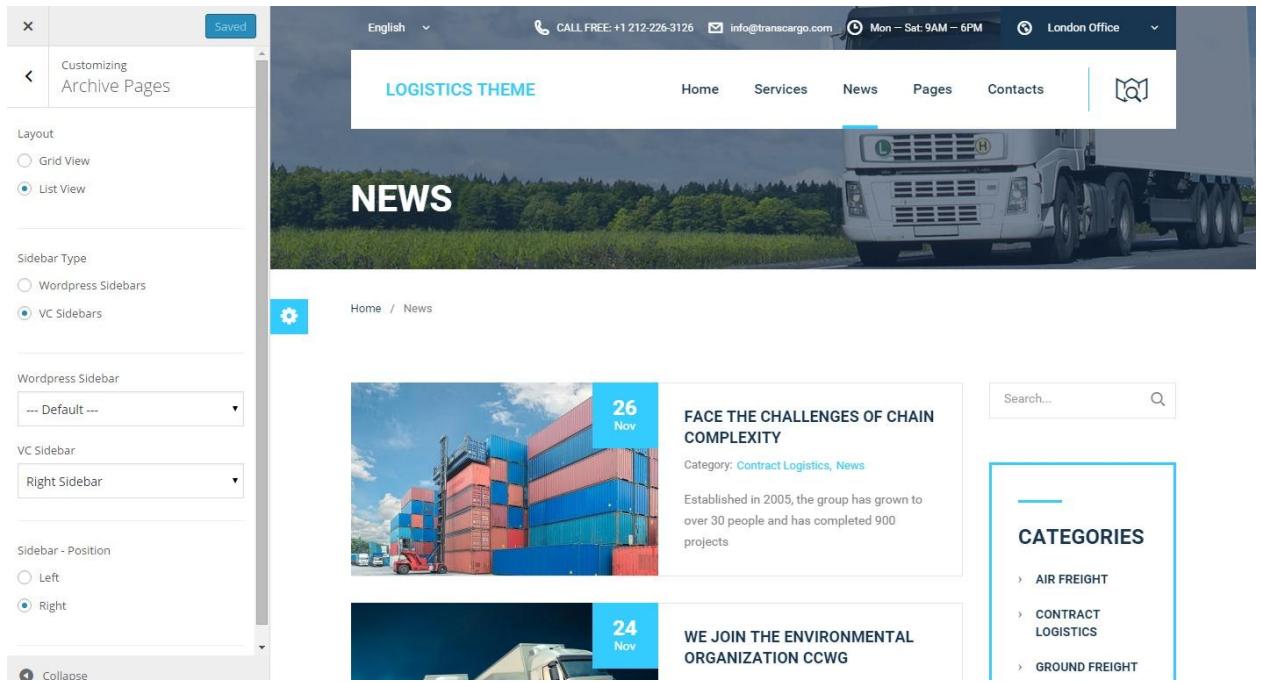

▾

Transcargo - Transportation and Logistics Business WP Theme

Powered by StylemixThemes

www.stylemixthemes.com

The blog page can have the sidebar on the left, right or no sidebar, and the contents of the sidebar, as described above, are set under the Appearance > Widgets. Other settings of this archive page you can setup via **Appearance -> Customize -> Archive pages**:

Blogs can be posted by someone who has the access to the backend of the site with admin or author role. Anyway that person will be able to log into the WordPress panel and have a user profile.

Default blog layout is grid layout and once you set up an empty page in the theme setting where it is said blog, it will show posts in grid layout.

If you want to have List layout, you will need to create a page and set a template for it named Blog-list.

Transcargo - Transportation and Logistics Business WP Theme

Powered by StylemixThemes

www.stylemixthemes.com

3.3. Services

There is a custom post type to describe a service your company offer via any element visual composer offers you:

The screenshot shows the Visual Composer editor interface for a service page. The main content area contains several Service Info Blocks, each with a title and descriptive text. Below these are sections for 'services' and 'Frequently Asked Questions'. The 'FAQ' section includes an accordion with multiple questions. At the bottom, there are three icons labeled 'Icon Title Safe & Secure', 'Icon Title Fast Delivery', and 'Icon Title 24/7 Support'. The bottom half of the screen displays the 'Page Setup' sidebar, which includes options for Header Style (Default), Transparent Header, Title Color, Background Image, Background Position, Background Size, Background Repeat, and Disable Breadcrumbs.

Transcargo - Transportation and Logistics Business WP Theme

Powered by StylemixThemes

www.stylemixthemes.com

Also you can add Services as a Grid or Carousel for any page using custom STM VC elements:

The screenshot shows the Elementor interface with the 'Add Element' button at the top left. Below it is a navigation bar with tabs: All, Content, Social, Structure, WordPress Widgets, STM (which is currently selected), STM Widgets, STM Post Partials, STM Vacancy Partials, and Deprecated. A search bar labeled 'Search element by name' is located at the top right. The main area displays a grid of various STM VC elements, each with a preview icon and a label. The 'Services Grid' element is highlighted with a blue border.

3.4. Testimonials

In order that you could create testimonials in one place and then use all over the site, just inserting a VC element, we have created custom posts.

The screenshot shows the Elementor interface with the 'Add Element' button at the top left. Below it is a navigation bar with tabs: All, Content, Social, Structure, WordPress Widgets, STM (selected), STM Widgets, STM Post Partials, STM Vacancy Partials, and Deprecated. A search bar labeled 'Search element by name' is at the top right. The main area shows a grid of STM VC elements. The 'Testimonials' element is highlighted with a blue border. At the bottom, there is a sidebar with navigation links: Dashboard, Posts, Media, Pages, Comments, Services, Testimonials (which is selected and has a blue background), All Testimonials, Add New, Categories, VC Sidebars, and Careers.

The screenshot shows the WordPress Testimonials admin screen. On the left is a sidebar with links: Dashboard, Posts, Media, Pages, Comments, Services, Testimonials (selected), All Testimonials, Add New, Categories, VC Sidebars, and Careers. The main area is titled 'Testimonials' with a 'Add New' button. It shows a list of 3 published testimonials: Steve McDonald, Anna Briggs, and Jonathan Adams. Each testimonial has a checkbox next to its name and is categorized under 'Transport'. There are also filters and bulk actions at the bottom.

Transcargo - Transportation and Logistics Business WP Theme

Powered by StylemixThemes

www.stylemixthemes.com

Each testimonial is a simple post:

The screenshot shows the 'Edit Testimonial' screen in the WordPress admin area. The main title is 'Steve McDonald'. Under 'Excerpt', there is a text area containing: 'We were previously using an unreliable company with a very complicated registration and transfer process. Then we found TransCargo and the control came back to us.' Below this is a note about optional manual excerpts. The 'Information' section shows the position as 'Manager, Tesla Motors L'. On the right, the 'Categories' sidebar includes 'Transport' (checked) and 'Main Site'. The 'Featured Image' section displays a portrait photo of a smiling man.

3.5. Gallery page

Galleries are created as another custom post type called Testimonials. It has Categories that can be ordered as needed. Here you create just single gallery photo.

You can add an Image, Title and Category(es) for each Gallery post.

The screenshot shows the 'Edit Image' screen in the WordPress admin area. The title is 'Image 3'. The 'Featured Image' section displays a photograph of a white truck in front of a cargo ship and an airplane. The 'Categories' sidebar includes 'Freight Forwarding' (checked), 'Ground Transport' (checked), 'Our Fleet' (unchecked), and 'Our Team' (unchecked). The left sidebar shows a navigation menu with 'Gallery' selected.

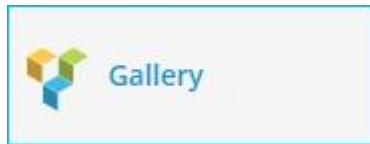

So basically, you create an individual post describing for each photo in your gallery. After that you go to the Pages > Add new.

On the new page you should insert Gallery shortcode from Visual Composer.

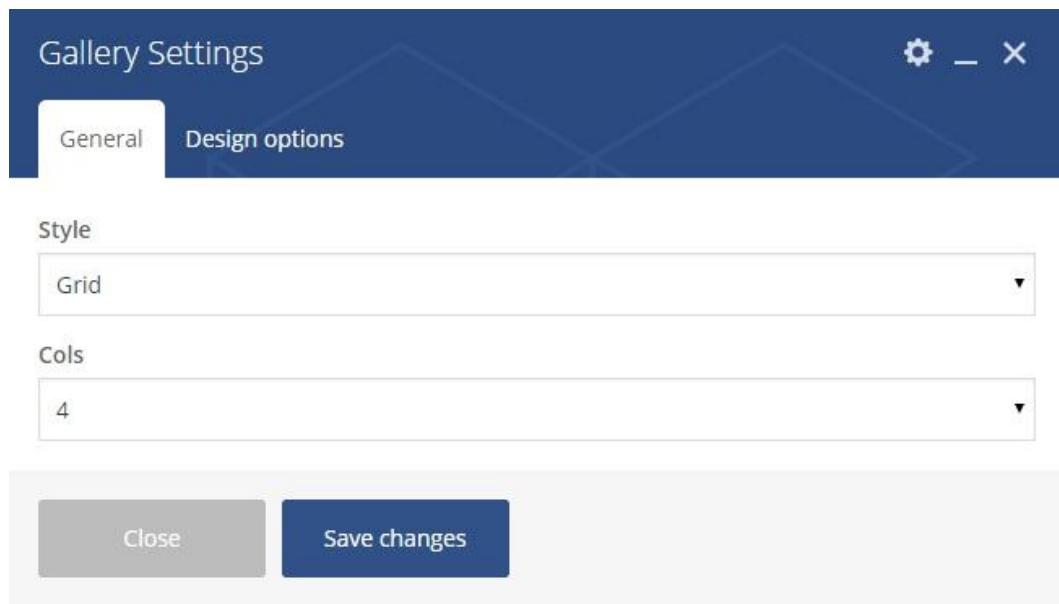

Transcargo - Transportation and Logistics Business WP Theme

Powered by StylemixThemes

www.stylemixthemes.com

After that you can have options go make your gallery view **Masonry** or **Standard grid** (by default) and select **Columns**:

Transcargo - Transportation and Logistics Business WP Theme

Powered by StylemixThemes

www.stylemixthemes.com

3.6. Vacancies

Again we have used a custom post type to describe vacancies of your company. There are extra fields for a vacancy (**Information**) apart from any element visual composer offers you:

The screenshot shows the Visual Composer editor for a 'Vacancy' post. The main content area displays the following information:

Air Export Document Processing Agent

Position Description: Manage, evaluate and assess information necessary to construct the project on time, within budget and to the quality specified by the contract documents for the assigned areas.

About Vacancy

Transcargo - Transportation and Logistics Business WP Theme

Powered by StylemixThemes

www.stylemixthemes.com

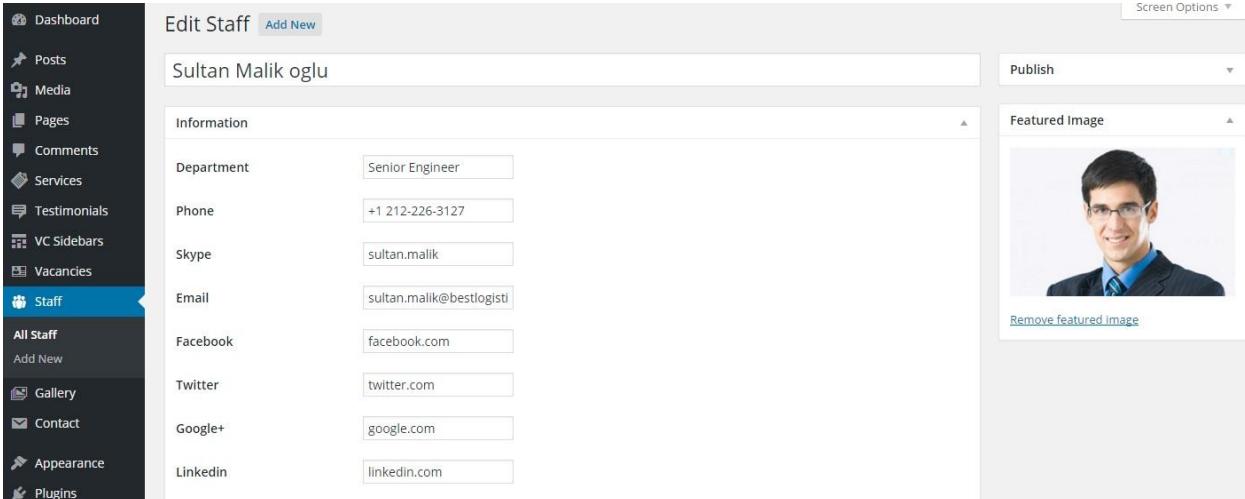

In order to display all vacancies in any page you need to add **Vacancies STM VC** shortcode:

The screenshot shows the Visual Composer (STM) element library interface. At the top, there's a search bar labeled "Search element by name" and a close button. Below the search bar is a navigation bar with tabs: All, Content, Social, Structure, WordPress Widgets, STM (which is currently selected), STM Widgets, STM Post Partials, STM Vacancy Partials, and Deprecated. The main area displays a grid of elements, each with a preview icon and a label. The "Vacancies" element is highlighted with a blue border. Other visible elements include Revolution Slider Navigation, Services Carousel, Services Grid, Service Info Block, Counter, Testimonials, News, Icon, Image Carousel, Image Gallery, Google Map, STM Sidebar, Pricing Table, Circle Progress, Staff List, and Gallery.

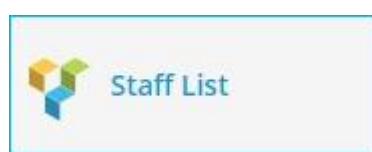

3.6. Staff and Team page

You can add your company staff and their additional information via **Staff** menu:

The screenshot shows the "Edit Staff" page in the WordPress admin. On the left is a sidebar with links: Dashboard, Posts, Media, Pages, Comments, Services, Testimonials, VC Sidebars, Vacancies, Staff (which is selected and highlighted in blue), All Staff, Add New, Gallery, Contact, Appearance, and Plugins. The main content area has a title "Edit Staff" and a "Add New" button. It contains a search bar with the text "Sultan Malik oglu". Below the search bar is a "Information" section with fields for Department (Senior Engineer), Phone (+1 212-226-3127), Skype (sultan.malik), Email (sultan.malik@bestlogisti), Facebook (facebook.com), Twitter (twitter.com), Google+ (google.com), and LinkedIn (linkedin.com). To the right of the information section is a "Featured Image" section showing a portrait photo of a man in a suit. There are buttons for "Publish" and "Remove featured image". A "Screen Options" dropdown is at the top right.

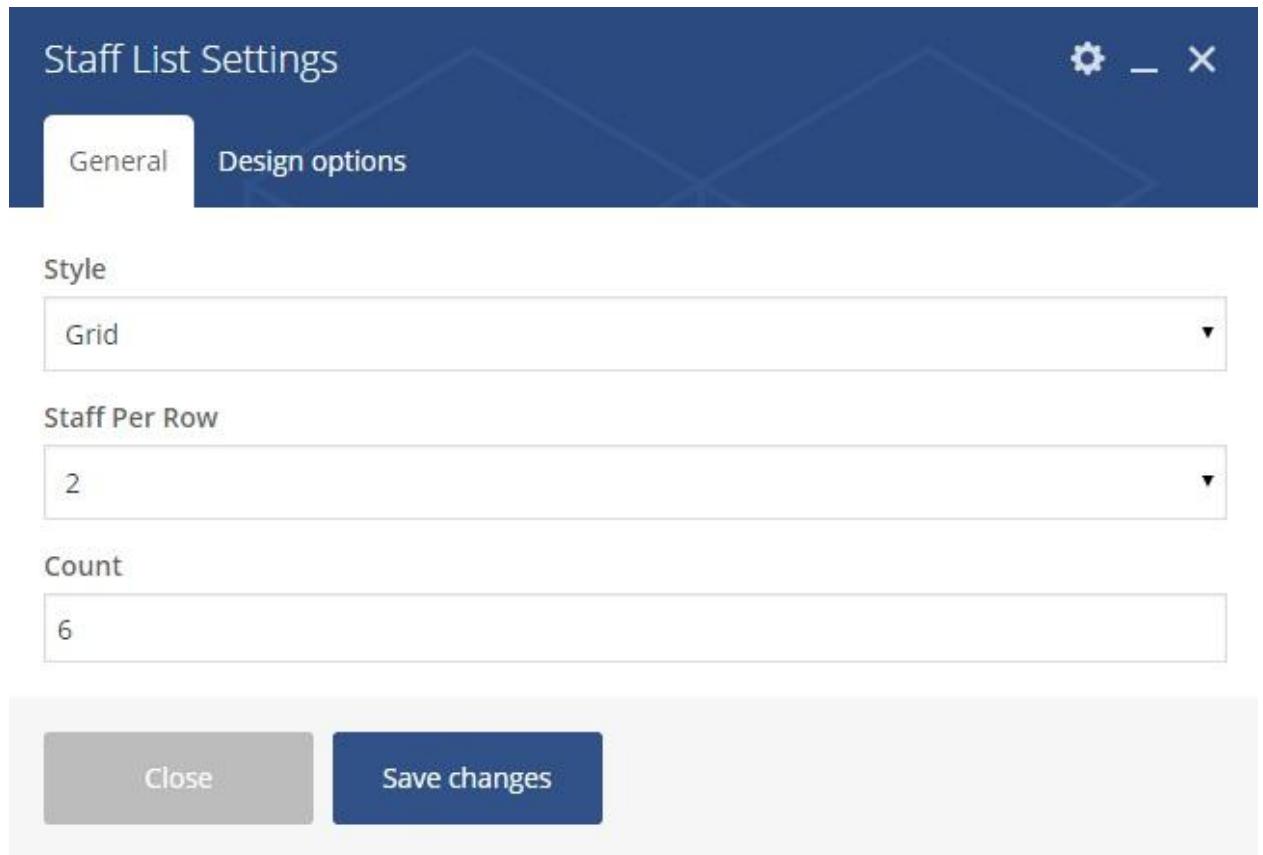

There are two view types how to display your company Team: **List** and **Grid**. You can add **Staff List** VC element in a page and set its options up:
